MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headlines are the dates when the mortgage was handed into the Registers office to be recorded.

Whenever the letters "P. M.," occur, preceded by the name of a street, in these lists of mortgages they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

The first date is the date the mortgage was drawn, the second the date of filing; when both dates are the same only one is recorded.

Subscribers will find mortgages in this list with the wrong block number attached. The block number we give is taken from the instrument as filed.

Mortgages against Bronx property will be found at the foot of this list.

July 29, 30; Aug. 1, 2, 3 and 4.

JUDGMENTS

In these lists of Judgments the names alphabetically arranged and which are first on each line, are those of the judgment debtor. The letter (D) means judgment for deficiency. (*) means not summoned. (†) signifies that the first name is fictitious, real names being unknown. Judgments entered during the week and satisfied before day of publication, do not appear in this column, but in list of Satisfied Judgments.

The Judgments filed against corporations, etc., will be found at the end of the list.

The Private Branch Exchange System of supplying **TELEPHONE SERVICE** is particularly adapted to the requirements of **LARGE HOTELS** and **APARTMENT HOUSES**

By means of a Private Branch Exchange the general telephone service, local, suburban and long distance, is available in every room and apartment. A complete interior service is also supplied, adding largely to the efficiency, and decreasing the cost of the hotel service proper. No modern Hotel or Apartment House should lack a

DYCKERHOFF PORTLAND CEMENT

is made in Germany. When first introduced in the United States, some twenty-five years ago, its superior strength, correct chemical composition and absolute uniformity were quickly appreciated and placed it above all other Cements in the market. The Dyckerhoff brand maintains the original superiority;—its perfection has not been approached by any other Cement.

BOROUGH OF BROOKLYN.

CONVEYANCES

Whenever the letters Q. C. and C. a. G. are preceded by the name of the grantee, they mean as follows:

1st.—Q. C. is an abbreviation for Quit Claim deed, i. e., a deed in which all right, title and interest of the grantor is conveyed, omitting all convenants and warranty.

2d.—C. a. G. means a deed containing a Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given and the amount. The general dates used as head lines are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

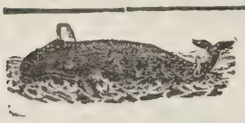
JUDGMENTS.



In these lists of Judgments the names alphabetically arranged and which are first on each line, are those of the judgment debtor. The letter (D) means judgment for deficiency. (*) means not summoned. (†) signifies that the first name is fictitious; real names being unknown. Judgments entered during the week and satisfied before day of publication, do not appear in this column, but in list of Satisfied Judgments.

The Judgments filed against corporations, etc., will be found at the end of the list.

Vol. LXXIV. August 13, 1904. No. 1900

The Index to Volume LXXIII of the Record and Guide, covering the period between January 1, and June 30, 1904, is ready for delivery. Price $1. This Index in its enlarged form is recognized as indispensable to every one engaged or interested in real estate and building operations. It covers all transactions—deeds, mortgages, leases, auction sales, building plans filed, etc. Orders for the Index should be sent at once to the office of publication, 14 and 16 Vesey St.

THE stock market has developed marked strength during the past week; and while this strength is in some measure justified by crop certainties and prospects, it looks as if the advance was becoming rather too rapid. A careful review of the stock market during the past six or seven months shows on the one hand a steady accumulation of stocks whenever values receded, but also a lively disposition to sell whenever they advanced very rapidly. The result has been a slow but steady levelling up of prices, due to a kind of buying which took stocks out of the market, and was not looking for immediate profits. In spite of the crop situation there is no reason to suppose that times are yet ripe for any more rapid or considerable advance. The west and the south will draw heavily on New York this Fall for money to market the enormous corn and cotton crops which they will probably harvest; and there will not be much money available for a big speculation in securities. Furthermore, there is no evidence as yet that the public is prepared to stand behind a big bull campaign, and in case the speculators accumulate long lines of stocks they will probably be obliged in the end to sell them back to each other. Everything looks very favorable for a recovery in prices during the early months of 1905, and general business conditions are undeniably both sound and improving; but for the present caution is wiser than excessive confidence.

LAST week the Record & Guide stated as one reason for confidence in an active real estate market next winter, that renting conditions continued to be good. As a correspondent took exception to this assertion, a special and careful canvass was made of Harlem and the East and West Sides during the past week, and the truth of the assertion fully verified. In Harlem the local brokers report without exception an excellent demand at once for tenements, flats, and private houses. This demand does not extend to the purchase of these buildings, for selling conditions are distinctly unfavorable at present, as they naturally would be after the riotous speculation of the last year. But the demand for rentable space exceeds the supply, and it is expected that by the end of this month very few vacancies will remain. There are fewer now, so it is stated, than there were at the corresponding time in 1903 and landowners are not obliged to make any concessions in order to obtain tenants. The only buildings which should be excepted from this statement, are some tenement and flat houses, which have changed hands frequently during the recent speculation, always at increasing values, until the present owner has made excessive advances in rent in order to put his profits on a sufficiently good selling basis. There are a number of houses partly vacant for this reason; but the reason is special, and its results will soon disappear. On the West Side renting conditions are, if anything, even better. The broker's offices are overflowing with people inquiring for house room, the existing vacancies are being rapidly filled, and renewals are frequently being made at advancing rentals. This applies to private dwellings, as well as to apartments. Altogether, there is every evidence that however considerable the emigration from Manhattan has been, the demand for house room exceeds the supply, and will encourage builders to erect during the coming year every grade of residential accommodation, except the most expensive private dwellings. Even for such dwellings, however, the demand, while it is not sufficient to clear the existing surplus off the market, is very fair, and points towards a renewal of good selling conditions for costly properties. It is becoming more and more evident all the time that the drawbacks from which the real estate market suffered most during the past season will soon yield to the more genial general business conditions which are coming to prevail, and that only a continuation of local labor troubles will stand in the way of a good deal of wholesome activity.

THE Municipal Art Society, in a pamphlet discussing the plans for the Manhattan Bridge, which it has just distributed, calls attention to the fact that there is no proper system of procedure either in initiating or in developing plans for great public works in the city of New York. The Record & Guide has frequently called attention to this defect in the existing charter. In the case of the plans of the Manhattan Bridge, for instance, the officials of three different administrations have had a hand in making and unmaking them, and the plans have been frequently changed, while at the same time work on the piers was begun without any reference to the entire structure. The trouble not only is that there is no continuity of action among the successive administrations, but that so many officials and boards have to be consulted before any plans are approved that the delay becomes interminable. The Bridge Commissioner draws up the plans, which then have to be approved by the Board of Estimate and the Art Commission, and which finally are subject to veto by the Board of Aldermen. Under the Van Wyck administration the Board of Aldermen refused to appropriate money more than enough for the piers. Commissioner Lindenthal's plans were approved by the Board of Estimate and the Art Commission, but rejected by the Board of Aldermen. The plans of the present commissioner meet with no opposition in the Board of Estimate and probably would meet with none in the Board of Aldermen, because they satisfy that Board's technical preference for wire cables; but they run against the stone wall of the Art Commission and go no further. The result may well be that nothing will be achieved towards proceeding with the construction of this very necessary bridge during the life of the present administration. It is interesting to note, also, that each one of these authorities has a tendency to interfere on grounds, which properly speaking, belong to the jurisdiction of another set of officials. The Board of Aldermen rejected the Lindenthal plans on technical grounds, although they had been fully approved by a committee of experts; and at the present time the Art Commission is being advised not to be content to pass upon the aesthetic features of the new design, because its appearance is so much the result of its engineering structure that the approval of the one would be tantamount to approving the other.

THERE seems to be no way at present of reducing the number of these several jurisdictions, or of simplifying their organization. Something of the kind will have to be done eventually; but the way to do it is a matter for very careful consideration. The plans for a great public improvement, such as the Manhattan Bridge, which will cost $20,000,000, and will endure for centuries, should be approved by competent judges at once as an engineering, as an aesthetic and as a financial proposal. At the same time it should have its logical place in a general scheme of great and public improvements, and it should connect integrally with the general transit system of the Metropolis. How these several requirements will be met, we do not pretend to say, but when the time comes to organize this important aspect of the city government property, the power which the existing Boards and officials will keep will depend upon the way in which their present power is used. Both the Board of Aldermen and the Art Commission are, as constituted at present, experiments, which will be continued or dropped according as they make good. The Board of Aldermen has not done anything as yet, to justify the increase of power, which it was granted under the revised charter. The Art Commission started humbly, but was granted some power when the charter was revised, and it has on the whole gained in public confidence. But apparently it must in the future be either more or less important. At present its powers are exclusively negative. It can prevent the adoption of bad designs; that is all. But why should it not in time be given as well some initiative, looking towards the securing of good designs. Probably in the course of time it will be granted some such initiative, or else will be merged in another Board. The

attention which the Board is supposed to give exclusively to aesthetic considerations is artificial and unnatural; for as the pamphlet of the Municipal Art Society points out, the appearance and the structure of great engineering and building projects are inextricably connected, and their separate consideration, however necessary just now, can never lead to entirely satisfactory results.

The Arbitration Agreement.

SINCE several prominent newspapers in the city are seeking to convey the contrary impression, it cannot be too often and too emphatically repeated that the existing lockout does not mean either the failure or the abandonment of the arbitration agreement. That agreement is not the result of any hasty judgment or of any sudden emergency. It was reached only after mature deliberation on the results of many years of experience in dealings and misdealings with the labor unions. In the opinion of the men who framed it, it is the one method of organizing the relations between the employers and the employees in the building trades, which is fair to both parties and gives promise of permanent results. But no one with any knowledge of the situation expected that it would triumph immediately, or that it would be scrupulously adhered to by the labor unions. Peace and order cannot by one stroke of the pen be introduced into a country which has for years been the prey of the most radical and inveterate disorders. There is an element in the labor unions, consisting in the most aggressive of their local leaders who detest the agreement, because it deprives them of authority and opportunity; and it was inevitable that this element would protest as soon and as far as it could. The little strikes which preceded the lockout indicated that this element had gained the upper hand; and the purpose of the lockout is that they shall again be sent back into their proper place. There is no need of disguising the fact that the means employed to compass this end are frankly coercive. As one of the delegates said, the agreement was forced on the delegates in the beginning. Now it must be forced on them again, and it will continue to be forced on them until they live up to it. Furthermore, there is no lack of power available for the purpose. The Employers' Association is stronger than it was a year ago; and its purpose is as strong. Its members know what they want. They know that they can get what they want; and they are determined to get it.

This does not sound like very pacific language, but it is the common sense of the situation. Behind every contract there must be some kind of force; and since the State has no power to coerce employers and employees to fulfill their contracts, the party to the contract, which believes in it, must enforce its own rules and agreements. But, of course, it could not hope to accomplish this result, unless the agreement itself were essentially a fair agreement, and advantageous to both parties. The fighting element in the unions does not like it, but the working element does not dislike it and has no reason to do so. It secures them steady employment at good wages; it secures a prompt hearing for all ther grievances; and a prompt redress for any real grievance. It promises, also, that when the conditions are favorable, wages and conditions of work shall be improved. All that is asked in return is freedom from arbitrary strikes, and the maintenance of the agreement for stated periods. Just at present these compensations cannot be secured without the use of coercion; but the use of coercion does not imply that the employers are seeking any result disadvantageous to the interests of union labor. The enemies of union labor are not the employers, but that element in the unions, which makes it impossible for the employers to conduct an honest and profitable business.

The Record & Guide has consequently every confidence that the employers will win and win without very much delay, not merely because their association is strong, but because their cause is righteous. They are not trying to deprive the mechanics of any right and privilege, but the right to disorganize the building business by continued strikes chiefly for irrelevant purposes. If they had any intention of substituting non-union for union labor, they would be fighting the strongest purpose which the more ambitious American mechanic possesses, and they would have against them all the prominent labor leaders of the country. But, in as much as the association recognizes union labor and proposes to deal with it exclusively, its arbitration agreement has commanded and still commands the approval of the wisest and most conservative labor leaders in the country. These leaders realize that the example of the New York Employers' Association in dealing exclusively with union labor is an immense gain in the cause of unionism throughout the United States; and they must realize also that in case by any chance the aggressive element in the local unions should make the agreement impossible, the standing of the alternative policy of the "open shop" would be correspondingly strengthened. The local unions consequently will give in as they gave in last year; only they will give in sooner.

We notice that the insistent loyalty of the Employers' Association to the arbitration agreement is being currently attributed to selfish trade motives. The employers do not want the open shop, so it is said, because the open shop would mean freer competition for them as well as for their employees. From this point of view the purpose of the arbitration agreement is to organize the building business of New York into a monopoly, in which no one but a union laborer can be employed, and no one but a member of the Association can obtain a contract. There is some truth in this allegation, but not very much. The Employers' Association in insisting on the arbitration agreement is undoubtedly seeking to organize the building trades in their own interest and in that of the laborers rather than in the interest of the consumers of buildings. They do not care whether they build cheaply or not; but they do want to build profitably; and if they can make the union rate of wages and conditions of employment universal they will be in a better position to keep their present control of the business. But in so organizing the New York employers are doing what other employers are doing all over the country, and there is no attempt at monopoly, because the agreement contains nothing which prevents the mechanics from working for other employers than these affiliated with the Association.

THE RECORD AND GUIDE contains, in another column, an account of the reorganization of the Building Department, which is now being undertaken at the instance of Building Superintendent Hopper, Borough President Ahearn, and the Board of Estimate. The main features of the reorganization consist of the increase in the number of inspectors, and their better supervision, so that each inspector will be able to visit daily every building in course of erection in his district. At the same time the pay of the building inspectors is increased from $1,200 to $2,000 a year. The plan as adopted is the result of a sincere effort on the part of the present Superintendent to meet the responsibilities which his department entails. The department comes in for very abusive criticism, whenever such an accident occurs as that of the Darlington. Superintendent after superintendent has claimed that his force was not sufficient properly to inspect the buildings under construction. Hereafter no such excuse can be offered. The department has been given all that it demands, and can be held to strict accountability. As to the increase in the pay of the inspectors, $2,000 is no more than should be paid to men who have as much and as responsible work as the building inspectors of Manhattan and the Bronx. Their wages will be about the same as inspectors receive in Boston, Chicago and Brooklyn, and will enable an excellent class of men to accept such positions. It is also proposed to exempt these men from the regular civil service requirements, and have them appointed after being examined by the Board of Examiners of the Building Department. This proposal in particularly has been acridly criticised by the "Evening Post," which takes occasion to belittle the Board of Examiners, and particularly Mr. William J. Fryer. While the Record and Guide does not approve the exemption of the inspectors from the regular civil service examination, it knows of no body in the city which is more competent to pass upon the qualifications of a building inspector than the present Board of Examiners. The Board consists of Mr. Walter Cook, Mr. Warren Conover, Mr. Charles Brendon, Mr. William C. Smith, Mr. William J. Fryer, Mr. Chas. G. Smith, and the Chief of the Fire Department. They are appointed by technical and trade organizations, and are independent of any political party. The responsibility of examining possible inspectors has not been sought by the Board, and is not wanted by its members. If it is given to them, they will accept it entirely as a difficult and disagreeable duty, which will be performed in the interest of the honest and competent execution of the building laws. As to Mr. Fryer, there is no man in New York who has stood so long and so faithfully for good building laws or who has made a more valuable contribution to our present excellent code. The quotation from the Record and Guide, of December 1st, 1904, which the "Post" publishes, garbles Mr. Fryer's meaning by divorcing it from its context. Mr. Fryer, in the paragraph from which the quotation is taken, merely advises the *owner* of a building under construction to cultivate the inspector to the end that in his own interest the building law may be fully enforced as against a dishonest contractor. Mr. Fryer has always done his best to secure good laws and their honest and thorough enforcement.

The Fort Washington Section.

OWNERS NOW ABLE TO SUB-DIVIDE IT—THE NEW STREET MAP—ACTIVITY EXPECTED THIS FALL.

Since the new Webster map of the Fort Washington section of the city was officially filed and confirmed with the entire approval of the property owners, public interest in the territory has widened and deepened with a resulting increase of inquirers for sites. Not until now have the large owners been able to sub-divide their lands advantageously, never having had a street system; but now with grades and street lines established they are ready for the business and growth that the new Rapid Transit is destined to bring. Broadway and Fort Washington road are thickly placarded with "for sale" notifications, but the era of new construction has not yet dawned and the landscape yet retains its olden forms unchanged, the unkempt lawns and corroded walls telling their own story of owners far away.

Old Mount Washington is plainly waiting for a revivifying touch with the returning fashion among wealthy people for semi-rural or suburban living. Its appeal is distinctly to this class. No doubt it will be ultimately conquered by the advance of congestion from the districts to the south, but that time is remote, and it is sufficient to consider present influences, and these are united in the defense of the suburban characteristics of the locality. The land agents expect that the coming Fall and winter will see great activity, the property being now ready for subdivision. Fort Washington road, having just been sewered and also macadamized, is now in perfect condition; Broadway and Dyckman Street are sewered and paved, and the Boulevard Lafayette is partly sewered and fully paved. No roads in the borough surpass in natural charm the two which bear the names of Washington and Lafayette, one traversing the high ridge between the Harlem and the Hudson rivers, the other winding along the most beautiful stretch of river shore in the world. Broadway and some of the other streets in the valley no doubt will ultimately be given over to stores and tenements, in the later processes of city-building, but the heights are endowed for the choicest residential improvement. Naturally, there are many inquiries for small plots along Fort Washington road, but the nature of the topography, irrespective of the wishes and purposes of the owners, veto the inclination to crowd. Few small parcels, if any, are yet obtainable; there are two or three which contain no more than twelve lots each, but most of the tracts comprise from one hundred to three hundred city lots.

For the choicest plots values are maintained even more firmly than may be supposed. For a tract of twelve lots an owner recently asked $40,000 and refused a definite offer of $37,500. In 1888 the Bennett property could have been bought for nine or ten thousand dollars an acre; to-day sixty thousand dollars an acre would not buy it. From five to six thousand dollars per lot is an average price for sites along the ridge, but near 181st street the basis of valuation is $8,000 per lot. Mr. C. G. K. Billings, who has a charming estate on Fort Washington avenue, has since the filing of the Webster map added to his holdings the Müschenheim and Thayne properties, which adjoined his own on the south, paying for the former something more than one hundred thousand dollars. Mr. Thayne spent a great deal for luxury on his estate, but came through with a "profit," which is something unusual for country seats.

Back in 1901, the Clark estate, when they bought a tract between Broadway and Ft. Washington Road and 175th street and 177th street, paid at the rate of $6,500 a lot. In the same year, Charles T. Barney was a large buyer on the east side of Ft. Washington avenue on either side of 181st street, and Mr. Barney resold the northeast corner of 181st street to a Dutch Reformed Church. On the west side of Ft. Washington avenue Mr. B. Altman recently bought plots between 180th and 182d streets.

In tune with the picturesque nature of the territory the new map particularly encourages the selection of large building plots, though in some parts existing street lines favorable to small sites have been incorporated, as in the neighborhood of 181st street and along Broadway. The territory covered by the map is about a mile in length, and at present is traversed from north to south only by the Boulevard Lafayette, on the river shore, by the Ft. Washington road, which is on top of the ridge, and by Broadway, which is down in the valley that separates Ft. George from Ft. Washington. The hilly nature of the landscape must be borne in mind. Northern av, with a width of sixty feet, the first main thoroughfare east of the Boulevard Lafayette, and at an average distance of 300 feet from it, is continued, from its present termination, along the Ridge to about 194th st, where it turns into Fort Washington av, when nearly opposite Libbey Castle, while a spur of forty feet wide connects it also with the Boulevard Lafayette. Between the two avenues, running from about 186th st to 191st st, Mr. Webster has planned for a public park to add a touch of the picturesque, and it is through this park that the connecting spur winds in a general diagonal direction.

A new avenue, two hundred feet west of Broadway, is planned to run from 181st st to about opposite Hillside av, where it turns to the right and ends in Broadway. Another, smaller, and on the average 200 feet farther west, extends from 184th st northward until, on the north side of Libbey Castle, it curves into Fort Washington av.

Across these new avenues are several streets running east and west, one at 184th st, and one at 187th st, and one about half way beteween the two. Then between Broadway and the nearest of the avenues are cross streets approximately at 188th, 190th and 191st st. Thoroughfares also run between the proposed Northern av and Fort Washington rd, at 187th and 189th sts, and a small street runs north from 181st st, between Fort Washington av and Northern av, and is connected by a cross street with the former.

Immediately north of Washington Heights (or more properly Mount Washington) is the pretty Innwood section, through which Dyckman street runs to the river, and beyond is Riverdale, which is to be a second Morristown. With the growing tendency among wealthy city people to seek suburban homes, the time is measurably near when all this strip of river, country, hill and dale, will be occupied by handsome villas. Mr. David Stewart, of 203 Broadway, and E. Fellman, of 320 Broadway, who represent large owners in the Fort Washington section, report many inquiries for sites and predict distinct activity in the coming fall and winter.

Subway Extension in Brooklyn.

A franchise for the extension of the Rapid Transit Railway along Flatbush and Ocean avenues, in Brooklyn, was issued this week. The rapid transit railway now in course of construction in the Boroughs of Manhattan and Brooklyn will terminate at the intersection of Flatbush and Atlantic avenues, in Brooklyn. The Board of Rapid Transit Commissioners now propose an extension in Brooklyn from the Long Island Railroad Station under Flatbush avenue, and the Park Plaza, along Prospect Park to the Willink entrance, and thence under Ocean avenue to the southerly side of Parkside avenue, where a junction can readily be made with the depressed tracks of the Brighton Beach road.

The road is to be a subway through its entire length, and the principal features of construction are to be the same as those of the subway now nearly completed in Manhattan. It is proposed to authorize the building of four tracks from Atlantic avenue to the Park Plaza; although only two tracks will probably be built at first. At the Park Plaza, a loop is proposed which will enable cars to be conveniently turned back at that point, will afford some temporary storage capacity, and will permit of easy extension of another subway along the Eastern Parkway, if that course is thought desirable in future.

The extension will not only serve a large and growing district in Brooklyn, which is now served only by surface cars, but it will also by connection with the Brighton Beach line make a continuous electric railroad from Kingsbridge and West Farms to the seaside at Brighton Beach.

The Plans Were Approved.

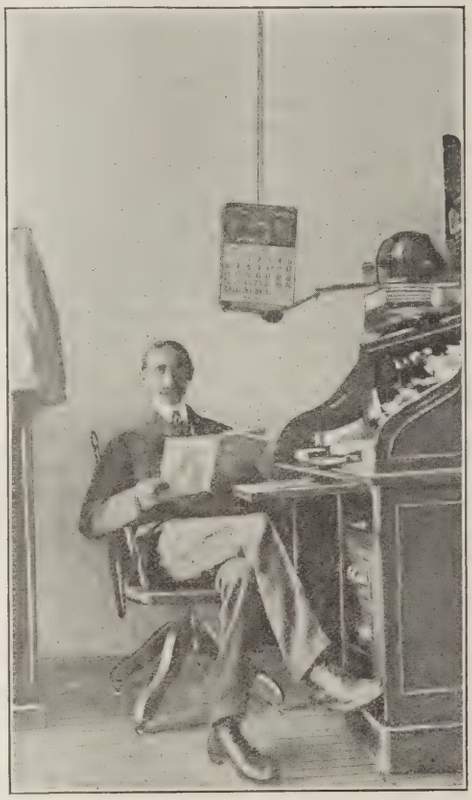
An interesting question in regard to the large apartment house, in process of construction on the southwest corner of 89th street and Central Park West, came before a recent meeting of the Board of Examiners, Robert T. Lyons, of 31 Union sq., the architect, being the appellant. Including the penthouse, the building

will be 12-13 stories, and the height exceeds 150 feet, so that it should be entirely constructed of non-inflammable material. But as Mr. Lyons expressed the belief that the law was not intended to apply to pent houses of reasonable area above the twelfth story, the question arose, will the provisions of section 105 of the Code as to fireproofing for buildings above twelve stories and over 150 feet, apply in this case?

The appellant's reasons for desiring a favorable decision were these: That the roof of the penthouse will not be more than 150 feet 10 inches above the curb level; all walls at the terminals of pent-house will be carried up to the full height; the floors of pent-house will be finished in cement; wire glass will be used wherever glass is necessary; proper skylights will be provided; all woodwork entering into the construction of the pent-house will be fireproofed by the process which is fully accepted and approved by the Bureau of Buildings; the penthouse throughout will be constructed entirely fireproof; two stand-pipes with hose connections and outlets in the halls of pent-house will be provided; penthouse will not cover more than 50 8-10 per cent. of the roof area; the floors of all kitchens, pantries and servants' bedrooms throughout will be of granolithic, which is better than the law requires for a 12-story building; all woodwork of kitchens, pantries and servants' bedrooms will be fireproofed by the process approved by the Bureau of Buildings, which is better than the law requires for a 12-story building.

The appellant further agreed to kalamine all doors leading from private to public halls, and also to omit all windows on front of the mansard, providing instead sufficient galvanized iron skylights with wire glass. With this understanding, and as amended, the plans were approved by a majority vote, Mr. Conover voting no.

The building is 125.11x140 and will cost $800,000, Peter Banner being the owner.



Obituary.

JAMES E. O'HARA.

Many of the readers of the Record and Guide will regret to hear that Mr. James E. O'Hara, so long connected with this paper, died last Saturday, after an illness which lasted some six months. Last March Mr. O'Hara left New York because he felt physically unable to continue the strain of steady work, and tried to find rest and health in the dry and bracing atmosphere of Monticello, Sullivan County, N. Y. Until a few days before his death he seemed to be constantly improving, and his friends were encouraged to believe that he would return to New York in the Fall in sufficiently good health to resume work. Unfortunately, however, he took a sudden turn for the worse, and died after only a comparatively few hours of acute illness. He was buried last Tuesday in Calvary Cemetery, after a touching service at the Church of the Guardian Angel.

James E. O'Hara, although at the time of his death and for many years preceding he had lived in West 24th st, was born forty-four years ago in the Seventh Ward, on the lower east side, which at that date was a very different place from what it is now. He was consequently a New Yorker from the beginning, and was familiar with the length and breadth of the city in a way that very few New Yorkers are familiar with it. He came by his interest in real estate naturally, for his father was employed in the Register's Office, and for some years, beginning with 1871, furnished transcripts of the records for this paper. His son, James, entered the office of the Record and Guide when only eleven years old, and continued, with only one short interruption, occasioned by illness, in the service of the paper until the year of his death. During the course of that service he occupied almost every possible position on its staff. In these days, the paper was, of course, much smaller than it is now, and one man could in the course of the day perform many different tasks, all toward the result of getting out the paper at the end of the week. James O'Hara was from the beginning so faithful and so industrious that he was advanced as rapidly as his age permitted, and he came to know with peculiar thoroughness every part of the paper's business. At one time he collected news, supervised the proofs of the legal matter and kept the books, and solicited advertisements. This training and experience was of the utmost value. It gave him a knowledge of Manhattan real estate values which was as accurate as it was general. It made him thoroughly familiar with the leading brokers and operators and real estate owners of the city, and by the time he was thirty he had accumulated an experience of the real estate business which would have made him invaluable in any broker's office. About thirteen years ago, however, he found that he could not longer continue to do the work which he had been doing. His health suffered from confinement, and he spent a year in Colorado for the purpose of regaining strength. This he succeeded in getting back, but when he returned East his doctor warned him that he must not shut himself up in an office. He took a position consequently on the business end of the Record and Guide, and this position he occupied with steady and increasing success until the present year. While working, however, on the business end, his advice and assistance were felt in every department of the paper, and his loss will be as irreparable to his employer as it will be to his friends.

James O'Hara was not a man of many words, but what he said carried weight, because it was backed by knowledge and conviction. He was above all a man of his word—faithful, steady, patient, indefatigable and fair-minded. What he accomplished, he accomplished by dint of persistent work and thorough information; and consequently whatever he accomplished was well done. In the beginning his memory and mastery of detail was very extraordinary, and until the end one of his most noticeable gifts was the comprehensive character of his observation and knowledge. Nothing escaped him which could be of any use to him, and nothing which could be of any use was allowed to pass by without being used. His friends prized him most of all for his loyalty and his kindliness; his employer for the unusual mixture of faithfulness and intelligence which his work displayed. He was a charitable and religious man—a regular church-goer and deeply interested in religious rites and religious

work. About the only organization of which he was a member was that of the Knights of Columbus. He was as devoted a son and brother as he was a friend. Since he never married, his family affections were given exclusively to his blood kindred. He leaves behind him a brother and three sisters to keep his memory alive, and he enjoyed during his life the respect and admiration of everyone who came to know him.

Reorganization of Building Department.

THE CORPS OF INSPECTORS ENLARGED AND SALARIES INCREASED—INCREASED EFFICIENCY EXPECTED.

Under authority from the Board of Aldermen, granted this week, the Bureau of Buildings in Manhattan will be reorganized and improved, on the basis of a plan submitted by Superintendent Isaac A. Hopper. The need of a more thorough and expeditious discharge of duty on the part of the corps of inspectors has long been apparent to the public as well as to successive commissioners, but the fundamental prerequisite, which was an adequate addition to the force, was until now unobtainable. The plan submitted by Mr. Hopper, through Borough President Ahearn and approved by the Aldermen, is as follows:

(1). The Inspectors' force is entirely inadequate, and should be increased as follows: 25 additional Inspectors of Masonry and Carpentry; 8 additional Inspectors of Iron; 4 additional Inspectors of Elevators; 5 additional Inspectors of Plumbing; —which, with the present number, would make a force of 150 inspectors. I will also require 6 additional Chief Inspectors of Buildings, and 6 Secretaries—or one for each Chief Inspector.

(2). I propose to lay out the Inspection Districts so that the territory assigned to each Inspector will be such as to enable said Inspector to visit each building in course of erection or alteration in his district daily. The Inspection Districts will be divided among the Chief Inspectors in proportion to the building operations therein, and they will hold the District Inspectors under their charge strictly accountable for the work assigned them.

(3). I propose that each inspector shall receive a salary of $2,000 per annum; that the chief inspector receive $4,000 per annum; that the assistant engineers receive $2,400 per annum; and that the present chief inspector of buildings receive $4,000 per annum.

"In my opinion, the Inspectors and Engineers are inadequately compensated for the expert and technical work required of

them. The present inspectors now receive but $1,200 per annum, which is a small remuneration for their services. They are subject to duty throughout the year, night and day, and I consider their positions and responsibilities the most important in the service of the city. The engineers of this bureau examine and pass upon all plans filed for the erection and alteration of buildings, a responsibility which should command a much higher compensation than they are now receiving.

"The City of Boston pays its Inspectors of buildings from $1,800 to $2,000 per annum; the City of Chicago pays its inspectors $1,800 per annum; the Borough of Brooklyn pays an average of $1,700 per annum; the Department of Education of this city pays its inspectors of construction of school buildings at the rate of $1,500 per annum; whereas, the inspectors of this bureau, who are expected to visit every building in this city in the course of erection or alteration, from its commencement to its completion, and to discover every unsafe building, receive but $1,200 per annum.

"The force of elevator inspectors is too small. There are five thousand passenger elevators in this borough, and under the provisions of the Building Code this bureau is required to make an inspection of the same at least once every three months. This is a physical impossibility with the present force of twelve elevator inspectors, if the inspections are thoroughly and properly made.

"If the foregoing plan is adopted, in my opinion there will be no recurrence of such an unfortunate calamity as the falling of the Hotel Darlington building, as each building will be under constant surveillance by competent inspectors, and this cannot be accomplished with the present force."

All the recommendations of Superintendent Hopper were approved by the Board of Aldermen, and the Board of Estimate was requested to authorize the Comptroller to issue special revenue bonds to the amount of $100,000 to provide for the expenses involved.

Superintendent Hopper believes and expects that the reorganization which will go into effect as soon as the Mayor signs the resolution, will accomplish the objects intended. The borough will be divided into six inspection districts with a chief inspector in charge of each, and the work will otherwise be so apportioned and systemized to ensure promptness and thoroughness.

Another Fireproof Ordinance.

Alderman McCall has revived the fireproofing question by introducing an ordinance requiring that all buildings of a height exceeding 100 feet (except as otherwise provided) shall be built fireproof in the same manner as those of a height exceeding 150 feet are built under the existing law. The new measure is simply an amendment to the existing act, by changing the figures "150" to 100 feet. The ordinance which the Mayor recently vetoed specified 75 as the limit, therefore this is a compromise. The previous measure also permitted outside window frames to be constructed of fireproof wood; this permission is now eliminated and one of the objections of the Mayor is thereby overcome.

Much of the opposition manifested against the previous bill will be silent upon the new measure, while yet a great deal may be voiced. Doubtless, full opportunity for all parties in interest to be heard will be afforded by the Board of Aldermen.

The Superintendent of the Manhattan Bureau of Buildings, Mr. Isaac A. Hopper, informs the Record and Guide that he has advised the Mayor that he has no objection to the new ordinance as it stands, as it prohibits the use of fireproof wood for outside window frames, and because he thinks 100 feet is a fair line of division.

Others who were opposed to the previous ordinance have no objection to this one. The general impression seems to be that it will become a law, as the principal objections made by the Mayor in his veto message seem to be overcome.

Neat Invention in Wind Mills.

A compensating wind mill has been invented by Mr. Alfred Fornander, 32 West 66th street, New York City, which the "Scientific American" describes as follows: It is so designed that as the strength of the wind increases, the windwheels will be tilted upward, so that the force of the wind upon them will be modified. The windmill is preferably made with two windwheels, whose sails are oppositely inclined, so that they will rotate in opposite directions, and thus tend to balance each other. The inner windwheel is secured to a hollow shaft, through which the shaft of the outer wheel passes. These shafts are mounted in a bracket, which has a universal joint connection with the wind-

mill standard, and the weight of the windwheels is balanced by an adjustable counterweight.

As a result of the mechanical arrangement both windwheels, though turning in opposite directions, act together to drive the power shaft in the same direction. The vane of the windmill consists of a blade or sail, which lies adjacent to and below the level of the windwheels, and occupies a plane normally transverse to the direction of the wind. As the velocity of the wind increases, the pressure against this blade causes the windwheels to rise, so that they will rotate at an acute angle with the direction of the wind, thus modifying the force of the wind upon them. It will be obvious that any increase in the velocity of the wind will be compensated by an increase in the angle between the axis of the windwheels and the direction of the wind.

Gossip of the Week.

The dealings this week were again at low ebb. With three exceptions, the sales reported were of the kind that have been so plentifull for the past six months. The three are the apartment house at the northeast corner of West End avenue and Eighty-first street, No. 76 Beekman street, and the dwelling at 8 East Sixty-second street; the latter has been in the market at $270,000, but is said to have sold for quite a little under $259,000. Seventy-two was the total of transactions reported as against forty-two for the same week last year. In the auction room there were only thirteen parcels offered, two of these being voluntary offerings they were withdrawn. Of the other eleven, five went to the plaintiffs.

Real Estate Notes.

The new Journal office is a decided improvement to Columbus Circle, which is fulfilling prophecy by becoming a great center.

D. Colucci & Co. have leased with E. H. Califano 5 houses, 555 to 563 East 135th st, at an annual rental of $6,360 per year for a term of five years.

E. V. Pescia & Co. have leased for Sigmund Wechsler to a client the 5-sty tenement 242 East 101st st, for the term of five years, at the aggregate rental of $7,000.

Cornelius G. K. Billings has leased for a term of years at $17,500 a year the Pyle residence at 673 5th av, northeast corner of 53d st, and opposite St. Thomas's Church.

David Porter, real estate broker, No. 189 Montague st, has closed contracts for the following: 518, 522, 524, 528 and 534 Flatbush av, 5-sty double apartment houses, 26.8x87x100 each., for Strauss & Charig.

William P. Mangam and wife have left Larchmont, N. Y., for the Maplewood Hotel, White Mountains, New Hampshire. Mr. Mangam was the broker in the sale of a lot on 97th st, 300 ft west of Central Park West, reported in our last issue.

Mr. Louis Becker has just returned to the city from Put-in-Bay, Lake Erie, Ohio, where he had been to attend the fifty-sixth annual convention of the Fraternity of Phi Gemma Delta. He was Graduate Delegate from the New York University, and received the unanimous election as Section Chief of New York City. Senator Charles W. Fairbanks was also unanimously elected National President of the Fraternity.

Through the untiring efforts of Bryan L. Kennelly, assisted by the Hon. Edward M. Grout and Park Commissioner Pallas, the contract for the repairing of West 72d st, between Central Park West and Riverside Drive, with the asphalt block pavement, was signed on Thursday, August 4, notwithstanding the opposition of the Asphalt Trust, the Road Driving Association and others. This pavement will greatly help the values of property in this neighborhood, especially on West 72d st, where dust and mud greatly discommoded residents of this vicinity. The improvement will be laid and finished before Oct. 1.

Bryan L. Kennelly sold at auction on Saturday on the premises, at Long Branch, N. J., the West End Hotel, cottages and business properties, to various buyers for $182,750, as follows: The hotel, cottages, stables, etc., to Walter E. Hildreth for $142,000. Stembach's store to Charles Barsotti, size 69x93, for $9,750. The postoffice site, size 50x93, to E. Sherin for $8,000. The corner of 2d av and Brighton av to E Sherin for $20,000, size 301.9x93. This plot was resold immediately after the sale for $21,000 to Emil Auerbach. Mr. Kennelly also resold the hotel cottages, stables, skating rink, ice house and outbuildings for Walter E. Hildreth to Herman Wronkow at private sale at an advance.

The WORLD OF BUILDING

The Labor Situation.

The Building Trades Employers' Association estimates that ten thousand was the number of journeymen locked out by the members of the association on Monday, to which must be added a large number of helpers. The number of unions affected is seven, namely, the Brotherhood carpenters (not the Amalgamated), the tile layers, the wood, wire and metal lathers, the plasterers, the electrical workers, plumbers and gasfitters and the tar, felt and waterproof workers. All other unions have been working right along, including the bricklayers and structural iron workers, but if the war continues long these will in the ordinary course of events be obliged to quit, where employed by association employers. The indications are that, unless the authority of the alliance board is stronger than generally supposed, the trouble will not continue long.

In the Bronx and Brooklyn, except on the contracts of the members of the Building Trades Employers' Association, operations have not been interfered with, and the work of contractors not members of this association has proceeded. Moreover, in some cases where mechanics have been locked out by contractors they have been re-employed by the owners. Work on schools is also progressing satisfactorily to the Department of Education,

OTTO M. EIDLITZ.
Chairman Board of Governors, Building Trades Employers' Association.

either the contractors do not happen to be members of the association, or exceptions were made in favor of the schools by the association.

In Brooklyn the employers are having troubles of their own. Resolutions passed by the Brooklyn Builders' Association and the Employers' League to cut the wages of builders' laborers to $2.80 went into effect on Monday morning. The wages had been $3 a day for some years past. Consequently, the men refused to work for the associated employers. Trouble among the carpenters and plumbers is brewing over local questions.

Taking into view the whole city, it will be seen that a great deal of work has not been interfered with. The call for brick at the wholesale market has fallen only a little short of last week. The confession of the Building Trades Alliance that its warfare is against the Arbitration Plan, makes the issue plain to everybody, including the members of the unions, who now seem to be weakening in their allegiance to the Alliance board. Representatives from three unions have notified the employers' association that the Alliance officers have misrepresented them before the public. Meetings of the rank and file of the unions are awaited by the employers in the expectation that the action of the Alliance board will be reversed. Work in the Subway, after some interruptions, is proceeding at a rate satisfactory to Mr. McDonald. A conference between him and the principal Alliance officers, to which representatives of the press were invited, terminated in a manner which seemed to predict an early settlement. By an arrangement between the Tucker Electrical Co., which was doing the electrical work in the subway, and the Interborough Rapid Transit Co., the contract for this work has been assumed by the Interborough Co., which is finishing it with non-union men.

John C. Hatzel, president of the Electrical Contractors' Association, said that important action on the part of several unions toward ending the tie-up would be taken within a day or two. He was asked if it would be necessary for any union, in order to obtain relief from the effect of the general lockout order, to withdraw from the Building Trades Alliance. He answered that the terms would be stated only to authorized representatives of the unions, but he intimated that something more would be required than a mere expression of willingness on the part of the men to return to work.

Building Operations.

Plans for a Bank.

Architect T. Henry Randall, of 51 Madison av, New York, is preparing the plans for the new building of the First National Bank of Baltimore to be erected on the old site at 17 South street, opposite German street, with fronts on two streets. Architects Worthington & Ahrens, of Baltimore, are in charge of the work required to be done in that city while the drawings are being made, and superintended the making of the measurements that were sent to Mr. Randall. The ends will be two stories high, while the middle portion or main banking room will be one high story. The materials for the front walls have not been decided on. Plans will be ready for builders in about two weeks.

Contract for Power House.

Having completed the necessary purchases of land along the Hackensack River, the Public Service Corporation of New Jersey has decided to erect its mammoth power plant, and has entered into a contract with Franklin D. Hyde, whose office is at 5 East 42d st, New York City, for the construction of a brick and steel building 200 feet wide and 500 feet long, the estimated cost of which will be $75,000. When it is considered that the dynamos and machinery will cost more than twice the value of the building, it will be seen that the company will invest at least a quarter of a million dollars in the new enterprise. The power house is to be in the Hudson City section, directly west of the old Catholic Cemetery, and north of the lumber yard of Dodge & Co.

Contracts for D. C. Weeks & Son.

67TH ST.—D. C. Weeks & Son, 289 4th av, have the general contract to build the new Laboratory, power and animal buildings for the Rockefeller Institute for Medical Research, of 5 West 58th st, which will be erected at the southwest corner of 67th and Exterior sts, at a total cost of $325,000. The plans which have been prepared by Shepley, Rutan & Coolidge, 122 Ames Bldg., Boston, Mass., call for one 5-sty structure, 136x69 feet, one 2-sty 40.5x57, and one 1-sty 38x88.6, with composition and slate roofs, steam heat, electric light, elevators, etc. William H. Welch, M. D., of Johns Hopkins University, is President Board Directors, and F. Mitchell Prudden, M. D., 160 West 59th st, is Vice-President. The board of directors are L. Emmett Holt, M. D., 14 West 55th st.; Simon Flexner, 14 West 55th st; Herman Briggs, 5 West 58th st; Christian A. Herter, M. D., of Columbia University, and Theobold Smith, M. D., of Harvard University, Boston, Mass. The first floor of the main building will contain an assembly hall, a library and study, and the directors' room. The three succeeding floors will contain a series of large general laboratories and research rooms. The fifth and last floor will contain living quarters and a dining hall, while the roof will have a special operating room and quarters for animals under examination. A two-story building adjoining the main structure will be devoted to the animals used by the doctors and likewise serve as a power house.

Hotel for 125th Street..

NEW YORK, N. Y.—Archts. Buchman & Fox, 11 E. 59th st., have finished plans for the 12-story hotel, which the J. C. Lyons Building and Operating Co., 4 E. 42d st, will erect corner 125th st and Madison av. Brick, concrete, gravel roof, steel skeleton, fireproof construction. $300,000.

Alterations to Madison Square Theatre.

The Jones Construction Co., 1 and 3 Union sq., has received the general contract for about $60,000 worth of alterations to the Madison Square Theater. They are receiving estimates from subcontractors on electric lighting, painting, steam heating, metal ceilings, sheet metal work, a sprinkler system, and some iron work. Robert Maynicke, 298 Fifth av, is the architect; H. C. & H. L. Eno, 15 South William st, are the owners.

Bank and Office Building for Hempstead, L. i.

"The Real Thing."

To find the "Real Thing" is the Chief Affair in all Matters.

Innumerable Substitutes, deceptive or inadequate, are offered to the World in place of the Real Thing. "Here it is!" "Here it is!" is the cry.

Misguided Diligence, Well-meaning Effort, Ignorance, and sometimes Down-right Deceit take a part in the game.

Where the Stake is big, when the issue is all-important, the necessity for Security and Care becomes the more Urgent and Imperative.

The Loud Demand for a System of Real Fireproofing in the Building Industry naturally has produced an Abundant Supply of Methods and Commodities all guaranteed to absolutely solve the problem. They are offered as "The Real Thing." They have all been tried—more or less. Most of them have proved inadequate. A Few possess some positive merits and pass for the time being as Substitutes. The Tendency is rather to disbelieve in all proffered "Fireproofing," until Something is produced and offered accompanied by Indubitable Guarantees.

What must these Guarantees be?

First of all the Real Fireproofing System must be devised by Someone, an Expert, thoroughly familiar with actual Building Conditions—it is a Practical Problem not a Theory that has to be dealt with. In the next place the System must be one that has been thoroughly tried and tested—its efficiency must be proved adequate for all emergencies. Moreover it must be Economically Satisfactory and Thoroughly Adaptable to all building requirements. And finally it must be put upon the market by a Reputable Firm of undoubted financial standing. In other words the System of Real Fireproofing must be

Scientific, Practical, Tested, Adaptable, Economical, Financially Guaranteed.

All of these Requirements are fully satisfied in the

Suburban.

POCANTICO HILLS, N. Y.—John E. Kerby, 452 Fifth av, New York, has completed plans for St. Joseph's Normal College, to be erected at Pocantico Hills, Westchester County. The structure is to be the novitiate and mother house of the Christian Brothers for this district, their present novitiate having been acquired by the city, as it is part of the water shed at Amawalk. It is to be of semi-fireproof construction, with exteriors of stone, brick and terra-cotta. It will be four stories and basement high, with a frontage of 355 feet, and a rear central wing will run back 300 feet. Estimated cost, $250,000.

GRYMES HILL, S. I.—The old homestead of Captain Jacob H. Vanderbilt, on Grymes Hill, Stapleton, S. I., was entirely destroyed by fire.

Long Island.

GREAT NECK, L. I.—It is stated that the congregation of St. Aloysius R. C. Church will erect an edifice here, to cost about $50,000. Rev. Father Cherry, pastor.

LONG ISLAND CITY.—The United States Crematory Co. will build a 2-sty brick columbarian, or receptacle, 94x43 feet in size, at Mount Olivet Cemetery, at a cost of $40,000.

ASTORIA, L. I.—Leopold Gally, of this place, is to build a 2-sty brick furniture storehouse, 54x100 feet in size, on the east side of Woolsey st, 193 feet north of Franklin st, Astoria, at a cost of $10,000.

JAMAICA, L. I.—A 3-sty brick electrical sub-station, 86x53, will be erected at once by the Long Island Railroad Co., at Jamaica, on the north side of Douglas st, 539 feet west of Larch av. The estimated cost is placed at $35,000.

WHITESTONE LANDING, L. I.—Plans have been approved for a 1-sty brick machine and carpenter shop, 60x200 ft, 191 ft north of 14th st and 354 ft north of the Boulevard, Whitestone Landing, to be built by the Long Island Railroad Co. for a marine repair yard at a cost of $20,000. The company proposes to repair all ferryboats, barges, tugs, annex steamboats and fleet of Sound steamboats of the Montauk Line at this point.

In Other Cities.

WINCHESTER, MASS.—Archt. Robert Colt of 85 Water st, Boston, has plans for a 2½-sty residence for Sam'l J. Elder, at Winchester. Frame, covered with cement, 75x30 ft. The house will have every modern improvement and will stand in a magnificent estate being laid out under the direction of Fred. O. Olmsted. A commodious stable is to be erected, but the architect has not commenced work on the plans for that.

SOUTH HADLEY FALLS, MASS.—Archts. C. P. B. Alderman & Co., Holyoke, Mass., have taken figures for an office building for the Hadley Mills Co., at South Hadley Falls.

BALTIMORE, MD.—Hoyt & McIntosh, 11 Pleasant st, have plans for a 14-sty skyscraper, to be erected in the fire zone, for New York capitalists. Granite, brick, terra cotta and steel, steam heat, elevators, electric light, toilets, skylights, tiling, marble wainscoting, etc. The cost is estimated at $400,000.

BALTIMORE, MD.—It is reported that Sperry, York & Sawyer, Builders Exchange, Baltimore, have been commissioned to prepare plans for the new building of the Consolidated Gas Co., at the northwest corner of Lexington and Liberty sts. The structure will be 5 stories, fireproof, steel, stone and brick, steam heat, elevators, electric light, tiling, skylights, toilets, plate-glass, counters, desks, etc., at an estimated cost of $100,000.

HARTFORD, CONN.—From plans by Davis & Brooks, 49 Pearl st, Hartford, the contract for the heating and ventilating in the new Orient Insurance Co.'s building has been let to Bradley & Chapman, of Boston, Mass. A. B. Stannard, of 1133 Broadway, New York, is general contractor.

TROY, N. Y.—Jorgen J. Bork of Troy will build a house on 8th av. A dwelling will be erected by Neils C. Wonsel, on 8th av., between 11th and 12th sts. James Colgrove will erect a dwelling on 7th av. Edmund Broderick will remodel the brick buildings at 2142 and 2144 6th av, into flats.

CLEVELAND, OHIO.—The City Hall Commission has closed contract with Architect J. Milton Dyer, Cuyahoga Building, for plans for city hall to cost $1,500,000. To be located in grouping plan. Architect's fee fixed at $75,000.

PITTSBURGH, PA. — Denslow Brothers, of Allegheny, have purchased from the Mortgage Banking Co. 30x100 feet on the southeast corner of California and Arthur avs, Allegheny. By this purchase they have completed a site 80x100 feet, on which they will build a fine apartment house. It will be a 4-sty fireproof structure of the Colonial style and will cost $40,000. Architects Thomas W. Boyd & Son are drawing plans for the building.

M'KEESPORT, PA.—Architect M. Rosseau, Pittsburg, has plans in progress for a 6-sty brick and terra cotta firepoof hotel to be constructed on 5th av for Thomas White, at a cost of $70,000.

CHICAGO, ILL.—James Gamble Rogers has designed plans for the rebuilding of the Olympic Theatre, and they have been approved by the Building Department. The main auditorium is to be placed on the street level, and there are to be two galleries, balcony, fireproof stage, and an entrance through the Ashland block to Randolph st. The cost of the work is estimated at $90,000.

COLUMBUS, O.—Report states that John Griffiths & Son, of Chicago, Ill., has received the contract to erect a 12-story building for the Columbus Saving & Trust Co., at Long and High sts., to cost about $400,000.

DAYTON, O.—The executors of the estate of Miss Belle Eaker have turned over to the Y. M. C. Association $85,000 in cash, which will be used as an endowment, and the Eaker homestead, situated on one of the best corners in Dayton. It is valued at $100,000. The association soon will erect a building on the site to cost $350,000. The new building will be one of the largest Young Men's Christian Association houses in the country, and will accommodate a membership of 4,000. It will be 136x220 feet and eight stories high. The School Board will erect a school on Haynes st, to cost about $60,000.

Of Interest to the Building Trades.

If the New York and Lotus clubs decide to consolidate, a new clubhouse will be built on 5th av with the combined proceeds from the sale of the present houses and sites.

Mr. H. W. Taylor, of the firm of N. & G. Taylor Co., of Philadelphia, manufacturers of tin plate, sailed from New York August 9 on the S. S. "Kaiser Wilhelm II." for an extended trip abroad.

The Model Heating Company of Philadelphia, Pa., have removed from 716 Arch st, to 142 North 10th st, Philadelphia, and their New York offices and show rooms are now at 89 Centre st, New York City. They invite their clients to visit them at their new addresses, where every attention will be paid to their requirements and estimates furnished upon application.

Another judge impugns the constitutionality of the eight-hour law. Holding the law to be defective, Justice White of the Supreme Court, Brooklyn, has granted writs of mandamus to compel the city to pay $13,000 to the Brooklyn Alcatraz Company and $10,000 to the Uvalde Asphalt Company, payment of which had been withheld on the ground that both companies had, in the performance of contracts for city work, required their employes to work more than eight hours a day.

All of the great park and driveway projects, which are gradually making New York one of the most beautiful cities in the world, have been strenuously opposed at their inception as extravagant, and the antagonism of private, hence temporary, interests has had to be overcome. And yet in every instance the result has been a good investment for the City in increased real estate values, not to speak of the added beauty and attractiveness of the City, nor the pleasure given to its citizens, assets of incomparable value.

The salary of the Deputy Inspector of School Buildings has been officially increased to $3,000 annually.

Of the 495 buildings for which plans were filed in the Bronx during the first six months of this year, 237 are frame dwellings, 122 are brick tenements, 11 frame tenements and 61 brick dwellings. Only one dwelling costs more than $20,000. Eight stores, 6 office buildings, 9 factories and shops, 3 schools, 2 churches, 6 public buildings, 6 places of amusement and 11 stables are also in the list, but no hotels.

The executive committee of the Bricklayers and Masons' International Union, taking notice that the New York City unions have not obeyed the resolution passed at the last international convention, directing that fireproof blocks be set for any subcontractor who observes union conditions, has sent a peremptory order for the local unions to comply. When the unions signed their trade agreement with the Mason Builders' Association of this city a few weeks ago, the resolution of the international union was ignored. Last night a vote was being taken as to whether the edict should be honored or not.

Taken altogether, the building outlook throughout has improved during the past month. In some cities and localities business is quiet, but this is due to local causes and, in most instances, architects and contractors are hopeful for the future. Large fireproof construction work in great centers has been slow in coming out this season. In some quarters labor troubles are delaying operations, but, in a general way, business is not being interrupted from that cause to any great extent except in New York. No city reports that the coming election is having a pronounced effect on building operations. The greatest activity in the country is at Baltimore.

Specialists in Architecture.

Specialization has made great strides in the profession of architecture. Time was when a single architect with skilled assistants planned and designed buildings from cellar to roof, consulting an architectural engineer, perhaps, if the work was of such size and form as to involve serious engineering problems. Then came the era of architectural firms. One member of such a firm would be specially skilled as a designer, the artist of the combination; another acquainted with materials and methods of construction, so that he was able to superintend the work of the contractors; a third good at specifications or perhaps specially rich in friends and able to deal with clients.

Architectural firms in which men of various gifts participate are still numerous, but specialization has developed independent architects, who are consulted by many firms upon special problems. There are men who do little or nothing but write specifications, and others who are employed by many of their fellow-architects in preparing the colored drawings intended to make unimaginative clients see how a building will look when completed. Architectural engineering is more than ever a profession

in itself. Meanwhile, the architectural draughtsman has also had his development. English architects are surprised to find how large a share of important work in the offices of New York architects is left in the hands of so-called draughtsmen. These are often carefully educated young architects who hope sooner or later to set up independently or get into some established firm as junior partners. In some cases a draughtsman develops into a sort of managing clerk, just as some law clerks become the executive officers of important law firms.

Other draughtsmen are prized for the taste and skill in decorative design. Such men are sometimes employed to do a large part of a competitive design submitted for important buildings, public or private.

Questions and Answers.

REPAIRS.

To the Editor of THE RECORD AND GUIDE:

A lease reads: "A shall do outside repairs, and B shall do inside repairs." Who shall do the repairs for the front door?

Answer.—A.

WATER TAX.

To the Editor of THE RECORD AND GUIDE:

We have bought a piece of property, to which we were to have taken title on May 1. May 1 being on a Sunday, we took title May 2. We claim that the seller was liable for the water tax, inasmuch as it was a lien when we took title.

Answer.—The seller is liable for the water tax.

SIDEWALK IMPROVEMENTS.

To the Editor of THE RECORD AND GUIDE:

Can the City make an owner pay for relaying and repairing sidewalks in front of vacant lots, or in front of any premises where the sidewalks have once been put down.

"SUBSCRIBER."

Answer.—The City has full power to order and enforce improvements to sidewalks of a general character. Would advise that you call on the Superintendent of the Bureau at once and explain the difficulties in your case. Doubtless he will arrange the matter satisfactorily.

A SHADOWY CLAIM.

To the Editor of THE RECORD AND GUIDE:

A broker presents at our office a card as broker and desires a piece of property to submit to a client of his, who is not known to us. But instead he gives it to another broker, who finally effects a sale. But the buyer is not known to us. How can we prove our rights, if any, in the transaction?

Answer.—If your claim is for a share in the commission earned by the broker who has made the sale, that claim is very thin and shadowy, and is to be considered wholly in the realm of conscience, there being no privity between you and the broker who made the sale. The principle of novation requires so much to be proven, and is so difficult of application that it is useless in such a case.

ATTORNEY'S ALLOWANCE.

To the Editor of THE RECORD AND GUIDE:

A owns land lying in the bed of a proposed new avenue, and the Comptroller finally issued to A a warrant on the city treasury for the amount awarded by the commissioners for said land, plus interest at 6% for the term during which the condemnation proceedings have been in progress. B, an attorney, has been retained by A, the compensation of B to be 10% of the award received by A. B now claims to be entitled to 10% of the entire amount of said Comptroller's warrant, including interest allowed on award; but A maintains B is entitled only to 10% on the amount actually awarded by the commissioners, not inclusive of the interest, A claiming the allowance of interest is merely to make him (A) whole for the injury he suffers by delay in the payment of sum due from the city for his property, and not in any sense a payment of anything due for the land itself. Which is right, A or B? Can you refer me to a late case on the subject?

Answer.—Much depends upon the wording of your contract. We are not aware of any case upon the point, but as questions frequently arise as to the interest, requiring services of attorney in their adjustment, it would seem that the attorney's contract would cover both the award and interest.

WHAT IT MEANS.

To the Editor of THE RECORD AND GUIDE:

Will you explain what is meant by "Release Mort.," so often noticed in Record of last issue, May 14, 1904, and other dates, where land is taken for street opening? Is such property "released" (after notice is recorded) from assessment by city where taken for street, or is it still subject to assessment after taken by city (either land taken or adjoining land)?

How large a fee can an attorney exact or demand where no agreement is signed? Is there any limit by law? Has the court fixed any? Can any attorney exact or demand a fee from any property owner where he was not authorized by owner, or anyone else, to represent property? Is there no redress for owners in Greater New York against the injustice of such attorneys trying to exact money from land owners in such street opening proceedings by attorneys sending bills to owners where they were not even approached?

Answer.—Release Mortgage means that the mortgage has been paid, and that the particular property upon which it was a lien is released as regards the mortgage. It has nothing to do with assessments. An attorney's fee, where no agreement is made as to compensation, is of the same nature as the compensation of any other professional man, and is for the reasonable value of his services, considering time employed, skill necessary, the nature of the services, and what other attorneys are paid for similar services. No attorney can demand compensation for his services in any matter unless retained, or authorized to act or unless the client ratifies the act of the attorney in so representing him.

A MORTGAGE QUESTION.

To the Editor of THE RECORD AND GUIDE:

If a party after purchasing a piece of property, should borrow money on mortgage, giving his bond to secure same, and in course of time should convey said property to another party, and at or after the maturity of the mortgage should notify the mortgagee to call in the mortgage, that he would not hold himself liable for any defaults or deficiencies, and the mortgagee allowed the mortgage to continue on indefinitely, failing to call in the mortgage as instructed, would the party giving the bond be liable for any deficiency under foreclosure?

Answer.—So long as no formal extension has been given such notice should be accompanied by taking up the mortgage, which on the principle of equitable subrogation, would substitute the original mortgagor for the present mortgagee, and enable such original mortgagor to proceed against the security in such way as would best protect himself; but if the mortgage is not so taken up, the original mortgagor can not compel the present mortgage holder to foreclose the mortgage, or to bring suit upon the bond. But when there has been a formal specific extension to the rule is reversed, and the original mortgagor is released without taking up the mortgage. See Calvo vs. Davies, 73 N. Y., 211; Marshall vs. Davies, 78 N. Y., 414; Olmstead vs. Latimer, 9 Appel. Div., 163. A contrary view is, however, expressed in Remsen vs. Beekman, 25 N. Y., 555, in which it having been shown that the mortgaged premises were worth much more than the debt when the request to foreclose was made, and afterwards shrank in value, no deficiency judgment was permitted. And this contrary view is followed in Calgrove vs. Tallman, 67 N. Y., 95, and Russell vs. Weinberg, 4 Abbott's new cases, 139. In recent case of Gottschalk vs. Jungman, 78 Appel. Div., p. 171, it was held that where the mortgagee, after a transfer of the title of the premises covered by the mortgage, extends the time of payment of the mortgage debt, or refuses upon the request of the mortgagor to take proceedings to collect the mortgage debt, the mortgagor will be relieved from liability for any subsequent deficiency, if it appears that the whole debt could have been collected from the land, or that it was in value equal to the mortgage debt, and pro rato to the extent to which the property had depreciated between the time when the request was made and when the mortgage was foreclosed. And in the case of Hunt vs. Purdy, 82 N. Y., 488, it was not shown that mortgaged premises could have brought more at the time of notice than at the time of sale, or that principal debtor was less insolvent at the time of the notice than at the time of sale, and judgment for deficiency was denied.

Legal Decisions.

The Supreme Court of Pennsylvania has recently handed down a decision that will prove to be of much interest to those engaged in construction work. It will be especially so to master builders.

A strike was ordered on a building being erected in Philadelphia by the Allied Trades Council because of certain members of a local union not affiliated with the Allied Building Trades of that city being on the pay-roll. The strike was settled by discharging the members of this local union who, upon finding themselves out of employment, immediately proceeded to sue for a writ of injunction, upon the grounds that their discharge under the circumstances was unlawful and unjust. The lower court sustained them in their contention and the Supreme Court has recently most emphatically sanctioned the Court below in its decision.

A foreman having direction of mechanics and other workmen engaged with him in the construction of a building, is a fellow servant with such workmen in such sense that their common employer is not liable for an injury to a workman on the ground that the foreman was negligent merely in permitting the men to do work in a certain way which was more dangerous than another, but which was not adopted by his order. Fournier vs. Pike, 128 Fed. 991.

Where a building contract was substantially performed, and the contractors had seasonably offered to complete any work that might be found incomplete, and to make such slight repairs or corrections as might be required, the fact that it appeared, in an action to recover a balance of $3,860 due on the contract price,

that it would take $57.25 to complete the building, was no ground for denying a judgment establishing a mechanic's lien in favor of such contractors, since the sum required to complete was trifling, compared with the amount due on the contract. Windham vs. Independent Telephone Co., 76 Pac. (Wn.) 936.

Where an employee by command of his foreman placed himself in a position of danger and was injured, his knowledge of the danger would not defeat his right to recover, if, in obeying he acted with ordinary care, under the circumstances. Barnett & Record Co. vs. Schlapka, 70 N. E. (Ill.) 343.

Where a contract provided that the contractor should have part of the work done within thirty days from the date of the contract, and the balance as soon as "practicable" thereafter, the word practicable did not require the work to be done as quickly as it could be done with the best appliances and utmost facilities and with extraordinary diligence, but as soon as could be done by the exercise of due diligence and without unnecessary or unreasonable delay. Williams et al. vs. Rittenhouse & Embree Co., et al. 64, N. E. Rep. (Ill.), 995.

Causes for the Deterioration of Quality of Painting.

In an address before the recent New York State Association of Master Painters and Decorators, John Beattie, of this city, said:

The fault is not altogether the painter's, but still I think very little excuse can be made for him. Specifications call for certain standard goods; one can or package bought and kept on a job and taken away unused after it has accomplished its work of deception; a coat of glue as a substitute for shellac; cheap varnish coatings on ceilings and walls instead of paint, as a foundation coating; pure standard colors in oil for seven cents a pound—I might go on, but why enlarge.

There is no disguising the fact that it is more difficult to conduct an honest business to-day than it was thirty years ago. Men were given an opportunity of having a fair price and, as a rule, employers took pride in getting good results. I believe a large per cent of the customers would encourage straight dealing if they knew how to get it. But to-day the boldest front, the largest quantity of nerve, the least practical knowledge and a liberal supply of bluff, is the largest capital of many who are called decorators.

I am not at all hopeless, as I look forward, for I know, as conditions continue, the returns for labor investments grow smaller, and I am of the opinion we are near bedrock now, and it lays with us as employers to bring about a new condition or, in other words, restore the old. I think the suggestion of Brother White, of the English Association, will yet become the rule in our business here. His suggestion was to prepare standards of work, samples of flat, enamel, hard wood, etc., and in submitting a bid for work to conform to the sample. Then, again, I think if men who are desirous of being honest and of doing straight work should refuse to compete with the class of men whom they know to be swindlers, the disturbing element in our trade would soon reach its level. What in God's name is the use of figuring against such men; if you get the work there is no profit in it, and if you once step down from your proper plane it will be hard to regain your old position. I think the chief work of the association should be to raise the standard of work, and with persistent, steady effort along that line, in a very short time we will see a different condition. The best work done by the National in its history was testing of materials; if the work was done again it would be of great value to the association, as well as to the individual. A man could then have no excuse to make if he was found with others using poor goods.

Now the other prominent factor in bringing about the condition has been the labor unions, and their steady effort to curtail the output often make a man, in pure self-defense, attempt to pass work that he would not otherwise have done. Thanks to the punishment they inflicted upon us as employers; we have reached the point through organization where we are straightening that matter out. If I was asked to give one word that would express the conditions I would say "selfishness," and it is only by intelligent discussion that men can be aroused to realize their true condition.

Principles of City Land Values.

WHAT IS THOUGHT OF MR. RICHARD M. HURD'S BOOK—

(From the Ohio Architect and Builder.)

"The Principles of City Land Values," by Richard M. Hurd, President, The Lawyers' Mortgage Insurance Co., New York, is a book of worth to every real estate dealer, architect, builder and owner of business property. The volume was published last year by the Record and Guide, New York, but was not known in Cleveland until a conspicuous real estate owner found a copy in New York recently. He became so interested in the lessons taught by the book that he ordered several copies at the time, and has since ordered another set. He is industriously circulating them among his friends, with recommendations that they give strict attention to the statements of Mr. Hurd. The author, in preparing the work, took as his viewpoint the position of a conservative lender on real estate, and his object in compiling such statistics being to fill the lack which he found when trying to obtain such information himself. The book is replete with photographs, maps and tables, and contains many references to Ohio cities. Columbus and Toledo being taken as especially strong examples of different classes of cities, while Cleveland, Cincinnati, Akron, Dayton, Marietta and Canton are mentioned, Cleveland many times. It is the purpose of the Ohio Architect and Builder to obtain from the real estate men referred to some of the more important points of the book applicable to Cleveland for the next issue of the paper. (Published by the Record and Guide, 14 Vesey street, New York City.)

Domestic Architecture.

However satisfied the average citizen of the United States may be with the unprecedented financial and political development among the nations of the world, he has hitherto experienced an invincible diffidence in urging any claims for his country in the gentler realms of the arts. We delight to discover that the aborigines of America cultivated art, and that China, Japan and other semi-barbaric nations also cultivated art entirely beyond the province of modern criticism; but the best we have been able to say for ourselves is that we have always had a sneaking kind of regard for art, and that when business did not interfere we have endeavored, after a desultory fashion, to cultivate it.

In taking up the subject of architecture in this country, in an interesting volume, "American Renaissance," Mr. J. Wheeler Dow, the well-known New Jersey architect, has endeavored to show that by adaptation of the various styles to the needs of our people, there has been developed a special style which he terms American Renaissance.

The popular idea of American Renaissance, if the term were ever to become general, would be represented by the sumptuous estates of America recently erected in great numbers by millionaires; but, strangely enough, it would seem after a perusal of this latest commentary, that most of this distinctly modern architecture was designed in defiance of the vital theory of a dwelling-house, namely, the Anglo-Saxon home principle, and that it expresses American ostentation more often than American Renaissance. "The odd conceits of captains of industry in the Berkshires," mentioned in Chapter II., relates to this phase of domestic architecture, as does "The Crowding of New York," and the unfavorable comparison that is drawn between the great estates of America and those of Great Britain.

The author subdivides the subject again into well-defined periods, such as "The Grand Epoch" relating to the prosperity of the American colonies immediately preceding the Revolution and following it, and the "Reign of Terror," for instance, of exemplifying the culmination point of the outrageous circular work and the cupolas. The chapter upon "Adaptation" is particularly interesting as well as the one entitled "The Ancient Regime—and Andrew Jackson."

Chapter XI., concerning style, is also very readable, and certainly puts the theory of architectural design in a most picturesque and ethical way.

The main impediments in the way of good domestic architecture in America, the author considers to be American Commercialism, which the platform of President Jackson in 1829 is charged with apotheosizing.

As a book of reference the work is enhanced in value by a copious index, where every item of interest, every allusion bearing upon the author's theory of architecture, has been catalogued. The selection of illustrations is especially noteworthy, embracing many rare and beautiful examples of American domestic architecture, placed here within reach of the public for the first time, while the old favorites, such as Mount Vernon-on-the-Potomac, are well represented.

Gypsum Products.

Very manifold are the uses of gypsum, directly and indirectly, in the building trades. Calcined gypsum may be classified as plaster of Paris and wall plaster. Plaster of Paris is used principally in molding, for forming molds and plaster ornaments, especially such as are used in interiors. The glory of Chicago's White City might have remained an unrealized dream had it not been for the gypsum deposits of the country. In the plate glass industry thousands of tons of plaster of Paris are required annually for bedding the glass during the process of grinding and polishing. It is also employed as a filler in paper and as a minor constituent of some Portland cements. Some raw gypsum is used as a body for paint. Calcined gypsum prepared with glue and pigments, and sometimes called alabastine, is applied as a thin plaster to walls. The use of gypsum as wall plaster is most extensive, and because of its adaptability it has largely displaced lime and sand mortar as wall finish. To the many people concerned in the manufacture and use of gypsum, Bulletin No. 223, on Gypsum Deposits in the United States, which has just been published by the United States Geological Survey, will be of interest. The bulletin is published for gratuitous distribution.

CONVEYANCES

Whenever the letters Q. C., C. a. G. and B. & S. occur, preceded by the name of the grantee, they mean as follows:

1st.—Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

2d.—C. a. G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

3d.—B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed covenants, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it. The street or avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

4th.—The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same only one is given.

5th.—The figures in each conveyance, thus, 2:482, denote that the property mentioned is in section 2 block 482.

6th.—It should also be noted in section and block numbers that the instrument as filed is strictly followed.

MORTGAGES.

NOTE.—The arrangement of this list is as follows. The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headlines are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street, in these list of mortgages they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

The first date is the date the mortgage was drawn, the second the date of filing; when both dates are the same only one is given.

Subscribers will find mortgages in this list with the wrong block number attached. The block number we give is taken from the instrument as filed.

Mortgages against Bronx property will be found at the foot of this list.

August 5, 6, 8, 9, 10, 11.

JUDGMENTS

In these lists of Judgments the names alphabetically arranged and which are first on each line, are those of the judgment debtor. The letter (D) means judgment for deficiency. (*) means not summoned. (?) signifies that the first name is fictitious, real names being unknown. Judgments entered during the week and satisfied before day of publication, do not appear in this column, but in list of Satisfied Judgments.

The Judgments filed against corporations, etc., will be found at the end of the list.

Record and Guide Quarterly

The annual number of the Record and Guide Quarterly contains all the legal records for the past year concerning real estate and projected buildings, arranged alphabetically and numerically, with invaluable annotations. These are supplemented by tables of important transactions, with typical prices, covering the past quarter of a century or more, accompanied by expert comments; also by a list of realty corporations created during the past two years, with officers and the enterprises in which they are engaged. The whole makes a volume of reference which no real estate man can afford to be without. It should be on every desk and in every library. Its cost is as nothing compared to its value as a time-saver. This important work can be obtained, with three quarterly numbers, for the comparatively small sum of $20. It is published by the Record and Guide, at Nos. 14 and 16 Vesey St., where interested parties may see it and have its uses explained to them. If you cannot call, drop a postal card to the Publisher, or call him up on telephone 3157 Cortlandt.

Buildings Projected in Other Cities.

(Continued from page 353)

MERIDEN, CONN.—Robertson & Potter, 160 5th av, New York, have been selected as architects for the new Town Hall for Meriden, Conn. It will be 2-sty high, of brick, with marble trim, and is estimated to cost $150,000.

MERIDIAN, MISS.—Report states that the Meridian Terminal Co., recently incorporated, will erect a Union Depot in this city, at a cost of $250,000. C. C. Harvey, president of the New Orleans & Northern R. R., is reported interested.

MARION, PA.—A 2-sty cut stone chapel is to be erected for the Misericordia Convent at a cost of about $100,000. Plans have been completed for the building by Edwin F. Durang, 1200 Chestnut st, Philadelphia, Pa.

MINNEAPOLIS, MINN.—An armory to cost $150,000 is under consideration, and it is hoped to have the foundation ready before winter sets in. C. S. Hulbert, the City Treasurer, is a member of the Armory Board.

NASHVILLE, TENN.—A permit has been secured by the Russell Street Cumberland Presbyterian Church to erect at the corner of Ninth and Russell sts a handsome brick and stone church. The estimated cost of the building is $25,000.

ROCHESTER, N. Y.—Bids will be received Aug. 16 by Isaac Gibbard, President Board Managers State Industrial School, for erecting, including heating, plumbing, electric conduits and outlets for 16 frame cottages and 16 barns for said school.

POTTSVILLE, PA.—Ballinger & Perrot, 1200 Chestnut st, Philadelphia, Pa., are preparing plans and will shortly invite estimates for a shirt factory at Pottsville for M. Phillips & Son. It will be a 4-sty brick building of the slow-burning mill construction type with brick enclosed fire escapes. The dimensions will be 54x123 feet.

PHILADELPHIA, PA.—C. E. Schermerhorn, 430 Walnut st has awarded a contract to Seward L. Bowser for a 3-sty stone residence, 32x60 feet, for George H. Reger, on the south side of Venango, near 19th st. Horace Trumbauer, Land Title Bldg., has awarded a contract to D. W. Sperry for a casino on the estate of George W. Elkins, at Elkins Park. The same architect has awarded a contract to Doyle & Doak for the William L. Elkins Masonic Home for Orphan Girls, at Broad st and Hunting Park av.

PHILADELPHIA, PA.—Charles A. Idler will erect ten 2-sty dwellings, each 15x47 feet, on the southwest side of Clearview av, north of Tulpehocken st. The total cost will be $27,500.

GREENSBORO, N. C.—Hook & Sawyer, Trust Bldg., Charlotte, N. C., have been selected to prepare plans for a Carnegie Library to be erected here, at a cost of $30,000.

KINGSTON, N. Y.—Bids are wanted Aug. 15 for rebuilding the County Poor House, including mason, carpenter, roof and metal work, plumbing, heating and electric wiring. A. W. Williams, Chmn. Com. on Rebuilding County House.

LYNN, MASS.—A 6-sty brick factory building will be erected at the corner of Market st and Harrison court, opposite the P. Lennox & Co. plant, for Patrick Lennon. The new building, from plans by Wheeler & Betton, 59 Exchange pl, Lynn, will have a frontage of 40 feet on Market st and 140 on Harrison court.

CAMDEN, N. Y.—The Electric Light Comrs. are stated to have selected a site for the municipal electric light plant, and plans are being prepared. Bids will soon be asked.

WATKINS, N. Y.—Bonds to the amount of $20,000 have been sold by the Water and Sewer Comrs. to be used for the construction of a municipal electric light plant.

NIAGARA FALLS, N. Y.—The contract for constructing the canal of the Niagara County Irrigation and Water Supply Co. is reported to have been awarded to the Frontier Constr. Co. of New York.

HARTFORD, CONN.—Henry C. Dwight, Philip Hansling and Chas. G. Huntington are committee for South School district for purchasing land and erecting a new school. No plans as yet.

CHICAGO, Ill.—Architects Holabird & Roche, Monadnock Block, are making plans for a clubhouse and office building, to be built at and adjoining 150 Michigan av, for the Woman's Athletic Club, same address. Details have not been decided, but it will be of steel, fireproof construction and cost about $1,000,000. Figures will be taken next fall.

MANITOWOC, WIS.—Competitive sketches will be received up to Oct. 1 for a court house, to cost not more than $150,000. Charles Krause, chairman committee, Two Rivers, Wis.; C. A. Groffman, secretary, Manitowoc.

CHICAGO, Ill.—A syndicate composed of Joseph Beifeld, Sherman House; Aaron Jones, 178 State st, and P. D. Howse, 6011 Prairie av, have leased 13 acres of land at the southwest corner of 63d st and South Pk. av, and will build a fine amusement park on same. Luna Park and Dreamland will be moved from the World's Fair Park at St. Louis and installed in above park. There will be a dancing pavilion, theater and an immense restaurant, run on the plan of the College Inn at the Sherman House. Work will be started in three weeks, and the park will open next June; $250,000.

GLENS FALLS, N. Y.—The firm of Finch, Pruyn & Co. has been incorporated with the Secretary of State. The company is capitalized at $3,000,000. A new pulp and paper mill will be erected in connection with the business.

GOUVERNEUR, N. Y.—The plant of the Gouverneur Marble Co. was destroyed by fire. Loss, $90,000. Superintendent Maurice Eckman says the company will probably rebuild at once.

NEWARK, N. J.—The Miller Electric Co. has been incorporated to manufacture electric light, heat and power. The principal office will be at 16 William st. Capital stock, $100,000. Incorporators are Alexander A. Miller, August J. Miller and Edward H. Scattergood.

MADISON, Wis.—A mill costing $300,000 will be erected as soon as plans can be completed by the Eagle Portland Cement Co, which has been incorporated with a capital of $600,000. Between 600 and 700 acres of land have been obtained in the town of Eagle. Surveyors and engineers are locating the deposits, and as soon as they have completed work the buildings will begin. Lawrence Fardy, Sr., Wm. H. Lindwurm and James E. De Baufer are the incorporators.

BUFFALO, N. Y.—Reports state the Niagara County Irrigation & Water Supply Co. has plans at Lockport for new power canal that will cost $10,000,000. The route is from La Salle, where it takes in the water of Niagara River, to the Devil's Hole, below the falls, where there is a drop of 300 ft. A power house will be located at Devil's Hole that will produce 150,000 HP. The company is operating under charter of 1891.

JACKSONVILLE, Ala.—A contract was awarded Duke & Journey of Jacksonville for construction of a $100,000 cotton factory. Their bid was $36,000. The contract provides for building the mill, warehouse and stack.

DESPATCH, N. Y.—Despatch Heat, Light & Power Co. has been incorporated to manufacture light, heat and power. Capital, $500,000. Andrew H. Brown and Wilson W. Dowd, of Penfield and E. H. Denniston, of Brockport, are the incorporators.

NORWICH, CONN.—Michael J. Green, a silk manufacturer of Paterson, N. J., will erect a plant on Golden st. The main structure will be a two-story brick building, 50x202 ft, of mill construction. The plans also call for a power plant 19x51 ft.

CINCINNATI, Ohio.—All bids for constructing the Walnut Hills Carnegie branch library were rejected, being in excess of amount specified ($40,000). New specifications are to be drawn, and the trustees will re-advertise. Wm. A. Hopkins, Clk. Jas. W. McLaughlin, Arch., 409-410 Johnson Bldg.

GLEN FALLS, N. Y.—Finch, Pruyn & Co., incorporated with capital stock of $3,000,000, will begin constructing paper mills with a daily capacity of 75 tons and pulp mills of sufficient capacity to supply their wants.

CHICAGO, ILL.—Frost & Granger, 184 La Salle, have been selected as architects for the Northern Trust Co. Bank and office building, to be erected at n w cor of La Salle and Monroe sts. To be 12 stories, fireproof and steel construction and cost $1,000,000. The building on the present site will be wrecked May 1 and then work will be started.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given and the amount. The general dates used as head lines are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

JUDGMENTS.

In these lists of Judgments the names alphabetically arranged and which are first on each line, are those of the judgment debtor. The letter (D) means judgment for deficiency. (*) means not summoned. (†) signifies that the first name is fictitious; real names being unknown. Judgments entered during the week and satisfied before day of publication, do not appear in this column, but in list of Satisfied Judgments.

The Judgments filed against corporations, etc., will be found at the end of the list.

Vol. LXXIV. AUGUST 20, 1904. No. 1901

The Index to Volume LXXIII of the Record and Guide, covering the period between January 1, and June 30, 1904, is ready for delivery. Price $1. This Index in its enlarged form is recognized as indispensable to every one engaged or interested in real estate and building operations. It covers all transactions—deeds, mortgages, leases, auction sales, building plans filed, etc. Orders for the Index should be sent at once to the office of publication, 14 and 16 Vesey St.

IN spite of a good deal of adverse news the market for stocks has during the past week ruled strong. The depressing news related chiefly to additional injury to the wheat crop, and to the demoralization of prices in certain important branches of the finished steel trade. Apparently Wall Street did not believe that either of special disturbance, however serious, were of a kind to warrant any cessation of the bull movement. This movement is based chiefly upon the prospect of very large corn and cotton crops, marketed at good prices, and nothing has happened to make this prospect any less probable. The country can afford a short wheat crop, provided it is sold at good prices, while the cut in steel prices is likely to be beneficial to general trade. There can be no doubt that such cuts would have been made long ago had not the preponderant influence of the U. S. Steel Corporation been consistently exerted in favor of stable prices. But the time has come when not even the influence of this corporation can resist the effect of the existing conditions. The steel finishing mills are capable of producing a much larger product at the present time than the country is capable of consuming, and under such circumstances the cutting of prices is inevitable. It remains to be seen whether the Corporation can really produce more cheaply than its competitors, and so stand the pressure of severe competition. In the meantime, of course, consumptoin will be encouraged by the low prices, and the volume of general business should be increased. The incident, however, is not reassuring, and should teach outsiders to look cautiously on the bull campaign—particularly in view of the fact that the campaign is so largely professional.

APART from a few sales of private dwellings, the only real estate transaction of any interest announced during the past week is the sale of a half interest of the old Paran Stevens property at Fifth Avenue and Forty-fourth Street by the Century Realty Company to the United States Realty Company. The sale simply means, of course, that the former company desires to get rid of some of the expense of carrying such a costly parcel of real estate; and it means also, in all probability, that the parcel will have to be carried for some time before any final disposition can be made of it. It was intended originally that a hotel should be erected on the site, and, indeed, a hotel after the manner of the St. Regis would, under ordinary circumstances, be the most profitable manner in which the site could be employed. But just at present he would be a bold man who would put several million dollars in another Manhattan hotel, no matter how excellent the location might be. Three big new hotels will be opened this fall, and several more will follow soon thereafter. New York, in spite of the passing by of several older hotels, will be sufficiently well stocked with this sort of accommodation for many years to come, particularly since the new apartment hotels are also taking over part of the transient trade. Consequently, with a hotel out of the question and with no remaining club in New York sufficiently opulent to afford the property, the only other possible disposition of it would be its sale to a wealthy retail firm; and this is probably the best use to which it could be put. But considering that Tiffanys & Co. do not grow in every bush, the present owners of the property would do well to ease the burden of carrying it, by erecting some decent taxpayers upon it. It is yet to be seen whether the excellent demand for business property on the avenue will or will not be continued throughout the coming year.

DURING the week the labor troubles in the building trades have become more, rather than less, acute, and there are no trustworthy indications of a settlement in the near future. The fact that the mechanics composing the unions affiliated with the Building Trades Alliance have made a mistake is plainly shown by the disapproval with which the actions which led to the lock-out has been received by the officers of the general associations. The Building Trades Alliance is fighting against the best interests of union labor, rather than against the employers, and it is in the long run bound to go under. The announcement by the Employers' Association that, beginning with next Monday, they would hire individuals, apart from whether they were or were not members of the union, is simply an acknowledgment that the crisis is serious, and that the battle must be fought with every weapon the association can use. It proposes to adopt the policy which was found effective last fall of employing disaffected members of the union individually, and thereafter organizing them into new unions, which will be more loyal to the arbitration agreement. The association has no intention of establishing the "open shop" in the building trades of the city, and the policy of employing mechanics individually for the time being does not look in that direction. What the employers want is a well-organized building trade, consisting of associations of masters and mechanics which recognize each other's interests and rights; and the open shop, even if it could be established, would not contribute to such a result. Whether completely organized or not, the mechanics would strike whenever it suited their apparent momentary interests to do so; and what the trade needs above is freedom from arbitrary and sympathetic strikes. Such strikes, when they can be called by irresponsible delegates inevitably offers the opportunity for grafting, with which the trade used to be honey-combed; and whether or not Mr. Weinseimer is guilty of the charge just made against him, the regime which he is trying to restore in the building trades is the regime of dishonesty and extortion. As long as strikes, which may cost an employer thousands of dollars, can be called arbitrarily, the temptation to unfair dealing is acute and frequently proves to be irresistible—particularly under the condition of high pressure characteristic of building in New York; and the Employers' Association cannot rest until such strikes have been made impossible.

THE proposed ordinance in respect to fireproofing, introduced by Alderman McCall, is a very less objectionable revision of this section of the Building Code than the one recently vetoed by the Mayor. It simply provides that all buildings more than 100 feet in height shall be fireproofed in the same manner as buildings 150 feet in height are now fireproofed. The regulation as so amended avoids most of the objections which prompted the Mayor to veto the other ordinance, and it will not be opposed by the Building department. It looks, consequently, as if it would finally be incorporated in the Building Code; and in spite of the fact that it appears to be framed in the interest of certain special fireproofing materials, it is a good thing that it should be so incorporated. Any revision of the code that looks conservatively towards a higher standard of fireproof construction has a presumption in its favor; and the proposed new regulation is much more conservative than the one recently vetoed. The Record and Guide would have preferred to see the figure 120 substituted for the figure 100 in the ordinance; but it cannot be said that the standard required is excessive for buildings as high as 100 feet. What the ordinance means is that office, loft and apartment buildings containing ten, eleven and twelve stories, in which fireproofed finish and metal sashes are not required at the present time, will have to be fireprdofed in the same manner as buildings sixteen and eighteen high. As a great many ten to twelve story buildings are now erected by speculative builders and as buildings of at least these heights must be erected on land of a certain value, the new regulation will introduce very considerable changes into present methods of construction; and its effect will be to encourage builders to add one or two floors to buildings which at present do not go higher than twelve stories. Only by so doing can they get back the extra money spent on additional fireproofing. What the ultimate effect of the ordinance will be is uncertain, but probably the special interests which have favored the change will be disappointed in the issue. The final result is likely to be the substitution of some other less inflammable material for wood, whether fireproofed or not.

A New Plan For Manhattan.

IN the "Field of Art," of Scribner's Magazine for August, Mr. Ernest Flagg makes quite the most startling and original suggestion, which has yet been forthcoming, towards an improved plan for the Borough of Manhattan. His point of departure is, of course, the deplorable lack of thoroughfares, which run the whole length of Manhattan Island and afford abundant space for the moving of traffic throughout the entire distance; and he is right in believing that no replanning of Manhattan Island, which ignored the necessity for additional longitudinal lines of transit, would be worth very much to the city. He also remarks that the most important alteration to the original plan of Manhattan Borough, viz.: the creation of Central Park, has rather intensified than diminished the disadvantages of the original plan. Occupying, as it does, a width of three whole blocks from Fifty-ninth Street to One Hundred and Twenty-Fifth Street, it makes Sixth and Seventh Avenues useless for the purposes of thorough communication, while at the same time it hampers the growth of both the East and West Sides by preventing communication across that part of the city except at comparatively few points. Consequently, what Mr. Flagg suggests is nothing less radical than doing away almost entirely with Central Park as it now exists, and using the money thereby obtained to open a magnificent thoroughfare and parkway from Fourteenth Street to the Harlem River.

Mr. Flagg's scheme may be described more in detail as follows: He would have the city purchase all the land between Sixth and Seventh Avenues, Fourteenth Street and the Harlem River, which it does not own at present. This space would be connected on the south with Varick Street by a broad avenue, and Varick Street itself would be widened and cut through to Broadway. Above Fourteenth Street the blocks between Sixth and Seventh Avenues would be laid out partly as a wide thoroughfare and partly as a park, and the cost of purchasing it would be obtained by selling off the unused portions of Central Park. The scheme would have the advantage of giving Manhattan the Grand Boulevard that it needs at a comparatively small expense, and without diminishing the available park space. What park space there was would be better distributed and more accessible than it is now; and the carrying out of the scheme would impart vigorous life and a handsome appearance to what is at present the dullest and least attractive part of Manhattan Borough.

All these are great and undeniable advantages. Indeed, we should call Mr. Flagg's proposed replanning of Manhattan the only really grandiose project yet suggested which possesses even the semblance of being practical. In case it could be carried out, it would make New York a much more beautiful and convenient city than it is at present; and it is very much to be wished that it could be carried out. We agree entirely with Mr. Flagg in what he says about the existing plan of Central Park. That plan constitutes a very pretty piece of naturalistic landscape gardening; but naturalistic landscape gardening is inappropriate in a large rectilinear park completely surrounded by buildings. Such a park should be planned formally, so that the comparatively straight lines of its plan could meet at convenient points the straight lines of the city's plan. The irregularity of Central Park is both inconvenient and out of place. Such a pleasure ground in the midst of a large city should, for the most part, be planned in a frankly utilitarian and artificial manner, and little attempt should be made to imitate the inimitable effects of nature. The formal park which Mr. Flagg has in mind would be less of a retreat than Central Park now is, but more of a playground. It would not necessarily eschew certain sinuous lines and so-called naturalistic effects, but all such details would be subordinated to the major considerations of convenience and propriety.

But while Central Park, as planned at present, is a good deal of a mistake, it is so popular a playground that no responsible city official or commission would dare to propose that it be diminished and changed. The mass of the city's population are wholly unconscious of the extent to which both the appearance and the economy of the city suffers from its ugly and inconvenient plan; but they are highly conscious of the value of Central Park as a playground in hot weather, and they are very much attached to the present lay-out of the Park. It is a tradition with New Yorkers that the plan of Central Park is one of the most charming in the world; and every metropolitan boy and girl has memories of good times passed in some of its many nooks and retreats. It is the sort of park which endears itself to the people and makes them forget that its pretty effect is gained at the expense of economy and propriety. But the popular attachment to its winding walks and shady nooks is so strong that there is no chance that such a scheme as that of Mr. Flagg could be adopted during the life time of the existing generation.

There are also certain practical difficulties which might well make the plan too expensive, when its cost came to be figured out. The existing buildings not only on Fifth Avenue and Central Park West, but on all the streets and avenues near these thoroughfares, have been erected because of the presence of a large park in the neighborhood; and should that park be removed, the city would have to face heavy suits for damages as well as vigorous and determined opposition on the part of the aggrieved property owners. It is possible that this opposition might be placated by adding a wide parkway to Central Park West and to Fifth Avenue between Fifty-ninth and One Hundred and Twenty-fifth Streets; but if this were done it would very much diminish the amount of land which the city would have to sell, and consequently the amount of money which could be applied to the Grand Boulevard; and the city would need all the money it could get in order to carry out the scheme, because while it would sell vacant land it would have to buy land and improvements. Among the buildings which would have to be condemned under Mr. Flagg's plan, would be all the big department stores on the west side of Sixth Avenue, including Macy's; all the hotels, theatres and opera houses on Broadway from Thirty-fourth Street to Forty-second Street; all the apartment hotels between Sixth and Seventh Avenues north of Forty-second Street, and many big hotels and apartment houses above. All this would mean an expense which would be enormous and almost incalculable.

Mr. Flagg's plan, ingenious and well conceived as it is, only affords another illustration of the extreme difficulty of suggesting any radical change in the plan of Manhattan Borough which would be both adequate and possible. The enormous price of real estate on the one hand, and on the other the constitutional restriction forbidding the city to purchase more land than it actually needs, set up insuperable obstacles. At bottom the chief problem is always one of finance, and the City Improvement Commission should give as much attention to the problem of paying for any improvements they propose, as to the proposing of the improvements.

FROM all accounts it is evident that the St. Louis Exposition will be a financial failure, and that only the best secured of the company's creditors will get back their money. Furthermore, an exposition which is a financial failure is also necessarily a popular failure. For some reason or another the people of the country have not been sufficiently interested to flock to St. Louis in very large numbers; so that some $30,000,000 have been spent for a big show in that city, and no returns obtained either in popular amusement, popular instruction or in local advertisement, commensurate with the outlay. We need not stop to inquire how far this failure has been due to the policy of the exhibition management in sacrificing the quality of the show to its size. It is possible that a smaller exhibition, but one more novel and entertaining, would have lost less money than the existing exhibition will loose; but if so, the smaller loss would probably only be the result of smaller expenses. It appears that St. Louis erected a larger exhibition than it could afford; but at any rate the exhibition business has been overdone. Chicago had the advantage of novelty, of extraordinary beauty and of a much larger population living within a radius of a few hundred miles. But it was succeeded by small local shows in different parts of the country, and by the recent Paris and Buffalo exhibitions. It was natural consequently that the St. Louis Exhibition should not provoke any very lively interest. People who have been to visit it return very lukewarm in its praises, and nobody gets the impression that by missing the exposition he will miss anything of unique value. The truth is that you cannot make a great national exposition in a middle-sized provincial city. Chicago was the capital of the West and undertook the work of organizing and designing a national exhibition in a large national spirit. The only other cities in the country which might accomplish a similar feat are Washington and New York; and in the course of the next fifty years probably both of those cities will try to duplicate the performance of Chicago. New York has, of course, advantages for the site of a national exhibition such as no other city in the country enjoys. It has the advantages of great wealth, large population in its immediate vicinity, financial and business prestige, enormous hotel capacity, and a larger number of competent architects than any other city in the country. What it lacks at present is a site that would be both sufficiently large and sufficiently accessible, and consequently it would be foolish to plan such an enterprise until the rapid transit routes now projected are executed.

The Latest Building Ordinance.

VIEWS OF ARCHITECTS AND BUILDERS NOT UNANIMOUS IN THIS CASE.

Opposition to the McCall amendment to Section 105 of the Building Code is being manifested on the part of some builders and architects, notwithstanding the favorable attitude toward the measure that the Building Department has taken. The subject has not yet been brought to the attention of the Legislative Committee of the Building Trades Employers' Association, and no official action has been taken by that body. Builders, as a rule, may be expected to look with disfavor upon any new regulation which might have a tendency in their opinion to reduce the amount of building because of the increase of cost. Still, there is a very general opinion that the pending measure will be enacted, and substantially in its present form; and among architects there is less opposition than the previous proposition to set the limit at 75 feet was confronted with.

Charles H. Israels, of Israels & Harder, architects, who appeared before the Mayor in opposition to the other ordinance, said this week that he thought it regrettable that so little confidence is shown in other "fireproof" materials than metal-covered wood or chemically treated wood for interior trim. These are the ones stipulated by law for use in structures over 150 feet in height, while for asbestolith, ligmolith, etc., special permits must be secured. He also considers that everything tending to make buildings less combustible is an improvement, though increasing the cost. This increase in cost would naturally tend, it would seem, to decrease the amount of building. On the other hand, the new amendment would restrict the inexpensive class of buildings to 100 feet instead of 150, decreasing the amount of available space in each structure, which fact, in turn, would as naturally tend to promote further building.

"Assuredly," said Mr. Israels, "the new ordinance, if it becomes a law, will create a new type of building. The majority of structures will become 99 feet 11 inches, that is all, instead of 149 feet 11 inches, as at present."

Franklin B. Ware, the architect, said: "I am opposed to this amendment the same as I was to the previous one. The same objections apply so far as architects and builders are concerned, the difference between the two propositions being only twenty-five feet."

At the office of the Thompson-Starrett Company it was said: "The existing ordinance, which fixes the limit at 150 feet, is satisfactory to us, and we are not in favor of a change."

Paul Starrett, President of the Geo. A. Fuller Company, said: "It is just more of the same stuff. We would have the same objections to this as to the previous ordinance. I cannot approve of fireproof wood in buildings of any sort. The amount of exposed wood under present regulations is so small, it does not afford food enough to support a conflagration. I think builders will be almost unanimous in opposition to the measure."

Mr. Croxton, of Charles A. Cowan & Co., 1123 Broadway, general contractors, said: "I don't think it is a good thing. One hundred and fifty feet is the proper limit. This law would hinder building most decidedly; it would stop 25 per cent. of fireproof construction."

Vice-President Stevenson, of the Tidewater Building Company, said: "You can say we are opposed to any change in the existing law at the present time, as there is a section requiring buildings over 150 feet in height to be built fireproof. The proposed ordinance would be a great detriment to the building trade, and the increased protection to the public so slight as to be of no practical benefit."

MR. T. W. LAMB'S VIEWS.

Mr. Thomas W. Lamb, of No. 3 East 28th street, said he would welcome any innovation that would make buildings less combustible, and would increase tenants' feeling of security. He does not believe the proposed amendment would materially decrease the amount of building or increase its cost to any considerable extent. The cheaper grade of building would be as extensive, only the individual structures would be lower. The builders of, and investors and speculators in, mercantile structures would readily conform to the new statute and be enabled to lay better propositions before prospective clients. Opposition is always shown at first to every advance step proposed, as the new regulations controlling theaters, churches and other public buildings; but very soon owners and builders see how these very steps react to their credit and benefit. Mr. Lamb speaks from experience, as he is architect for the improvements at Weber & Ziegfield's Music Hall, formerly Weber & Field's, and at the Dewey Theater.

Thomas Graham, architect, 45 West 21st st, said: "I have given the matter of the fireproof question some thought, and in my judgment New York City has had enough drastic fireproof measures enacted to amply protect the city in that line. The measure calling for fireproof wood should be entirely suppressed. There is no such thing. Any process that may be used makes the wood very undesirable to work and to look at, so that it will not receive a proper finish like the natural substance. And after two or three years' exposure it reabsorbs from atmospheric conditions properties that make it again inflammable.

"There might be some excuse to try the experiment on a battleship; but for offices and residences no earthly use unless it is to give some company with a patented process the privilege to bleed the investors and improvers of real estate. The measures already enacted are amply sufficient, and have not failed to give proper protection in one single instance. I find by experience the best fireproofing is to use as little as possible of any kind of wood. A good building can now be erected with scarcely any inside trim. The small amount used can be metal-covered, the same as the public halls of our ordinary tenement houses. Jambs of window openings can be plastered clean up to the window frame, with bull-nose, rounded angles. All other parts being fireproof, this makes a pretty safe non-combustible structure, and I will challenge the world to produce better than we now erect in this Empire City. Cut out freak legislation, and let New York architects and builders have a change to proceed under our present excellent laws without annoying or disturbing them in their operations."

Schwartz & Gross, of 35 West 21st st, said: "Inasmuch as the woodwork of a fireproof building constitutes only a small part of its inflammable contents, there is not much gained by fireproofing it, so long as there remains so much non-fireproof material within the building which would feed a fire. Regarding the matter of covering window frames with metal or fireproofing them, this I think would be also of very little service as a fire retardent, so long as the glass in the sash is non-fireproof. If this measure is to be of any service, the glass should also be fireproof, but this is objectionable on account of additional cost."

Frederick C. Zobel, of 24 East 21st st, said: "I approve the 100-ft. limit as being reasonable, and especially the elimination of fireproof wood for outside window frames; in fact, I do not approve of the use of fireproof wood, believing that metal window frames are the best fire protection. I think the measure a good one, and ought to be passed. The cost of building I do not believe will be materially increased."

Growth of Queens Borough.

Queens must be already in the beginning of that wonderful growth which the building of bridges and tunnels over and under the East River will compel. Up to August 6th there had been filed plans for 1,112 new buildings. The actual number of plans was 908, which is 208 more than were filed in the borough during the same period last year. Of the total number of structures 172 are brick and 940 are frame.

Block after block of houses is rising on Ridgewood Heights, Wyckoff Heights and the south side of Newtown, and building is also extensive at Evergreen and on Germania Heights. Every visitor to the pleasant countryside, now radiant in the garb of the summer time, falls under its fascination. The shady drives and glades, the music of the breeze through the treetops, the sweet prefumes of nature, the encircling lawns, especially the restfulness of things, have altogether an indescribable charm for city shut-ins. Anyone who can sink down into a seat in the park at Flushing, shaded by the canopy of elms and cooled by the musical spray of the fountain, without saying to himself, "I'd like to live here," must be some favorite of fortune who has a park of his own.

In Flushing plans have been filed so far this year for 114 houses, while 358 is the number in the town of Jamaica. Out in the Rockaways 69 new buildings have been started. Long Island City, with its magnificent water-front and multiplying railroads, is certain to have many more factories before long. Among the large works now going on there are the Pennsylvania powerhouse, which will cost $450,000, and is half completed; a cereal mill, to cost $100,000, and gas works, the largest in the world, to cost $8,000,000. Compared with the building in other boroughs, the 1,112 new structures in Queens exceeds the total number for the Bronx for the same period, and is about a third as many as Brooklyn has planned for since the first of the year.

A. W. McLaughlin & Co. Incorporate.

In line with the recent tendency among many of the older and more prominent firms in the real estate field is the incorporation of A. W. McLaughlin & Co. with a capital of $100,000. The papers filed at Albany on Friday name as directors A. W. McLaughlin, E. A. Walton, A. D. Payne, Charles L. Weyand and R. H. Lawder.

The character and extent of the business taken over are too well known to readers of this journal to require extended comment. Mr. McLaughlin, the president of the new corporation, established the business in 1887, gradually extending the same to its present position, embracing dealings with practically all lending institutions and borrowers of prominence. Mr. E. A. Walton, the vice-president of the new organization, has been long known in connection with the business of fire insurance, and is a director in several old established New York City financial institutions. Mr. Walton succeeds his son, the late Howard Walton, for several years Mr. McLaughlin's partner, and whose death occurred in March of last year. Mr. Arthur D. Payne, the treasurer, is well known as having been associated with Mr. McLaughlin practically since the inception of the business, and in that connection has closed many of the most important loan contracts made in this city. Mr. Lawder, the secretary, who has been with the firm for the past five years, had previously many years of practical banking training with the Ontario Bank of Canada. Mr. Wey-

and's connection with the business has been somewhat shorter, but his wide acquaintance among builders, and practical knowledge acquired while engaged in the building material trade, as well as from his connection as director in corporations supplying such trade, specially qualify him for this work. Many of the largest building transactions of recent years have been financed through the firm which this corporation succeeds. The former policy of the business remains unchanged.

St. Joseph's Normal College.

John E. Kerby, 452 Fifth avenue, New York, has awarded the general contract to build St. Joseph's Normal College at Pocantico Hills, Westchester County, New York, and work was started this week. Particulars of this new institution for Westchester were printed in the Record and Guide for July 30th. The building will contain class rooms, gymnasium 18 feet high, refrectories, and living apartments, besides all modern conveniences and appointments. It will be heated by steam and provided with combination gas and electric fixtures. It is expected to be completed by next spring. The cost is estimated at $250,000. In addition, there is to be a chapel in the rear measuring 120x45, with a height of 50 feet. The interior will be finished in ornamental plaster in the style of the French Renaissance. The trim will be of oak. There will be an organ loft opposite the sanctuary. The main entrance to the building proper will be in Caen stone. The approaches have been completed, borings made for water, and blasting is being done for the excavation. The structure is to be the novitiate and mother house of the Christian Brothers for this district, their present novitiate having been acquired by the city, as it is part of the water-shed at Amawalk. The new building will be situated on the highest point of Westchester, overlooking the Sound, Long Island, and the Jersey Hills beyond the Hudson. Brother Joseph is the head of the order, and Brother Christian, the treasurer, has charge of the work. Their city house is at No. 60 2d street.

Tapestrolea burlaps is a good thing to use on walls. It looks better than cartridge paper, it lasts much better than any kind of paper, and it does not tear or peel off. Tapestrolea is made in all widths, and can be used in all kinds of places. It is not too expensive for an inexpensive building, and is suitable in the finest offices and most luxurious homes. The Richter Mfg. Co., Tenafly, N. J., make Tapestrolea, and send samples free.

A pamphlet called "Concrete Construction" has recently been sent out by The Engineering Company of America, 74 Broadway. The booklet is well gotten up and well printed on good paper, and has an attractive cover. It is, moreover, something beyond an ordinary trade circular, it is really a carefully prepared monograph of the subject of concrete construction, and should be secured by every one who is at all interested in this old, but only recently revived form of construction. Cement concrete construction is rapidly coming into favor, and this latest addition to the literature of the subject is a valuable one.

Did you ever have any trouble with valves on steam radiators? Almost everyone who has had anything to do with steam heating has had "valve troubles" of one sort or another at one time or another. All these annoyances can be avoided by the use of the right kind of a valve, the automatic and properly made kind. The Norwall automatic air valve never fails in doing its duty; it never gets clogged, it never refuses to open when it should, and is never open when it should not be—it is self-adjustable and absolutely self-operating. The manufacturers will send one valve free to any one who will ask for it. The Norwall Mfg. Co., 136 Jackson Boulevard, Chicago, Ill.

For years something has been demanded by architects and painters to fill the pores of brick, stone and plaster, and protect the surface from the effect of storms and the atmosphere. Parker, Preston & Co. (Inc.), Norwich, Ct., is putting on the market an article that seems to fill the requirement. It fills the surface completely, and creates a water-proof surface that sheds the water perfectly. It is also an excellent protector, and adds greatly to the durability of brick and stone, and prevents stains. For painters' use, to prepare brick, stone and plaster for painting, it fills the pores of the surface, stops suction, and provides a perfect and safe foundation for painting. There being no glue in its composition, all danger of chipping or scaling off is done away with, and the painter has a perfect foundation for all after painting. And with the advance in architectural designs has come the demand for the pretty effect of shingle stains; in fact, the improvement has been so great, the color so delicate and rich, that the staining of buildings, both sides and roofs, has to some extent superseded the old style of painting. Parker, Preston & Co., of Norwich, Ct., make a high grade stain from their Waterproof Brick and Stone Filler.

New York City to Build a Hospital in Rockland County.

The Board of Health of the City of New York, has asked permission to establish a hospital or camps for the treatment of patients suffering from pulmonary tuberculosis, on the range of mountains back of Thiells, known as the Cheesecoots, in the town of Haverstraw, Rockland County, N. Y. The initial expenditure for building will be $50,000, but the ultimate expenditure will be far larger. Bids for construction will be advertised for as soon as the site is secured.

At a meeting of the Town Board of Haverstraw, last Friday, Dr. Darlington, President of the New York City Board of Health, was present and explained the situation to the Town Board. He said the consumptives of the city that came to their institutions were the poor of the city, inasmuch as persons of means seek improvement by entering private sanitariums. So it was for the poor, who cannot afford to go to the private places, the poor, principally, that the institution on Cheesecoot was to be established. He stated that if permission should be granted, buildings to the extent of $50,000 would be contracted for immediately. There would be a main hospital, doctors' and nurses house, light plant and storage house.

A Haverstraw physician, when asked by the Town Board for his views, expressed himself in favor of permission being granted. He stated that there wasn't the slightest possibility of such an institution being a detriment to the community. The patients would be brought to the institution in a private car from the city, and inmates would not be allowed to leave the grounds. The sewage would be chemically destroyed. It was also stated that many thousands of dollars would be expended aside from the original expenditures of $50,000. The matter was laid over until the next meeting of the Board, on Friday evening, Aug. 26.

Gossip of the Week.

Sixty-five sales is the total of the business reported for the week just ended, with the sale of a half interest in the Paran Stevens plot, at Fifth avenue and Forty-fourth street, as the leading item. Two other sales out of the ordinary run were reported, on a trade of a mercantile building at 24 and 26 East Twenty-first street for three other parcels, and the other a sale of the loft building at 113 to 117 Spring street. For the same week last year there were fifty-two sales reported.

SOUTH OF 59TH STREET.

8TH AV.—William H. Falconer has purchased, through Van Vleit & Place, from the estate of W. H. Bartlett the store and dwellings, 24 to 28 8th av, near Abingdon sq, 56-foot front and irregular depth.

GOERCK ST.—L. Aronowitz has sold 34 Goerck st, southeast corner of Delancey st, a 7-sty loft building, on lot 25x100.

PERRY ST.—Bernhard Freund has bought from Woolsey Carmalt 99 Perry st, a 5-sty tenement, on lot 28x96.3.

DELANCEY ST.—F. J. E. Carroll, of Miles & Helfer, has sold to Jacob Weinstein 242 to 246 Delancey st and 47 Sheriff st, three 5-sty ten-room houses with stores, and one 4-sty corner, each 25x75. This plot has been held by one family for nearly half a century. The buyer has resold to Aaron Goodman.

AVENUE B.—Charles Lowenfeld has bought from Lipman & Gold 97 and 99 Avenue B, a 6-sty tenement on plot 40.4x93.

Office Building Sold.

21ST ST.—N. A. Berwin & Co. have sold for Frederick C. Zobel to Randolph Guggenheimer the new 9½-sty office building on lot 50x110, at 24-26 East 21st st, adjoining Broadway. This building has just been completed and has a rent roll of $45,000. In part payment for above, Mr. Guggenheimer gives 9-13 Walker st, a 6-sty mercantile building on lot 60x107, also 1578-1588 Lexington av, six 3-sty and basement dwellings on plot 100x75, and two vacant lots at the corner of 189th st and Audubon av.

26TH ST.—Lowenfeld & Prager have sold to Henry Kalchim 326 East 26th st, a 5-sty tenement on lot 24.8x98.9.

3D AV.—Lowenfeld & Prager have resold to the New Amsterdam Realty Co. the southeast corner of 3d av and 26th st, a 4-sty tenement on lot 24.8x97.7.

SPRING ST.—Sol Stern has sold for Ludwig and Eugenie Rothschild 113 to 117 Spring st, two 5-sty store and loft buildings, on lot 75x100, the asking price has been $300,000, but it sold for something less.

MONROE ST.—Riedler & Rapaport have sold for a Mr. Katz the 7-sty tenement 175 Monroe st, 25x100, to A. Litrownik.

22D ST.—Aaron Goodman has bought 142 East 22d st, a 3-sty dwelling, on lot 20x98.9. James Keenan holds title.

50TH ST.—Richard V. Harnett & Co. have sold for a client 38 West 50th st, a 4-sty dwelling, on lot 20x100.5. Columbia College leasehold.

Sale of a Paran-Stevens Plot.

5TH AV.—The Century Realty Co. has sold to the United States Realty and Construction Co. one-half interest in the old Paran-Stevens plot at the southeast corner of 5th av and 44th st. The plot is 96 feet 10 inches on 5th av and 150 feet on 44th st. It will be recalled that the purchase from the Paran-Stevens estate in 1903 was by a syndicate of financial and real estate men, including Messrs. Henry and Jefferson Seligman, Edmund L. Baylies, and Percival W. Clement of Vermont. It was sold by this syndicate to the Century Realty Co. in May of this year. No announcement is made as to the plans for disposing of or developing this property, although it is known that several propositions concerning its development or relating to its division have recently been under discussion. The title to the property is now held by the Fifth Avenue and Forty-fourth Street Co. The directors of the United States Realty & Construction Co., just elected, are H. S. Black, W. H. Chesebrough, R. G. Babbage, and John M. Stoddard.

Real Estate Notes.

Chas. E. Duross, 155 West 14th street, has leased for the estate of Cathrine Aspell the northeast corner of 8th avenue and 28th street to Ph. Brady, a 4-sty building on lot 25x65, for a term of years, at an aggregate rental of $35,000.

A meeting in the interest of organizing a local board of real estate brokers in the Bronx, will be held in the North Side News building on September 9.

Broadway, between Kingsbridge and the city line, is to be regulated, graded, curbed and flagged as soon as plans can be prepared and bids received. The building of a trunk line sewer left the roadway in a deplorable condition.

Sol. Stern was the broker in the sale of the Wellesley at the northeast corner of West End avenue and 81st street, a 7-sty apartment house, on lot 127.5x102. The Wellesley is one of the few 7-sty apartment houses that is fireproof. The price is said to have been about $500,000. The three lots recently sold by Mr. Stern on 3d avenue, south 173d street, have not been sold before in sixty years, the buyer is Charles L. Hoffman.

G. Carlucci & Co. have leased for Esther Isenberg to a client the three 6-sty buildings, 341 to 345 East 105th street, for a term of 5 years at an aggregate rental of $40,500.

Chas. E. Duross has leased the loft building at 848 Washington st, for a Mr. Gruber to a client for a term of years.

Questions and Answers.

AS TO WRITTEN AUTHORITY.

To the Editor of THE RECORD AND GUIDE:

In the sale of real property located outside of the State of New York, the seller, purchaser and broker all being residents of the Borough of Manhattan, is it necessary for the broker to have written authority in order to collect his commission on the sale? There is no question regarding employment by verbal agreement.

Answer.—No.

A COMMISSION CASE.

To the Editor of THE RECORD AND GUIDE:

A, the broker, offers to B two lots, and effects a sale. After contract was signed, A offers to B, in presence of owner, four other lots. B said he could not buy same. About two weeks after B meets the owner and tells him that he may have a purchaser in a few days for the other four lots. B effected the sale and collected full commission. Is A entitled to a part of said commission?

Answer.—No.

HINTS TO A COLLECTION AGENCY.

To the Editor of THE RECORD AND GUIDE:

Will you inform us whether a collection agency is obliged by law to have an attorney representing it so long as its collections do not involve court proceedings? Also, is there anything illegal in the use, by a business firm, of the words "Law and Collection Department" on its stationery, when there is no attorney connected with the firm? If so, would it be corrected by leaving out the word "Law," and would the words "Collection Department" be allowable?

Answer.—(a) No. (b) Leave out word "Law."

DEFECTIVE TITLE.

To the Editor of THE RECORD AND GUIDE:

If a broker conclude negotiations for an exchange of property, contracts being signed, and no agreement being made as to when the broker's commissions are to be paid, although the amount is agreed upon with each of the respective parties, should the title to one of the parcels prove defective, and for that reason the titles do not pass, is the broker entitled to his commissions, and if so, from whom?

Answer.—If the broker has an agreement with the owner of the defective title, by which such owner is to pay any part of the commission on such exchange, he can collect such part of said commission from said owner (see Knapp v. Wallace, 41 N. Y., 447; Valley v. Baker, 132 N. Y., 1, and Gilder v. Davis, 137 N. Y., 504). But no portion of said commissions is collectible from the owner of the marketable title. (See Milton v. Lowenstein, 90 Supreme Ct. 155, and Muscowitz v. Homberger, 15 Miscellaneous, 645.)

HE HAS EARNED IT.

To the Editor of THE RECORD AND GUIDE:

Will you kindly let me know through your paper if I can take action against the owner of a property to whom I brought a purchaser, both parties having agreed, but no contract signed at the time, having to await the action of the bank in increasing the mortgage; but the day before we were to sign the contract he came to my purchaser and said he had changed his mind in regard to selling, after the bank sending an appraiser and granting the request, and my client then ready with his money, he refused to sell or to pay me my commission. The question is, was it necessary to have the owner's signature to the selling of his house or the signing of the contract, or if a verbal agreement in presence of witness would hold the same in court?

Answer.—The broker has earned his commission. (See Mooney vs. Elder, 56 N. Y., 238.)

WHO WILL TRIM THE HEDGE FENCE?

To the Editor of THE RECORD AND GUIDE:

A rents a house in the suburbs from B. The lot, 100x100, has a hedge for a fence. The hedge has been allowed to grow until it is over the sidewalk. The village authorities have notified the tenant and also the owner that the hedge must be cut and trimmed. Who must keep the hedge trimmed, the owner or tenant, if there is no lease, or where there is a lease, and nothing is said about the tenant making any repairs? The tenant claims that he is not compelled by law or custom to keep the hedge cut and trimmed, as the owner, having planted the hedge instead of putting up a fence, he is obliged to keep the hedge trimmed, as if it was a wooden fence he would be expected to keep it in repair. I have spoken to many owners and tenants regarding same, and there is a big difference of opinion.

Answer.—The village authorities have the right to require of either the owner or the tenant obedience to its requirements, or the payment of a fine; and it is therefore immaterial to the village authorities which person they attack. Neither the landlord nor the tenant could require the other to do this, or to pay for it if done.

SETTLE IT.

To the Editor of THE RECORD AND GUIDE:

Kindly answer the following: A is the purchaser of an old building, for which he pays a large sum, with the intention of moving same. He makes contract with B, who is owner of the building and property upon which it stands, to have the building removed on or before the first of August. Owing to the great demand for house-movers, he is unable to get one to work before the 8th of said month. (a) Can B, the former owner of said house, claim title to the house? (b) Can B prevent the present owner from trespassing on his property, thereby preventing him from progressing with the work? (c) If A had started with the moving on the first, could he have been prevented from progressing with the work on the 2d, if the building was not wholly removed from the premises? (d) If B can take these steps, must he bring action through court, and what action must he take?

Answer.—B can prevent trespassing on his property to remove building, but B is not the owner of the building, and the excuse that A can get no house-mover before August 8th is not available as against his contract to have the building moved on or before August 1st. B can enjoin A (or those in his interest) from trespassing upon his property, or in case of trespass can claim damages for trespass. Better settle with B.

In Memoriam.

Office of S. H. Stone, Real Estate Mortgages, 135 Broadway, New York, August 15th, 1904.

To the Editor of THE RECORD AND GUIDE:

I was shocked to read about the death of the late James E. O'Hara. Will you permit me (I consider it a privilege) to testify to the kindliness and squareness of Mr. O'Hara's character. The real estate men have lost a good friend in the passing away of Mr. O'Hara, especially those whose experience, such as mine, extends back many years. I especially remember Mr. O'Hara's kindness in giving me advice many years ago when I was young in the business. I always appreciated his character.

Permit me to extend to yourself and his family the assurance of my most sincere sympathy in your great loss.

Your very sincerely, S. H. STONE.

The WORLD OF BUILDING

The Labor Situation.

The arrest and indictment of Philip Weinseimer, the president of the Building Trades Alliance, on the charge of extortion, was the sensation of the week in building circles, which are deeply engrossed and to some extent amused by the efforts of the Alliance to break up the general Employers' Association. The exposure of the vulnerability of the head of the new board of walking delegates is generally regarded as a sign of the ultimate collapse of that energetic body as at present constituted. In view of the fate of Sam Parks, it had been supposed that his successor was proof against criminal proceedings, and it causes some surprise to learn that he is not. Until the unions are represented by men of impregnable character, the courts must continue to be the ally of the employers.

The indictment charges Weinseimer with extortion in accepting from George J. Essig, a plumber, of No. 29 Hancock place, Brooklyn, $1,000 on December 21, 1903, with a promissory note for $200, payable at the Hamilton Bank, One Hundred and Twenty-fifth street and Park avenue, on February 19, 1904, and six other promissory notes bearing date of January 2, 1904, each bearing the promise of George J. Essig to pay $250 on the following dates: March 10, 1904; April 10, 1904; May 10, 1904; June 10, 1904; July 10, 1904, and August 10, 1904. The indictment further charges that the $1,000 and the several notes were obtained from George J. Essig by Philip Weinseimer by means of threats to injure, annoy, harass and obstruct him in his business and prevent him from properly carrying on his business. The sum charged as extorted is $2,700 in all.

The speed with which the indictment followed the arrest is believed to indicate that District Atorney Jerome will try to take the same procedure with Weinseimer that he took with the late "Sam" Parks, and push the case to a speedy trial. The indictment at this time obviates the necessity of a public hearing in police court. Weinseimer's bail was furnishel by the People's Security Company of 277 Broadway, which is taking a prominent part in labor matters. Daily are conferences about labor matters held in its commodious offices. The company is capitalized at $200,000. Maurice B. Mendham is president and Frank A. Acer, who has been retained as the personal counsel of Weinseimer, is general manager. Mr. Acer says the company has lawyers in every court to look after the interests of labor men. Each member of the union pays a fee of $1 a year, which means service for him or any member of his family. The company takes up damage suits for labor men on a basis of 20 per cent. It was to the offices of this company that Essig and Weinseimer resorted for the conference at which Essig says he made a payment to Weinseimer, immediately preceding the arrest.

Speaking to a representative of the Record and Guide, on Thursday, Mr. Acer said the present war in the building trades would end in the Employers' Association being broken up, and the men would then deal directly with the contractors.

ARBITRATION PLAN CRITICISED.

"The way the arbitration plan works is this," continued Mr. Acer. "Whenever a difference arises two people are chosen to represent the employers and two to represent the labor union. They organize and have a stenographer, who takes all the evidence and makes a record of the case. As an invariable rule, the employers are coached by attorneys who know the value of making a record. The labor men have no such help. They have session after session and draw things out as long as they can. Each side has to pay half the expense, and then after all the testimony is in they try to agree. The result is they never agree. Under their arbitration plan when the board cannot agree they pick a fifth man, who is known as the umpire, and he decides the case solely on the record as made. The result is he can return but one decision, and that is in favor of the employers, because of the employers' greater experience, and in their being assisted by attornevs, while the labor men are not. The latter are defeated by the time the record is completed. No fair-minded man could under such conditions and with such a record before him render any other decision. Never has there been a decision in favor of the men—not one."

On Thursday the officers of the Tile Layers' Association, through Mr. Acer, made application to Supreme Court Justice Dickey in Brooklyn for an order directing the Employers' Association to show cause why it should not permit the members of the Tile Layers' Association to go to work wherever they are employed throughout the city. "It is a serious question," replied Justice Dickey. "I am in grave doubt whether I can enjoin these contractors and compel them by injunction to put these plaintiffs to work." The Judge signed an order returnable next Monday. In response to an invitation from the emergency committee of the Building Trades Employers' Association, representatives of about twenty unions not involved in the present strikes and lockout met the emergency committee on Thursday night at the Building Trades' Club. The object of the invitation, according to the employers, was to find out exactly what these unions are going to do on Monday when the ultimatum of the Employers' Association goes into effect. The meeting was a friendly one and the employers have hope that these unions will remain neutral.

DISINTEGRATION AMONG THE STRIKERS.

Signs of disintegration among the strikers are beginning to appear. Several of the unions that were on strike have given assurances that they will return to work next Monday. Among these are the metal lathers and the felt and waterproofers, which, together with the elevator constructors, have accordingly been expelled from Mr. Weinseimer's Alliance. Several locals of the Brotherhood of Carpenters have also given assurances to this effect. This leaves out the plumbers, plasterers, tile layers, electrical workers and a portion of the carpenters. On Monday all members of the locked-out unions desiring to return to work, and willing to sign papers under the arbitration agreement, will be accepted as individuals and put to work. The employers do not contemplate the open shop and positively have no intention of introducing it, as they assert that all their plans are based on the arbitration agreement, and that they intend to pursue the same course as was done last year, which is, if any union prove refractory, to employ men individually under the arbitration agreement in the trades represented by these unions and then form them into unions under the agreement.

The work of the members of the association is not being held up as seriously as might be supposed. Except in the branches in which strikes have occurred, it is not being materially interfered with.

Paul Starrett, president of the George A. Fuller Co., speaking for his own contracts, said: "Things are going along very nicely on our work. On the Trinity building we have all the men we can employ at present. On the new Times building, the carpenters and plumbers are out, but they were up to a part of the building where it doesn't make much difference. On the Hippodrome the men did not strike. The delegates could not call them out. I don't think the strikes will last long. I think the different unions will see that they are getting into trouble and will go back next week."

The expectation is that work will be resumed next week, in the idle branches, to a very considerable extent. A prolonged contest is not expected; soon the better element will assert itself in the unions on strikes, as it has done heretofore; only it seems to take some time to overcome the influence and authority of the walking delegates. However, there seems to be dissatisfaction even among the best men with some of the results of the arbitration plan. On the first three days of the week some alarm was caused by the Alliance Board calling men out of a number of important buildings where they were at work; but either the men did not strike at all or afterward returned to work, so that the employers had no occasion to extend the lockouts. No communications are passing between the Association and the Alliance Board; when necessary the employers address the unions direct. Work on the subway appears to be proceeding with nearly a full force.

Throughout all the talk of strikes and lockouts in Manhattan, most of the building operations in the Boroughs of Brooklyn, Queens and the Bronx have gone calmly on. The latest reports from the brooklyn Bureau of Buildings show that there has been but a slight falling off in building operations, at least so far as plans and specifications filed are concerned. The year promises to be one of the most prosperous ever experienced there, and that is the reason which has caused many builders to wish for a continuance of peace. On the contracts of John Kennedy & Sons, who have the Williamsburgh Trust Company building and a department store annex jobs, the carpenters and plasterers are still on strike, having gone out in sympathy with the mason laborers. The iron and metal workers are still on the jobs. The journeymen plumbers' strike has apparently settled down to be a long and bitter struggle. A number of employers, to show their determination to starve out the men, have left town on vacation trips, and there is no possibility of a resumption of work in their shops until they return. Others have found themselves obliged to pay the new rate of $4.75 on some jobs that it is necessary to have completed at once, but they are not regularly agreeing to the demands of the union.

Steps are being taken to strengthen trade relations between the Employers' League of Brooklyn and the Building Trades Employers' Association, to the extent that hereafter locked out men and strikers from Manhattan will not be given work in Brooklyn, and vice versa, nor will material be sent from one borough to another to be used against the interests of either association in cases of strikes or lockouts. It is expected that an agreement to this effect will be ratified.

Chelsea's New Church.

Plans have been completed by Turner & Kilian, of 9 Maiden lane, for a new church edifice for the Second Associate Church of New York (Presbyterian), now occupying an old structure of the Greek temple type at Nos. 29-31-33 Seventh av, a plot 92.6x100. The new building will be 40.6x95 in size, and will be 1-sty in height with gallery, basement and cellar. It will be in the Gothic style and will occupy part of the plot now covered by the old building. The rest of the plot will be utilized for a 6-sty non-fireproof elevator apartment house to be built by the church. The basement of the church will be of light brick, while the superstructure will be of wash brick with Indiana limestone trim. The interior trim will be of oak. The roof will be of the open timber type with ceiling between sheathed with oak. The organ-loft will be located behind the pulpit; at the opposite end will be the gallery. The seating capacity will be 500. The basement will contain the Sunday-school room and janitor's quarters. The building will be steam heated and lighted by electricity. It is estimated to cost $30,000.

The apartment house will cover a plot 52x100, and will provide accommodations for 4 families on a floor. It will be steam heated and supplied with combination gas and electric light fixtures. The basement will be of light brick and the superstructure of light brick with Indiana limestone trim. The facade will end with a parapet of terra cotta in a style somewhat Gothic. A wrought iron railing will extend across the width of the building and there will be wrought iron fire escape balconies in an ornamental design. The board of trustees, of which Robert Knipe, 16 Leroy st, is president, are the building committee. The work for both buildings will be let under one general contract, excepting plumbing, heating, electric work and elevator, which will be issued separately.

Material Market.

THE CEMENT SITUATION.

Cement manufacturers and dealers have the same old story to tell. Summer activity in construction has not been sufficient to advance prices. While the consumption has increased, it has not yet absorbed the surplus product, and prices are low with no immediate prospect of an advance. One result of the present situation is to depress the inferior grades even more than Portland cement. At present prices Portland cement is being used in many cases where a cheaper article would be taken if Portland cement prices were not so low.

Cement manufacturers are discussing the possibilities of the increased trade in connection with the Panama canal construction. When work is under way, it is expected that one million barrels a year will be consumed until the canal is completed. There is still uncertainty as to whether the government will undertake to manufacture its own cement. The general opinion is that such a course is not practicable.

Cement and stone are at war over the construction of the New York State Canal locks. Col. Thomas W. Symons, a member of the advisory board of consulting engineers of the 1,000-ton barge canal project, says the answer of the engineers to the demand of stonecutters, stonemasons and bricklayers, in reference to the construction of canal locks was to be found in the specifications now being prepared and which will call for the construction of cement locks. The stonecutters, stonemasons and bricklayers have demanded that the locks be built of stone. Col. Symons says cement is better than stone, and that if stone is used it will increase the cost of the canal by several millions of dollars. This means cement will be used.

While the Baltimore rebuilding has started at last, and though there is a great deal of concrete construction to be done this year, cement makers do not expect any material increase in sales there until next year.

Mr. Hiram Snyder said: "There is nothing in the cement business just now to justify any extended remarks about it. Prices have gone lower than I have ever known them, and conditions have been unusually poor. Personally we can not complain, as we have got our share of whatever was going; but generally the condition has been one of unprecedented depression, and there is nothing to be done except to weather it through in as philosophical and conservative manner as possible, and wait for the improvement, which must surely come along."

The revival of business at the plant of the old Warners Portland Cement Manufacturing Company, at Warner, N. Y., apparently depends on the success of efforts to sell an issue of $150,000 6 per cent. bonds of the Mohawk Portland Cement Company. A statement was made this week that Currie Bros., of New York, brokers and bankers, are selling the issue at 95. Edward Joy, of Syracuse, who is trustee for the bondholders of the old company, some time ago received an offer for the property from the Mohawk company. The plant of the Warners Portland Cement Manufacturing Company has not been running for two years.

TIN PLATE.

It is admitted by tin plate manufacturers that the demand for material has fallen off considerably, and that the closing of more mills would not be surprising. No tin plate association exists, and prices have been on the decline for several weeks. In the first half of the year stocks were accumulated in order to provide for shipments in the summer months, and no activity to speak of is anticipated before the close of the current year.

REDUCTION OF WIRE PRICES.

Directors of the American Steel & Wire Co. and of several independent manufacturers of wire products decided to make an official reduction of 10 cents in the prices of all kinds of wire goods. The products most affected by this reduction are wire nails, the prices of which are lowered 10 cents per keg, making the present price $1.80, f. o. b., Pittsburg instead of $1.90 as formerly. This action was forced by the apathetic condition of the market and the constantly increasing accumulations at the mills. For several weeks concessions of 5 to 10 cents per keg had been made by many of the smaller producers, and it was therefore deemed expedient to reduce the official prices to those already recognized by many of the mills.

AN ARTIFICIAL STONE FEATURE.

The artificial stone trade is making steady progress, though at first a plant of slow growth. Said a manufacturer: "The word 'artificial' was against us, and architects and builders said they did not want anything artificial in their plans. But by patience and assiduity, convincing them that the treatment of the product made it as perfect as a natural stone, we overcame their objections and got them to adopt it. Successive trials have confirmed the good opinion of its merits and the day of up-hill argument is passed for good."

An excellent specimen of the work of this sort may be seen in Elihu Root's house at Park avenue and 71st street, which is three stories, of Harvard brick, with limestone base and trimmings, facing over 80 feet on the avenue and 42 feet on the street and on the areaway. It is topped by a cement-stone cornice of massive proportions, being 9 feet 2 inches deep, 4 feet 10 inches of this taking in the base course for the balustrade, including the railings. The overhang is 2¼ feet, and the balusters are over 2 feet. All the heavy chimney caps and belts are of the same material. The artificial stone has all the outward appearance of the limestone around it, and can not be told apart on any ordinary inspection. The architects are Carrère & Hastings.

What is Scientific?

"The System of Real Fireproofing" must be, first of all, Scientific.

In this as in other Matters it is the First Step that Costs.

Unless the System of Fireproofing put into our Buildings be really Scientific, that is Fundamentally Correct, there exists, so long as our Buildings exist, a Weak Spot in them—the Enemy, so to speak is in our Rear.

But what is Scientific? In a measure Everything is Scientific—even most of the Inadequate Methods of Fireproofing now Offered to the Public—which recalls the Story of

An Architect who wanted a Glass Ruler.—Stepping into the Store of a well-known Maker of Instruments He asked: "Can you let me have a Strip of Absolutely Straight Glass about two feet long?" "Absolutely Straight!" was the Exclamation. "Well as Near as you can go to it" was the reply. "Yes, we will make it for you" said the Maker of Instruments. "What will it cost?" asked the Architect. "About One Thousand Dollars" replied the Maker. "For a Two Foot Strip of Glass!" exclaimed the Architect. "Oh No," said the Maker "that will cost you only Ten Cents, But if you want us to go as near as we can to Mathematical Exactness it will cost the remainder—Nine Hundred and Ninety-Nine Dollars and Ninety-Cents for the Labor and Skill the work will necessitate."

A System of Fireproofing to be Scientifically Correct must be more than Plausibly Sufficient, must do more than show-up well in a Catalogue or in the Blazing Talk of a Salesman.

There is only One System of Really Scientific Fireproofing.

Building Operations.

Contract for the Geo. A. Fuller Company.

George A. Fuller Company, of New York, has received the contract to erect the Seigel department store building, at the corner of Washington and Essex streets, Boston. This will be one of the finest stores of its kind in that city. It will have eight stories and contain every modern improvement. The total amount involved in the whole enterprise is over $5,000,000. Architects, Winslow & Bigelow.

Village Hall for Bronxville.

BRONXVILLE, N. Y.—Messrs. Jardine, Kent & Jardine, 1262 Broadway, New York, have awarded to Earl & Kingsley, of 28 Dock street, Yonkers, N. Y., the general contract to build a "Village Hall" in Bronxville, the gift of W. V. Lawrence and Frank R. Chambers to the town. Foundations for the building are now being laid. It will contain police station, circulating library, and swimming pool. It is to be of stucco and wood, in the Colonial style, and is estimated to cost $36,000.

Big Apartment House Plans Ready for Estimates.

CENTRAL PARK WEST.—Plans are now ready for estimates for the 12-sty $1,250,000 apartment house, 204.4x90 feet in size, for Boehm & Coon, of 31 Nassau street, which will be erected on Central Park West, extending from 73d to 74th streets. The structure will be of fireproof construction, and will have an exterior of Indiana limestone and light cream-colored brick, with copper roof, and ornamental bronze doors and balconies. There will be apartments for 46 families, six electric elevators, and telephones for each apartment. Clinton & Russell, of 32 Nassau street, are the architects. The owners will receive all bids.

Plans for New Public School.

119TH AND 120TH STS.—Plans have been completed by C. B. J. Snyder, 500 Park av, for a new public school building to be situated on the north side of 119th st, and the south side of 120th st, 175 feet west of 7th av, for the City of New York, at an estimated cost of $250,000. The building will be 4 stories in height, slag or gravel roof, with facades of light brick, stone, terra cotta, and Indiana limestone, measuring 150x200 feet in size. There will also be copper and glass skylights, galvanized iron and terra cotta cornices, inside fireproof stairways, steam or hot air heat, electric light, hard wood trim, best plumbing and toilet fixtures, etc. As soon as plans are approved bids will be advertised for in the usual way.

Particulars of Plans for the House of W. K. Vanderbilt, Jr.

Preliminary plans for a new residence for W. K. Vanderbilt, Jr., to be erected at Nos. 666-668 Fifth avenue, are being made in the office of Messrs. McKim, Mead & White, 160 Fifth avenue, as was announced in the Record and Guide some months ago. Details of the project have, however, become more definitely decided since then. The two old 4-sty brownstone dwellings will be demolished and an entirely new structure will be built, instead of altering the present buildings as was at first contemplated. The plot, 50x100 feet, adjoins on the north the large residence of W. K. Vanderbilt on the northwest corner of 52d street. This is considered by many to be the handsomest city residence in America. The new house will resemble in style, design and material the older one, and will assure to Fifth avenue another splendid architectural acquisition.

School Contracts.

The following contracts have been let by the Board of Education for work on schools in Manhattan: to P. J. Carlin Construction Co., at $615,000 for erecting the Stuyvesant High School in Manhattan and $305,000 for erecting Public School No. 38. Other bidders on the high school were: Remington Construction Co., $669,000; Patrick Sullivan, $637,000; Richard E. Heningham, $634,450; P. J. Walsh, $633,000; Thomas Cockerill & Son, $664,000. For School No. 38: Waters & O'Connell, $314,896; Patrick Sullivan, $313,000; Richard E. Heningham, $319,873; P. J. Walsh, $318,000; Thomas Cockerill & Son, $344,000; Alfred Nugent &

Son, $316,000; William Werner, $318,120. In Queens, Alfred Nugent & Son received the contract for erecting addition to School No. 4, at $147,000. Other bidders were: Clarke & Stowe, $156,600; George Hildebrand, $163,946; Waters & O'Connell, $159,996; Peter Cleary, $161,950. In Brooklyn, the contract for erecting Erasmus Hall High School was awarded to John Thatcher & Son, at $267,600. Other bidders were: John Auer & Sons, $273,760; The P. J. Carlin Construction Co., $290,000; Richard E. Heningham, $269,981.

Reconstruction in Maiden Lane.

MAIDEN LANE.—Frank H. Quinby, 99 Nassau st, is making plans for extensive alterations to No. 57 Maiden lane, an old 5-sty brick building, for James Gibson, Jr., of 63 William st, who will occupy it as a restaurant, making the fourth of his restaurant enterprises in this vicinity. Mr. Gibson will take title to the property about Sept. 15, soon after which date contracts will be let and the work started. The entire building will be reconstructed, practically making a new structure. There will be new front and rear walls, new floors and partitions, new steam heating and electric lighting apparatus, and all other modern improvements. The kitchen will be on the top floor, the others will be utilized as the restaurant. There will be an electric elevator. The work is estimated to cost about $20,000.

The Lackawanna Terminal.

Kenneth M. Murchison, Jr., of 5 West 31st street, New York, is preparing the architectural plans for the new terminal at Hoboken, N. J., for the Delaware, Lackawanna & Western Railroad Co. The main building will be of steel and concrete, 2 stories high, with a length of 500 feet and a depth of 260 feet. There will also be a 2-story emigrant station, 200x90 feet in dimensions. Mr. Murchison is the architect for the terminal improvements at the foot of West 23d street, plans for which have been given such deserved and widespread publication. It is presumed that the Hoboken improvement, though larger, will be similar in design and construction to the New York terminal. The railroad company have, however, not finally settled upon a definite architectural scheme. But as stated heretofore, ferry slips will be added and new double-decked ferryboats will land passengers on a wide concourse similar to the Pennsylvania ferry in Jersey City. South of the present Pier 5 will be built a modern pier, with iron superstructure 88 feet wide and 1,340 feet long, and on Pier 9 is now being erected a coal-dumping machine which will lift a car and empty it. Work is advancing on a large freight house extension fronting on Ferry street, which will be 415 feet long and several stories high, and also on the construction of six modern tranfer bridges to be used in handling freight, and replace those destroyed by the late fire. General offices are at 26 Exchange place, New York.

Apartments, Flats and Tenements.

MACDOUGAL ST.—Bernstein & Bernstein, 72 Trinity pl, are preparing plans for three 6-sty tenements, 38x62 feet, for 64 families, to be erected at the southeast corner of Macdougal and Houston sts, estimated cost $120,000. Abbate & Alvino, of 50 Spring st, are the owners.

33D ST.—Sass & Smallheiser, 23 Park Row, are busy making plans for four 6-sty brick and stone tenements, 39.8x86.6, for H. and E. Maran, of 233 Henry st, to be located at Nos. 211 to 229 East 33d st, at a total cost of $180,000.

116TH ST AND PLEASANT AV.—Plans are being prepared in the office of Sass & Smallheiser, 23 Park Row, for the erection of three 6-sty buildings, 46x73, 48x77.4, and 40x81 feet, for Samuel Greenstein, of 432 East 121st st, to be erected at Nos. 451 to 453 East 116th st and Pleasaot av, Nos. 301 to 303, at an estimated cost of $145,000.

SPRING ST.—A. Arctander, 520 Willis av, Bronx, is preparing plans for a 6-sty 22-family flat, 28.2x86 feet, for the Empire City Realty Co., of 7 Pine st, to be erected at Nos. 286 and 288 Spring st, at a cost of $30,000.

143D ST.—Jacob H. Amsler, 1159 East 169th st, is making plans for two 6-sty flats, 37.6x86.11, for 17 families each, for Mulligan & Tiernan, of 551 East 134th st, to be erected on the north side of 143d st, 350 ft. west of Lenox av, at a total cost of $60,000.

9TH ST.—Geo. Fred. Pelham, 503 5th av, is making plans for four 6-sty tenements, 40.9x80.11, for Geo. J. Klein, of East Houston st, same to be erected on 9th st, east of Av D, at a total cost of about $150,000.

WASHINGTON AV, Bronx.—In the office of Gillespie & Carrel, 1123 Broadway, plans are under way for a 5-sty flat for 10 families, 25.6x88, for Ernest Wenigmause, 179th st and Monroe av, same to be erected on the west side of Washington av, 260.6 ft. south of 178th st, Bronx, to cost $18,000.

ELIZABETH ST.—Kurtzer & Rentz, Bowery and Spring st, are making plans for a 6-sty brick store and tenement, 20x91, for 11 families, to be built at 239 Elizabeth st, for Peter Arcritelli, of 239 Elizabeth st, at an estimated cost of $23,000.

126TH ST.—Horenburger & Straub, 122 Bowery, are making plans for three 6-sty brick tenements, 48.3 (with stores), 46.6 and 46.6x86.11 deep, to be built on the south side of 126th st, 150 ft. west of Amsterdam av, for Lippman & Gold, of 64 East 111th st, at a total cost of about $120,000. There will be accommodations for 65 families.

AV A.—Horenburger & Straub, 122 Bowery, are making plans for a 6-sty brick tenement, 52x90, for eight families, to be built on the northwest corner of Av A and 12th st, for Lippman & Gold, of 64 East 111th st, at an estimated cost of $55,000.

CENTRAL PARK WEST.—Charles W. Romeyn, 55 Broadway, is preparing plans for a 12-sty apartment house, 100x125, to be built on the southwest corner of Central Park West and 65th st, for Franklin Haines, of 11 Broadway, at an estimated cost of $750,000. The Thompson-Starrett Co., of 51 Wall st, have the general contract. Excavating is now under way, but no other sub-contracts have been issued.

THIRD AV, Bronx.—C. B. Meyers, No. 1 Union sq, is preparing plans for three 5-sty 18-family flats, 33.5x88, for Finkelstein & Sugarman, of 1724 Pitken av, Brooklyn, same to be erected on the east side of 3d av, 289.10 feet north of 174th st, Bronx, at a total cost of $75,000.

LORILLARD PL., Bronx.—Franz Wolfgang, 787 East 177th st, is preparing plans for a 4-sty 13-family flat, 50x75.4, for Magdalena Marx, of 10th st, near 4th av, Williamsbridge, to be situated on the west side of Lorillard pl, 173.8 feet, north of 3d av, Bronx, at a cost of $28,000.

CROTONA AV, Bronx.—Elias A. Goldstein, of 121 St. John's pl, Brooklyn, will erect on the northwest corner of Crotona av and 170th st, Bronx, one 5-sty 15-family flat, 39x104.9 ft., at a cost of about $50,000. B. E. Stern, of 160 5th av, is making the plans.

147TH ST, Bronx.—M. J. Garvin, 3307 3d av, is making plans for three 5-sty flats, 42x87 ft., for 20 families, to be erected on the north side of 147th st, 322.35 ft. east of Bergen av, Bronx, at a total cost of $75,000. William Rankin, of 119 West 77th st, is the owner.

162D ST.—Neville & Bagge, 217 West 125th st, are preparing plans for five 5-sty 16-family flats, to be erected on the south side of 162d st, 400 ft. east of Broadway, at a total cost of $250,000. Philip Meirowitz, of 620 West 115th st, is the owner.

156TH ST, Bronx.—Harry T. Howell, southwest corner of 138th st and Third av, is making plans for a 5-sty brick and stone apartment house, 51.9¾x89, to be built on the north side of 156th st, 248.5¾ west of Courtland av, Bronx, for Messrs. Noble & Gauss, at an estimated cost of $45,000. All improvements.

WENDOVER AV., Bronx.—Harry T. Howell, southwest corner of 138th st and Third av, is making plans for two 5-sty brick and stone apartment houses, 42.8¾x90 and 39x88, to be built on the northwest corner of Wendover and Fulton avs, Bronx, for the Jerry Altieri Co., at a cost of $90,000. All improvements.

Mercantile.

A 6-sty warehouse for Samuel Weil, of 222 Lenox av, has been started at 380-382 Greenwich st, northwest corner of North Moore st, from plans by Louis Korn, of 31 West 33d st. It is a busy scene, as work is being pushed by the contractors, Charles A. Cowen & Co., 1123 Broadway. The soil being sandy, retaining walls of planks have been built along the embankments. Some excavating is still being done, though the plot, 50x100, is almost cleared now. Pier footings are being laid, and as some are finished, iron columns are being placed. The location is in an old part of the city, containing few modern improvements of this kind. Building has, however, received an impetus recently on this thoroughfare, as witness these structures rising at the northeast corner of Dey st, the northwest corner of Fulton st, and at Nos. 278-282 Greenwich st; and that recently completed at No. 276 Greenwich, the Mattlage Building.

BOWERY.—The estate of N. and U. Tompkins will build a modern store and loft building on the northwest corner of the Bowery and Great Jones st, now occupied by an old 3-sty and attic brick building of the old dormer window style, a relic of Dutch days, and of a type fast disappearing from Manhattan. William T. Comstock, publisher, of 23 Warren st, an executor of the estate, is having plans drawn by William J. Dilthey, of 1 Union sq West, for reconstructing the present building. Several stories will be added, and modern improvements installed.

Estimates Receivable.

By the Department of Water, Gas and Electricity, until Aug. 31, for furnishing, constructing and erecting triplex pumps and gas engines, with all appliances complete for high pressure fire service, at the Coney Island Sewage Disposal Plant, Neptune Av and West 12th st, Borough of Brooklyn.

UNION SQ.—Plans are ready for extensive improvements to the 4-sty store and office building, No. 10 Union sq, for the estate of Isaac C. Delaplaine, 11 William st. A 1-sty brick rear extension, 25x22.4, will be added, and a new galvanized iron and glass front, steel beams, skylights, wire glass and metal work, yellow pine posts, and partitions will be installed. Augustus N. Allen, 571 5th av, estimates the cost at $8,000. No contracts have been let.

BROADWAY.—The Thompson-Starrett Co., 49-51 Wall st, general contractors for the 12-sty bank and office building to be

erected on the northeast corner of Broadway and Beaver st, for the New York Produce Exchange Bank, from plans by Ernest Flagg, of 35 Wall st, are ready for estimates for the sub-contracts. Foundations are now being laid. No other contracts have been let.

SIMPSON ST, Bronx.—Adolph Wexler, builder, is taking estimates for his new buildings on Simpson st, near Freeman st. Plans and specifications can be seen at 1854 Morris av, near 176th st.

Contracts Awarded.

The contracts for the erection of the round-house, machine shops, boiler-rooms, and bunk and oil houses, for the Pennsylvania Railroad Co., at Greenville, N. J., have just been awarded to F. M. Stillman & Co., of 25 Exchange pl, Jersey City.

5TH AV.—Hoppin, Koen & Huntington, 244 5th av, have awarded to Edwin Outwater, 510 West 24th st, the general contract for alterations to the 4-sty and basement residence of Mrs. R. P. Flower, at No. 597 5th av. Plans call for rebuilding walls and partitions, and rearranging entrance and stoop. The cost is estimated at $7,000.

36TH ST.—Hoppin, Koen & Huntington, 244 5th av, have awarded to P. Gallagher, 11 East 59th st, the general contract for alterations to the 4-sty residence of Gerald Hoyt, at No. 28 East 36th st. Plans call for new partitions, bay windows, sidewalk vaults, skylight and vent shaft. The cost is estimated at $10,000.

BLEECKER ST.—Jacob A. Zimmermann, of the Sheridan Building, 36th st and Broadway, has secured from the owners the general contract to reconstruct the 7-sty and basement brick store and loft building, 70x90, on the southeast corner of Bleecker and Mott sts, from plans now being drawn by John Philip Voelker, 979 3d av. The work is estimated to cost about $40,000. It will include new cornice and new metal ceilings, some masonry, painting, and repairs to the freight elevators, plumbing, and lighting and heating apparatus. The main feature is to be a corner tower, 35 ft. high, with a 9-ft. clock, and a 65-ft. flag pole, with steel truss as base, spanning two piers of the building. The structure can be seen with its high clock tower from beyond West Broadway, as it stands at the point where Bleecker st bends to the northeast. Work is to be completed by Oct. 1st.

Bids were opened Tuesday, Aug. 16th, by the Aqueduct Commissioners, No. 280 Broadway, for furnishing, erecting and placing sluice gates, stop-cock and drain valves, with the necessary lifting machinery, ladders, floor beams, and plates, also pipes and special castings, etc., required at the new Croton Dam, in the town of Cortlandt, Westchester County, New York, as follows: John Fox & Company, 253 Broadway, New York, $103,827; Coldwell, Wilcox & Co., of Newburgh, N. Y., $87,320 (awarded).

POCANTICO HILLS, Westchester.—John E. Kerby, 452 5th av, New York, has awarded to the Murphy Construction Co., of 112 West 42d st, New York, the general contract to build St. Joseph's Normal College, at Pocantico Hills, Westchester County.

Dwellings.

BROOKLYN, N. Y.—Benjamin Driesler, 13 Willoughby st, has plans for fifteen frame, furnace-heated, 2-family dwellings, for the Edward Johnson Building Co., of 49th st and New Utrecht av, Brooklyn, same to cost about $75,000.

Hotels.

The Hotel Albert annex, northeast corner of University place and 10th street, has made great progress lately. The steel skeleton is finished, fireproofing is done, and the exterior walls are up through 9 stories. The property is owned by the Rosenbaum estate, and the new structure was designed by Messrs. Buchman & Fox, of 11 East 59th street. The first two stories are of Indiana limestone, while those above are of red pressed brick with trim of limestone. The design is pleasing and the building is a decided architectural improvement to University place. Much remains to be done, however, as the interior is still in a rough stage.

Factories.

Work has begun on the 9-sty addition to the factory of Henry Heide, on the southwest corner of Hudson and Vandam streets. The plot, 100x107.5½, has been partly excavated, plank retaining walls have been built, and caissons are being sunk for pier footings. It is a busy scene; steam engines are going and a large derrick is being erected for hoisting iron beams. It is estimated that the structure will cost $250,000. De Lemos & Cordes, 130 Fulton street, are the architects.

Miscellaneous.

On the southeast corner of North Moore and Varick sts, formerly the site of an old Public School building, a 3-sty hook and ladder house is progressing under the general supervision of P. J. Ryan, of 314 West 44th st. The front walls are rising through the second story, while the side and rear walls have almost reached the roof line. The material is Indiana limestone and red pressed brick. Plans were drawn by Alexander Stevens, architect to the Fire Department, 157 East 67th st.

Government Work.

MOUNT VERNON, N. Y.—A. Murray Jenks, of Mount Vernon, has plans ready and will receive bids for a 4-sty building, 22x65 ft., for George W. Engler, to be erected here.

PEEKSKILL, N. Y.—John E. Kerby, 452 5th av, New York, is making plans for a 4-sty brick, steel skeleton building, 68x130, to be built for the Rev. Father Curran, D. D., at South Division and 1st sts, Peekskill, N. Y., and to be called "The Guardian." It will contain in the basement a gymnasium and basketball court; on the 1st floor an assembly hall, 65x95, with stage, and a gallery; above will be class rooms, and lodge rooms for the Knights of Columbus and the A. O. Hibernians. A roof garden for recreation purposes will cover two-thirds of the area of the building. There will be shower baths, modern plumbing, steam heat, electric lights, and other modern improvements. The basement will be of stone and gray brick, while above will be red brick and terra-cotta. The excavating is now under way; no other contracts have been let. In the assembly hall no columnar supports will be used, the weight of the superstructure being carried by trusses with a span of 65 ft. Mr. Charles Franklin is preparing the drawings.

New Jersey.

PERTH AMBOY, N. J.—The Ira R. Crouse Construction Company has received the contract for the erection of a new house at Market and South 1st sts for Walter Hanson, of Madison av. It will be a 2-sty brick building, to cost $12,000, and will contain six flats, with all of the up-to-date improvements. The same company will build a 2-sty brick house on South 1st st for Peter Christiansen. It will cost $3,500. Near School No. 6 the firm will shortly start to build a 2-sty frame building for Anton Duschook, of North Amboy.

JERSEY CITY, N. J.—Joseph P. Hughes, of the house-moving firm of John M. Hughes & Sons, of Colgate and Montgomery sts, will shortly start the erection of a 2-sty and attic frame private residence on the south side of Bentley av, between the Boulevard and West Side avs. E. E. Quaife, 709 Grand st, is the architect.

NEWARK, N. J.—At the office of William K. Schoenig & Son, 418 Springfield av, plans have been drawn for a row of five 3-sty frame flats, to be erected on Chadwick av for Henry Hutter.

MERCHANTVILLE, N. J.—The J. S. Rogers Company, of Stanwicks, N. J., has a contract from Arnold H. Moses, architect, 136 South 4th st, Philadelphia, Pa., for a house of worship for the First Baptist congregation at Merchantville, N. J.

PATERSON, N. J.—President Joseph W. Congdon, of the Phoenix Silk Manufacturing Company, which owns the property on Van Houten st west of the Phoenix Mill on the raceway, formerly occupied by Joseph Nussey's machine shop, is having plans prepared for the erection of a silk mill 300 ft. long and four stories high, of modern fireproof mill construction. Contracts for erection will shortly be given out, as it is desired to have the building ready for occupancy this Fall.

JERSEY CITY, N. J.—F. J. Nies and L. J. Bush Company's engineers have prepared plans for the Lackawanna Railroad for the erection of a 1-sty frame pier. The pier will be 100 ft. wide and 400 ft. deep, and will be known as freight pier No. 5. It is estimated to cost about $200,000.

BAYONNE, N. J.—Arthur C. Longyear, 126 Liberty st, Manhattan, is preparing plans for a new police headquarters build-

ing, to be erected on Av C, corner of West 26th st, Bayonne, N. J.

JERSEY CITY, N. J.—Harry G. Rossell, Ocean and Carteret avs, Jersey City, is preparing plans for a modern 2½-sty frame house, to be erected on Gifford av, for H. & G. Brooks, of this city.

In Other Cities.

NEW HAVEN, CONN.—An addition to the Yale library is to be built. No plans yet, but it is probable that construction bids will be asked for this Fall.

ALBANY, N. Y.—Fuller & Pitcher, 95 State St., are reported to be preparing plans for an apartment house to be erected at 320 State St., for Wm. Sautter; probable cost, $40,000.

NORFOLK, VA.—It is stated that the largest marine barracks in the country is to be erected at the Norfolk Navy Yard. Brig.-Gen. Elliott, Commandant of the U. S. Marine Corps, has the matter in charge.

DETROIT, MICH.—It is stated that the congregation of the North Baptist Church, Woodward av and North Grand Boulevard, will erect an edifice to cost $50,000.

BALTIMORE, MD.—Permits are stated to have been issued for the following: (a) Store building, to be erected at 125 East Baltimore st, for W. H. Buckler, at a cost of $40,000. Wyatt & Nolting, architects; Chas. McCaul Co., contractors. Also for a structure to be erected at 104 West Baltimore st, for the Safe Deposit & Trust Co., at a probable cost of $25,000. Ellicott & Emmart, architects; Chas. McCaul Co.,, contractors.

BALTIMORE, MD.—It is stated that the Baltimore & Ohio R. R. Co. has prepared plans for the erection of an extension to their terminal warehouse at Camden Station. The structure is to be 8-sty, 50x416 ft., and cost about $250,000. D. D. Carothers, Ch. Engr.

BOSTON, MASS.—Applications and plans have been filed with the Building Commissioner for a block of two brick dwellings at Nos. 424 and 426 Beacon st, to cost about $100,000 each. Builders, McNeil Bros., 166 Devonshire st. Architect, J. A. Schweinfurth, 53 State st. Owner of No. 424, Ralph W. Williams, 55 Kilby st. Owner of No. 426, Mrs. Ruth W. Sears, 55 Kilby st. The block will be four stories, the exterior of brick and limestone. Each house will have a passenger elevator.

PHILADELPHIA, PA.—Brockie & Hastings, 328 Chestnut st, Philadelphia, Pa., have invited estimates from Appleton & Burrell, William R. Dougherty, James A. Bradin, J. R. Shirley, Charles Gilpin, Edwin Gilbert & Co., George L. Sipps, Doyle & Doak and the Charles McCaul Company for an addition to the Rush Hospital for Consumptives and Allied Diseases, at 33d st and Lancaster av. The plans provide for a 4-sty fireproof structure, of stone, brick and terra-cotta, to measure 166x59 ft. Bids are due on the 24th.

PHILADELPHIA, PA.—Ballinger & Perrot, 1200 Chestnut st, Philadelphia, Pa., have prepared plans and will invite estimates in a few days for alterations and additions to the building formerly occupied by Pedrick & Ayer Company, at 10th and Hamilton sts. The work will consist in adding two additional stories of slow-burning construction to the present building, 36x160 ft., and an additional building, 20x160 ft., with tower fire-escape and brick-enclosed elevator shaft. When completed the building will be occupied by the Union Storage and Transfer Company.

BALTIMORE, MD.—Bids are invited on a 5-sty warehouse, 110x97 ft., on the block bounded by Ellicott, Lombard, Water and Light sts, in Baltimore, for the trustees of the Johns Hopkins Hospital. Plans are by Parker & Thomas, with offices in the Union Trust Bldg., Baltimore.

WATERVLIET, N. Y.—The Masonic bodies of Watervliet have for some time been considering the advisability of purchasing a building site for a Masonic temple.

AUBURN, N. Y.—Brockway & Taylor, of Syracuse, N. Y., will receive estimates this week from contractors upon plans and specifications prepared for the construction of a large plant to be erected in Auburn by the Auburn Home Company. The plant will cost $40,000. The building is to be of skeleton mill construction with exterior walls of brick. The plans call for a building 80 ft. wide, 300 ft. long and two stories high.

BRIDGEPORT, CONN.—The plans for the proposed residence on Park av for Judge M. B. Beardsley have been returned to the architects, Rossiter & Wright, 95 Liberty st, New York, for revision. The matter of building will probably be postponed till Spring.

SYRACUSE, N. Y.—Within the next two months the construction of a new brewery at North Salina and Exchange sts will be commenced by Herman Bartels, Jr. Between $300,000 and $400,000 is to be invested in the plant, which is intended to be modern and first class in every respect. The Great Northern Brewing Company, which was organized two months ago by Mr. Bartels, will construct the plant. The equipment has been ordered.

CLEVELAND, O.—John Gill & Sons, 1404 Williamson Bldg., have the general contract for the block of the Guardian Trust Co., 108 Superior st, to be located on Euclid av, near Sheriff st, according to plans prepared by Architect J. Milton Dyer, 823 Cuyahoga Bldg. It will be a 12-sty structure, fireproof, of steel construction, granite and terra-cotta.

CINCINNATI, O.—Carpenter contract on German National Bank building was awarded to Griffith & Sons.

(Continued on page 422.)

Of Interest to the Building Trades.

All work on the Vanderbilt mansion at Oakdale has been suspended in consequence of the strike of the carpenters, plasterers and electricians. All other trades have been forced into idleness as they cannot proceed.

Plans have been completed by the Erie Railroad for the extensive improvements to be made to its terminal at Jersey City, and are now in the hands of the executives for their approval. The improvements in general contemplate the erection of large shops.

Messrs. Hoppin, Koen & Huntington, 244 5th av, have revised their plans for the new Police Headquarters to occupy the site of the old Centre Market, and they will shortly be advertised for bids. All figures tendered for the old plans were rejected as being in excess of the appropriation.

No bids came to the Aqueduct Commissioners, on August 16th, for building a highway bridge superstructure of concrete, steel, 200-ft. span, across the spillway of the new Croton Dam, in the town of Cortlandt, Westchester County, New York. Bids will be readvertised for shortly.

The small strikes now on in some of the schools will not amount to much, according to Supt. Snyder's statement, until the tie-up in the particular lines causes work in other branches to cease. This will occur in a great many schools in a short time, if the trouble does not cease.

The first of the Carnegie libraries in Brooklyn to be completed—that at 4th av and Pacific st—was this week turned over by the contractors to a committee representing the Carnegie Library Commission. It is a 2-sty and basement building, 80x85, with exterior walls of pressed brick and limestone.

A deficiency judgment for $52,875 was docketed this week against John McKelvey, builder, of 47th st, near 9th av, in favor of John Hardy, in consequence of the foreclosure sale of the Glenmore apartment house, at the northeast corner of 7th av and 55th st. Three other judgments, aggregating $4,666, were entered recently against Mr. McKelvey in favor of Mr. Hardy.

An addition to St. Vincent's Hospital has been started on the northeast corner of 7th av and 11th st. With the exception of one old 4-sty brick building, the site has been cleared, and excavating is under way. The new structure will be six stories high, of brick and concrete, entirely fireproof, and with some alterations to the existing building will cost about $250,000. Messrs. Schickel & Ditmars, of 111 5th av, are the architects.

Mr. Thomas W. Lamb, of 3-5 East 28th st, who is the architect for the alterations and improvements for Weber & Ziegfield's theatre, formerly Weber & Field's, at Broadway and 29th st, has elaborated his preliminary plans, and has designed an entirely new entrance on the Broadway front. The present store and window fronts will be removed and the entire width utilized as an attractive and commodious entrance.

On the southwest corner of West Broadway and 3d st, where the elevated road turns, old buildings are being demolished preparatory to the erection of a 12-sty store and loft building for Adolph Ode, of 419 West Broadway, from plans by Thomas W. Lamb, of 3-5 East 28th st. The site is one block south of Washington Park, and is not an initial improvement of this character for the neighborhood, though most of the rebuilding of this section has been east of this thoroughfare.

The opinion is being quite generally held by many of the leading material dealers in this and other markets that a material business revival during the coming Fall and Winter months is a decided possibility. During the earlier months of the year there was an apparent impending depression in general trade lines, and it is customary when a period of depression sets in to figure upon it lasting about as long as the period of prosperity, which it succeeds, but commercial and industrial conditions have so changed in recent years that the old basis for figuring out results no longer applies.

This week marks the completion of the Goldsmith building at Nos. 22-24-26 West 34th street, erected for the John Jacob Astor estate, by the Tidewater Building Co., from plans by Boring & Tilton. It is one of the new improvements that are now transforming the character and aspect of West 34th street. Its chief characteristic, besides the good workmanship of the builders, are its dignity, its harmony with its location and surroundings, and its atmosphere of airiness and brightness. The first two stories are of iron treated in the verde antique finish, with a marquise over the central entrance and over each of the end doorways. The upper stories are of cream brick, with terra cotta decorations, and the cornice is of copper in a classic design. On the interior each floor is an open, prism-lighted space with white walls and white column supports. As a whole it is a model for its kind.

D. & B.

There are countless monograms, but none so indicative of refreshing, wholesome travel as the "D. & B.," the famous water route connecting Detroit and Buffalo between twilight and dawn—the lake and rail route to St. Louis. Your railway ticket, if issued by the Grand Trunk or Michigan Central Railways, will be honored either direction.

CONVEYANCES.

Whenever the letters Q. C., C. a. G. and B. & S. occur, preceded by the name of the grantee, they mean as follows:

1st.—Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

2d.—C. a. G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

3d.—B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed covenants, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it. The street or avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

4th.—The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same only one is given.

5th.—The figures in each conveyance, thus, 2:482, denote that the property mentioned is in section 2 block 482.

6th.—It should also be noted in section and block numbers that the instrument as filed is strictly followed.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headlines are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

The first date is the date the mortgage was drawn, the second the date of filing; when both dates are the same only one is given.

Subscribers will find mortgages in this list with the wrong block number attached. The block number we give is taken from the instrument as filed.

Mortgages against Bronx property will be found at the foot of this list.

August 12, 13, 15, 16, 17, 18.

The Private Branch Exchange System of supplying TELEPHONE SERVICE is particularly adapted to the requirements of LARGE HOTELS and APARTMENT HOUSES

By means of a Private Branch Exchange the general telephone service, local, suburban and long distance, is available in every room and apartment. A complete interior service is also supplied, adding largely to the efficiency, and decreasing the cost of the hotel service proper. No modern Hotel or Apartment House should lack a

PRIVATE BRANCH TELEPHONE EXCHANGE

Buildings Projected in Other Cities.

(Continued from page 401.)

TUXEDO, N. Y.—Building operations are brisk. McCready & Finch have the following contracts: A $50,000 brick stable for Mr. J. Henry Smith; a 2-sty frame and brick cottage for Mr. Wm. B. Dinsmore, Jr.; a $13,000 frame stable for Mr. Le Roy Edgar; a $12,000 frame stable for Mr. E. S. Carr; an addition to the house of Mr. R. F. Cutting, and an addition to St. Mary's Episcopal Church, to cost $8,800, besides much other work. McCready & Finch are also just finishing up a lot of work on Senator Platt's country house at Highland Mills, and besides this are building a new church at Sloatsburgh and putting up a $12,000 store building at Suffern.

BALTIMORE, MD.—Parker & Thomas, architects, 612 North Calvert st, distributed plans for a large warehouse to be built by the Johns Hopkins Hospital at Light, Lombard, Ellicott and Water sts. The lot is of irregular dimensions, fronting 53 ft. on Light st, 80 ft. on Lombard st, 114 ft. on Ellicott st and 100 ft. on Water st. The structure will be built as a single warehouse. It will have a granite base and the walls will be faced with brick and terra-cotta trimmings. It will be five stories high. The following builders have been asked to submit estimates: Burnham & Wells, Morrow Bros., Brady & Waters, Tatterson & Thuman, the A. J. Robinson Company, John Cowan, Wells Bros.' Company, William Steele & Son, the Thompson-Starrett Company and Louis Havens & Sons.

TROY, N. Y.—Harmon Reade, of Troy, will erect a residence on 7th av. J. H. Ellis will build a fine residence on Pawling av. Theresa A. Waidemeyer will erect a dwelling at Park View, and Anthony Mairin will erect a residence on Hill st.

HARTFORD, CONN.—It is proposed to erect a $100,000 industrial building at Hartford. Mayor Henney has the matter in hand.

HAMDEN, CONN.—A new school will be erected by the Board of Education.

FULTON, N. Y.—A Carnegie library will be erected here.

MIDDLETOWN, CONN.—Frank Ladd will build a 3-sty addition to the Griswold House Inn.

TROY, N. Y.—Edward A. Burdett will build a 5-sty office building on Monument sq from plans by W. L. Woollett, of Albany, N. Y.

PEORIA, ILL.—Frank B. Hasbrouck was awarded the contract for the new building of the Dime Savings & Trust Co. The building complete will cost $100,000.

EASTON, PA.—Architects Seymour & Paul A. Davis, 3d, 907 Walnut st, Philadelphia, Pa., have plans about completed for a bank and office building at Easton, for the Easton Trust Co. Four stories, brick and stone, slag roof, steam heat, tile and marble work, plate and leaded glass, gas and electric fixtures, vaults and bank and office fixtures.

BOROUGH OF BROOKLYN.

CONVEYANCES

Whenever the letters Q. C. and C. a. G. are preceded by the name of the grantee, they mean as follows:

1st.—Q. C. is an abbreviation for Quit Claim deed, i. e., a deed in which all right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

2d.—C. a. G. means a deed containing a Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given and the amount. The general dates used as head lines are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

DYCKERHOFF PORTLAND CEMENT

is made in Germany. When first introduced in the United States, some twenty-five years ago, its superior strength, correct chemical composition and absolute uniformity were quickly appreciated and placed it above all other Cements in the market. The Dyckerhoff brand maintains the original superiority;—its perfection has not been approached by any other Cement.

JUDGMENTS.

In these lists of Judgments the names alphabetically arranged and which are first on each line, are those of the judgment debtor. The letter (D) means judgment for deficiency. (*) means not summoned. (†) signifies that the first name is fictitious; real names being unknown. Judgments entered during the week and satisfied before day of publication, do not appear in this column, but in list of Satisfied Judgments.
The Judgments filed against corporations, etc., will be found at the end of the list.

Galvanized Sheets

For Cornices

For all grades of sheet metal construction, Apollo Best Bloom Galvanized Sheets have no equal. They are soft and ductile, give readily to the tool, allowing graceful and close fitting joints and angles. The easy working character of the metal has made it a universal favorite with metal workers.

Every sheet is carefully inspected and is guaranteed strictly uniform in gauge and quality. They never buckle, warp nor break. Their utility and worth have won a merited reputation with architects, builders and owners. Best for all grades of work. For sale by all first-class metal houses. Sample, postpaid on request.

IF you do not settle this tin roofing question, it will settle you. Anything but the best tin is a compromise. It is "Taylor Old Style" or nothing if it is a question of the best roof.

N. & G. TAYLOR COMPANY
ESTABLISHED 1810
Philadelphia

"Rufus the Roofer" is a breezy booklet, in which the roof question is threshed out in a new vein. It will be sent to anyone on receipt of ten cents in stamps, and is worth more than that simply as entertaining reading.

"Entered at the Post Office at New York, N. Y., as second-class matter."

Vol. LXXIV. August 27, 1904. No. 1902

IT becomes more apparent all the time that the great cause which has recently been making towards higher prices in Wall Street has been the plethoric condition of the banks. They have had much more money to lend than they could find any profitable use for, and since good securities were comparatively cheap, it was inevitable that a speculative movement in the direction of higher values should take place. In as much as it was chiefly the scarcity of loanable capital which brought down securities with a crash in 1903, it is natural that abundant supplies of money should send them up again; but it must be remembered that easy money is not of itself a safe basis for a bull movement. It needs the support of general public interest, and this has not yet been aroused. The large cotton and corn crops will mean unusual withdrawals of money from the New York banks during the fall, and consequently the more careful scrutiny of loans in this market. Higher priced money would not make much difference, provided that there was a good general demand for stocks, as well as a professional one; but in the absence of any very considerable popular interest, a continuation of the recent advance would probably be succeeded later by a discouraging reaction. There is undoubtedly reason for a higher level of values than any which has yet been reached; but under the circumstances such a level ought to be approached slowly.

WHILE very few new buildings are at present in the course of construction on Washington Heights, yet a sufficient number will be started this fall to enable builders to test the demand next spring. The majority of these buildings are five-story flats, situated in the southern part of the district, and along the present well populated line of Amsterdam avenue; and this is only natural because a builder desires to be as safe as possible in risking his money in a comparatively unsettled district. But besides these five-story tenements, there are several six-story elevator buildings in the course of construction, situated in newer neighborhoods, and the success of these buildings will be watched closely by builders. Furthermore, there are or will be at least two rows of private dwellings under construction. This does not sound very formidable, but considering that these two rows will comprise almost half the number of private dwellings to be erected in Manhattan this year, these two rows have their significance. One of them is situated on a wide street in an unsettled neighborhood, and is composed of houses that could not sell for less than $30,000. The other is located near the bulk of the present inhabitants of Washington Heights, and each house is four stories high, is estimated to cost some $15,000, and cannot well sell for less than $25,000. It will be seen, consequently, that the first attempts to begin the erection of private dwellings on the Heights are looking towards a comparatively expensive rather than a comparatively cheap type of building. There seems to be no reason why a very large amount of building should not be started on the Heights during the coming spring. Money will be cheap, the city will have no existing excess of residential accommodations; and the Heights will be more accessible than the Bronx.

THE existing preference which the builders in the Bronx are displaying for tenements and flats to private residence suggests the desirability of their introducing a type of flat, which is much better known in the West than in New York. On the outskirts of all the larger western cities, there are being built three and four story apartment houses, intended for the use of comparatively well-to-do people. The three and four story tenements now being erected in the Bronx and Brooklyn are nearly all of them designed for the cheapest class of tenants, and no attempt is made to give the surroundings of these dwellings an attractive appearance. In the West, on the other hand, three and four story semi-suburban flat houses are frequently made extremely inviting to their tenants. They are surrounded by a comparatively spacious piece of ground, which is planted with shubbery, flowers and vines. The flats are carefully planned so as to afford not only the maximum of comfort, but interesting outlooks to the street and interesting vistas within. It frequently happens that each flat, occupying as it does, a whole floor, has a piazza of its own, and this feature while it does not add to the architectural propriety of the buildings, provides the tenants of the flat with an outdoor room, which adds enormously to their comfort during the hot weather. In short these flats really become an extremely attractive type of residence. They have none of the ordinary disadvantages of flats because the rooms are spacious, the surroundings are pleasant, and the occupation of a whole floor gives the tenant a sense of privacy not to be obtained in a better populated building. The whole idea depends, of course, upon the combination of comparatively cheap land situated in a comparatively good neighborhood—a combination not as yet to be discovered in many parts of the Bronx; but in a few years there should be plenty of land of this kind, and builders will find it profitable to adopt this western idea and improve upon it.

Some Aspects of the Existing Lockout.

FOR a number of reasons the fight which still continues between the Employers' Association and the Building Trades Alliance is of the utmost importance. Ordinarily a strike or a lockout has comparatively little significance except in relation to the object immediately sought, and whether or not the unions fail or do not fail to gain the recognition, the advance in wages, or the reduction of hours desired, the general situation so far as the relations between capital and labor are concerned is not appreciably affected. But the present lockout has not only all the immediate consequences of very considerable moment, but the victory either of the employers or of the alliance would have an important and a lasting effect upon the relations between the unions and their employers throughout the entire country. This is not only because the Employers' Association represents the building industry of the largest city in the United States, but because that Association is fighting for a principle, which is capable of being widely applied. A victory on its part will mean that an excellent principle will be much more firmly established than it is at present, while defeat would mean apparently that the method whereby American employers of well-organized labor can expect to run their business profitably will be by breaking the power of the unions. The struggle consequently will occupy an extremely important place in the history of the conflict between American capital and American labor, and its satisfactory solution in a victory of the Employers' Association would strengthen the forces all over the country, which are seeking to improve the relations between the employers and the employees.

It is natural that a decisive fight of this kind should take place in the building trades, and in the building trades of New York. The mechanics in the building trades are thoroughly well organized all over the country, and they occupy an extremely fortunate position in relation to their employers. In the first place there is comparatively little chance of dispensing with their services by means of the use of machinery, and the labor cost of a building is and will necessarily remain a very large proportion of its total cost. Consequently the increase of the wages paid to the mechanics of the building trades does not diminish the demand for his services as it may do in certain other industries. Furthermore, builders are very apt to grant these demands when it suits their convenience, because they know that they can get back what they surrender from the consumers of buildings. The general conditions which have made union labor in the building trades powerful and well paid receive in New York City, and particularly in Manhattan, a very peculiar application. Very large sums of money depend in New York upon the prompt and quick completion of buildings. The price of land is so high, and many of the buildings so big and expensive, that if a skyscraper is not completed by a certain date the delay may mean the loss of hundreds of thousands of dollars, and a similar state of things exists in relation to cheaper residential buildings. Such buildings do not consist of small private dwellings, involving the investment of very little capital, but of at least six story tenements, which ruin their builder unless they are completed by a certain date. The mechanics have been able to take advantage of these conditions, not merely to gain from their employers the highest wages paid in the country, but also in certain instances to extort from these employers large sums of money to the end that disastrous strikes might be called off. It was only certain unprincipled members of the unions which resorted to this last practice, but it be-

came sufficiently general to demand a drastic remedy as the disease would in time become fatal.

The arbitration agreement doing away with the power of the union officials to call arbitrary strikes was the result, and at the present time the Building Trades Alliance is confessedly fighting this agreement. It is not fighting for the cause of unionism or for that of a higher standard of living. It is fighting for the right to strike without consulting the employers and for the particular purpose of profiting by the injury inflicted upon them. The employers consequently are standing in a very real sense for the right to live industrially, while the alliance is standing for nothing more valuable than the right to prey upon its employers. In the present instance, however, the forces arrayed against the Employers' Association are not at all as strong as they were a year ago. If the Alliance contained all the unions employed in the building trades and if it were supported by the leaders of the so-called international organization, it would have a hard-furrow to plough, but some of the strongest of the unions have never joined the Alliance, and what is more important, these unions have not objected to the policy of the Association in forming new unions in order to fight the old unions. Thus the principle is pretty well established that the real union in any trade is the union which is recognized by the Employers' Association. If this principle can be made to prevail it will be worth a great many sacrifices, because the unions will come into existence as much by their acquiescence in the arbitration agreement as by the consent of their members. They will be tied tighter to the policy of industrial peace, and the patient adjustment of differences rather than to the policy of industrial warfare, and of arbitrary and sympathetic strikes. Not that the Record and Guide is sanguine enough to believe that even after another victory of the Employers' Association, the standing of the arbitration agreement will be beyond the reach of attack. It will not be beyond the need of defence for many years to come, during which time it will derive its authority chiefly from the strength of the Employers' Association, but in the course of time it will prove its own value and will make any returns to the old conditions as obnoxious to the mechanic as to his employer.

THE use of elaborate and expensive decorations on the walls of buildings devoted to business purposes is becoming more and more common all over the country. New York did not originate the practice, but the idea has been given some novel applications in this city. At least one bank in Chicago, Cleveland and Buffalo have had the walls of their general offices decorated, the Prudential Insurance Co., of Newark, has had some of the rooms of its home office adorned in the same way, and now the National Park Bank is adding to the attractiveness of the magnificent banking office in the new building by a series of mural paintings. Neither are banks and insurance companies the only wealthy business organizations which believe that this kind of an investment pays. The store of the Havana Tobacco Co. in the St. James Building has been decorated with a very lovely series of Cuban landscapes, and elaborate figure paintings have been lavishly applied to the walls of the New Amsterdam Theatre, and some economically to the ceilings of the new Empire. That the practice, which is thus prosperously begun will be continued there can be no doubt, and it looks very much as if the American painter of the next generation would derive the largest part of his income from the paintings which he will place upon the walls of public and private buildings. The danger is perhaps that the practice will be carried further than is strictly appropriate. There can, of course, be no question about the propriety of applying decoration to the walls of important and costly public buildings, and it is unquestionably a good thing that no such structure is considered complete without them. There also can be no question about their appropriate use in clubhouses and private dwellings. Neither is there any objection to adding in this way to the gayety of theatres and places of popular resort, although in such instances the practice can easily be overdone. But whether a bank should or should not spend its money in this way is certainly questionable. A bank is a business institution which lives upon the thrift of the community, and no matter how opulent it may become severe and thrifty surroundings are more appropriate than the lavish expenditure of money upon expensive materials and painted surfaces. Not even the excellent opportunities for unusual decorations, offered by a large domed banking office, evenly lighted from above, should betray the officers of a bank into spending money on a display, which whatever excuses may be found for it, is really an economic waste.

—The long strike of carpenters at Springfield, Mass., has ended in a victory for the employers, and the open-shop system is now in operation there. This strike, which lasted for fourteen weeks and seriously interfered with the building industries of Springfield, was peculiar in that although the strikers frequently invited their employers to meet them in conference, the invitation was always ignored, the employers holding that their striking workmen had no further claim upon or interest in their former positions; that is, simply, they consistently refused to recognize the latest trade-union doctrine that a union man has "a right to his job," whether it is his pleasure to do the job or leave it undone while he is supported in idleness by strike benefits. The Springfield journeymen not only lost every point they contended for, but are worse off than when they struck, so far as the "open shop" is to their detriment.

Loft Buildings in Better Favor.

NEARLY ALL DESIRABLE ONES FULLY OCCUPIED AND ON A PAYING BASIS.—VIEWS OF BROKERS.

Loft buildings are likely soon to rise higher in the estimation of investors, after a spell of neglect. Much more activity in that line than has been seen in several years is expected in the coming fall and winter months. It has not been the custom heretofore for tenants to come in August to have their leases renewed, but at least one firm of brokers report that they have had several such interesting visits this midsummer season, prompted no doubt by anticipations of a scarcity next February. It is to be said, however, that this new animation more particularly affects business buildings that have sites on the best thoroughfares or in preferred neighborhoods.

Considering that loft buildings as a class have not attracted investors for several years, that they have not been easily saleable, and that comparatively few are under construction, this new manifestation is probably one of the first signs within the circle of real estate, the first tree top to quiver for the coming breeze, indicating a return of confidence in general business which the superstitions of a Presidential year and the disturbances in labor circles had frightened away. Merchants, we know, are borrowing from their banks just as confidently as a year ago, in preparation for the fall trade; and, what is better, are borrowing more in the aggregate; and are being supplied with funds at four per cent. instead of six, which they paid last year. An analysis of last Saturday's bank statement discloses that the increase in loans came chiefly from mercantile banks, which is proof positive of direct borrowings by merchants. An increase of loans by commercial banks dominating the statement has not been seen before in a very long time, and it can signify no less than that mercantile interests have become assured, not only of a good trade after a harvest, but also of a prolonged activity in every dominant line of commerce and manufacturing.

Unite with this cardinal fact, which is the best news the Record & Guide can bring to the real estate interests this morning, the unfaltering tendency of things to make this city more and more a clearing-house for the whole country, for firms to have their names visible here, and for every important outside manufacturing concern to have a salesroom here, and at once you set up an action that must and will sustain a larger rate of construction of business buildings than is visible at the present time.

Leases for lofts on Broadway and in other preferred localities have terms of from three to five years, but lofts in old buildings, except such as have no particular advantage, run from year to year. One owner of Broadway property said this week that he should hereafter give no leases for longer than a year. Business firms of standing desire naturally to be identified with a particular building. To be long established in one place is an asset in their business, and when there is danger of losing preferred positions firms take means to protect themselves by leases for long periods. This inclination is a decided advantage for the owner; the property then requires but a little of his attention, and it can be depended upon for a definite income.

A loft building of the modern style is dignified, substantial and fireproof; it contains every facility to make the working day as comfortable as possible. In the preceding generation the term "loft building" brought to mind a great broad floor space, up several flights of narrow stairs, cobwebby, unplastered, unpartitioned. In the aggregate hundreds of modern loft buildings have been built along Broadway and adjacent thereto. Recent examples on the main thoroughfare are Nos. 656-8 Broadway, at the corner of Bond st, which contains twelve stories, and was erected by contractor Edward Corning, at a cost of over $200,000, from plans by Rossiter & Wright; the building at No. 682 Broadway, the southeast corner of Great Jones st, containing ten stories, and the twelve-story Singer building at Nos. 561-3, with a front adjacent to Prince st, which was designed by Ernest Flagg, and has been pronounced a "rational" skyscraper. Other loft buildings recently completed on Broadway are No. 476, an eleven-story structure, that runs through to Crosby st, built on the order of Henry Corn and designed by Robert Maynicke; the eleven-story building of the Bayard Realty Company, constructed by the George A. Fuller Company from plans by Arthur Bowditch, and finally the National Realty Company's building at Eleventh st, of which Mr. Birkmire was the architect.

All are creditable structures in design and workmanship, and

quite representative of new century construction in this class. The end of the century will scarcely produce types as far in advance as these are ahead of the "loft buildings" of the beginning of the nineteenth century.

THIS YEAR'S PLANS.

For the present year so far plans have been filed for only about twenty-five buildings in the loft class. Not one of them is intended for Broadway. At the northeast corner of William and Frankfort sts, J. W. and H. V. D. Black, owners, are erecting an eleven-story store and loft building from plans of Buchman & Fox, which will be partly of concrete composition, and will cost $150,000. At No. 278 Greenwich st the Surety Realty Company and Jackson & Stern are raising a six-story loft building on the site of the former Tarrant building (which was destroyed by fire) to cost $100,000. At Nos. 16 and 18 East 12th st the Middleboro Realty Company is spending $100,000 for a nine-story building. At the corner of Grand and Allen sts Goldman & Maltzman are erecting one of six stories, at an estimated cost of $80,000. On West Broadway, at the southwest corner of Third st, there is to be a twelve-story building, to cost $140,000. On Greenwich st, at the northwest corner of Dey, a twelve-story loft building, to cost $120,000, is under construction.

These are the principal loft buildings for which plans have come out this year. While it is yet too early to say much about the renting of loft buildings, information from a number of brokers handling this line of property in the section south of Fourteenth st leads one to believe that there will be comparatively little changing next February, the chief reason for this being that, as there will be so few new buildings finished the present year, there is no place for tenants to go to. Almost all desirable buildings are fully rented. The investor, who, as has been intimated, has been indifferent to loft buildings, is expected to soon take notice of these improved conditions.

AN OPERATOR'S VIEWS.

A prominent operator who has been long identified with the best class of loft buildings, said this week:

"I should judge that fewer loft buildings are being erected this year than customary, which is due to two principal causes: First, the inability of getting the material and labor problems properly settled. For the last two or three years it has been hard to undertake any construction with the assurance of its completion within the time specified. It naturally involves a large outlay of money, and a person going into it must be sure he will get a revenue when the renting season begins. Second, the mortgage market has been in an unfavorable condition, owing to Wall Street. From the investor's point of view, loft buildings are in better condition to-day than any other class of buildings in New York. Especially if you consider the main thoroughfares, and when I say 'thoroughfares' I mean Broadway. Renting values vary in the side streets, but never on Broadway, except that there may be variations in the rent of a store, but never in the lofts.

"I find that loft buildings are renting better than two or three years ago, and with the increasing scarcity, as compared with the demand, and the consequent steady increase of valuations, owners are disinclined to lease for long terms, and we ourselves will not give leases for more than a year at the present time. Nothing can be proved more economical than a loft building. As an investment, it is practically on the basis of a bond. The operation or running of it can be given out to contractors, who will keep it in repair, run the elevators and perform every necessary service for a certain sum per year, and so relieve the owner of all care. The tenants are always required to make their own repairs. Owners can, therefore, know almost to a certainty the net income they can depend on.

"And whatever the percentage may be from rentals, there is in addition a hidden profit of eight or ten per cent. which will come to the owners of property on the principal thoroughfares through the natural increase in value of the real estate of the city. No other city in the world is like New York in this respect. Its commerce is increasing in every direction, and not only is New York growing in one direction, but in every direction. Especially is New York getting additions from the South. As business opens up, the number of outside firms opening branches or offices here increases in number yearly. Everybody is coming to New York.

"I also wish to say this, that no bond in any corporation, no matter how strong the corporation, has the material value behind it that New York real estate possesses. There is no railroad mortgage, no corporation bond, that has the intrinsic value of New York real estate, the natural appreciation of which will always secure the investor and protect his investment.

"It may be true that 25-foot buildings, in certain localities, are out of style, or out of demand. While they may have deteriorated in some sections, they have at the same time advanced in others. A twenty-five frontage is not as good an investment in some parts of the city as in others, and, generally speaking, lofts of the larger size, of fifty, seventy-five or one hundred feet in width, are in greater demand, and return a better percentage, as the running expenses in a number of items are no more for a building twenty-five than for one fifty feet in width."

Mr. Lewis Harding's Views on the New Fireproof Ordinance.

Mr. Lewis Harding, the general contractor of 118 East 13th street, who is chairman of the Legislative Committee of the Building Trades Employers' Association, replying to an inquiry from the Record and Guide for his opinion in regard to the proposed amendment to Section 105 of the Building Code, requiring all buildings of a height exceeding 100 feet to be built fireproof in the same manner as buildings exceeding 150 feet in length under the existing law, writes:

"It is with some hesitancy I express my opinion in regard to the proposed ordinance to which you refer, for the reason that, being chairman of the Legislative Committee of the Building Trades Employers' Association, any expression from me at the present time might be considered as the views of that Association. The Association not having considered the subject or even the Legislative Committee taken the matter up, you can readily understand that my views are purely personal.

"I am of the opinion that the same interest is behind this amendment to Section 105 of the Building Code that advocated the two former amendments, of which the latter was vetoed by the Mayor a few weeks ago. The Employers' Association at the public hearing granted by Mayor McClellan, pointed out very clearly at the time the inconsistencies in the amendments at that time offered, to one of which the Mayor referred in his "veto." I do not wish to be understood as disapproving any measure that has for its sole object the safeguarding of life and property against loss by fire.

"I am of the opinion that the same selfish interest that originally had fireproof wood made a part of the requirements of the construction of certain kinds of buildings, when the Building Code was first enacted, is now the advocate of this amendment. As it was very clearly pointed out to the Mayor that any amendment to the Building Law should properly come from that Department itself, I would be led to believe that this fireproof wood industry had obtained the sanction of the representatives of that Department before having this measure introduced. That being the case, it seems to me, in all fairness to the builders, the Building Department should at least have given them an opportunity of expressing their views before giving its sanction.

"I think in that case the Employers' Association, as practical builders, might have pointed out a way by which Section 105 might have been amended, giving the same safety that is offered under the McCall amendment without making the cost of the building any greater than under existing Building Code. For instance, if this so-called fireproof wood is a retarder of fire (and it is conceded by all that it is a retarder for a time at least), there seems to be no good and sufficient reason why the underflooring and sleepers in a building should be treated by this fireproof process when it is necessary to entirely enclose it on the under side with cement concrete (surely fireproof), and on the top with finished flooring treated with this fireproof process.

"If the fireproof wood has the qualities that its advocates claim, it should certainly prevent fire from getting at the underflooring and sleepers and thus prevent its burning. The same reason would hold good in regard to door and window bucks—they also being enclosed on the one side with positively fireproof material and on the other three sides with this wonderful fireproof wood.

"But as a builder who does a simple contracting business, not being the owner and not having any money invested in building other than in a contracting business, it makes very little difference to me personally if the law should require a building ten feet high to have nothing but fireproof wood for its construction."

Death of William P. Seymour.

Mr. William P. Seymour, one of the oldest and most respected real estate brokers in New York City, died at his summer residence, at Stillwater, Saratoga county, on Saturday morning, August 20th, aged 80 years.

In 1859, Mr. Seymour entered the real estate business with a cousin namel Colonel Silas Seymour. After a few years he hired a little office in Cedar street from Mr. Loder, former president of the Erie road, and soon secured first class clients, such men as Griffith Rowe, William Raynor, and others who were speculators on a large scale for that day. Then he became acquainted with Duggin & Crossman, large speculative builders, and sold to them all the ground that they purchased, and also sold most of the houses which they built. About this time he secured such clients as George Kemp, Sidney Dillon, Amos Cotting, John D. Crimmins, Robert and Ogden Goelet, some of the Astors, William R. Stuart, Jay Gould, Washington E. Connor, Levi P. Morton, John Watson, E. S. Jaffrey, and many other men of this class.

Mr. Seymour was a contemporary of Ludlow, Morgan, Muller, Ely, Bleecker, and others who were the prominent brokers of that day. He made a specialty of Fifth avenue and adjacent property, always dealing in property that was first class in

every respect. Mr. Seymour was also interested in real estate with Sidney Dillon, H. O. Armour, E. P. Beach, Amos Cotting, and others. About 1879 he sold to Henry H. Cook the block bounded by 78th and 79th streets, and Fifth and Madison avenues. It is understood that he also had an interest in the property with Mr. Cook. He was instrumental in selling to Mr. Isaac V. Brokaw the northeasterly corner of 79th street and Fifth avenue. He sold to H. O. Armour his residence on the southeast corner of Fifth avenue and 67th street, and to the Goelets the property where their residences now stand, at 48th and 49th streets and Fifth avenue. He also sold the ground on which Dr. Hall's church was built, and many other properties of this kind. During his long career he probably sold more first class properties than any individual broker in New York City.

Mr. Seymour was highly respected by his clients and friends, being a man of great integrity, good judgment and great foresight in real estate matters. His office for the past forty years has been in the Benedict building, 171 Broadway. A daughter survives him. On May 1st of this year, Mr. Seymour retired from active life and gave his business to his nephew, Frank Seymour, who was associated with him for twenty-five years, and is a member of the firm of Seymour & Myers.

Gossip of the Week.

In almost every part of the market the week just past shows the smallest business for any one week since the first of the year. In the private sales market there are only seventy-four sales all told, fifty-four for Manhattan and twenty for The Bronx. At the Register's office there were filed a smaller number of papers than for any week this year, and in the auction market the number of properties offered and the amount realized was also the smallest. The one sale of any importance was the sale by the Morris family of the vacant plot at the northeast corner of Elm and Worth streets. It will be remembered that in June of this year the New York Life Insurance Co. purchased all but four parcels in this block, and it was said at the time that they were after the entire block. The present buyers, it is said, will build, which makes it look as if the Insurance Co. would not succeed in acquiring the whole block.

SOUTH OF 59TH STREET.

BROOME ST.—Samuel Wacht has sold to Rose & Co. the northwest corner of Broome and Ludlow sts, a 6-sty tenement, on lot 26.8x87.6.

13TH ST.—Polizzi & Co. have sold for Gordon, Levy & Co. 533 East 13th st, a 5-sty tenement, on lot 25x103.3.

OUT OF TOWN.

N. Brigham Hall & Son have sold for Peter Herche a tract of 66 acres, containing 800 city lots, situated on the New Jersey shore of the Hudson River, in the Township of Ridgefield, Bergen County, directly opposite Grant's Tomb and Claremont, adjoining Grantwood and Palisades Park, and extending eastwardly from the Bergen County Boulevard to the edge of the Palisades. The purchaser is Edward T. Flood, representing an out-of-town syndicate, and the property will be immediately plotted, graded, sidewalked, curbed, sewered, and a large amount of money expended in improvement and development on the lines of the successful projects adjacent thereto.

Nichols & Lummis have sold for Somerset Land Co. to George C. Smith, of the publishing firm of Street & Smith, 43 acres of land at Bernardsville, N. J. The property, which was at one time owned by the late George I. Seney, is situated on what is known as the Old Mendham Road, with frontages on Chestnut av and Seney drive, and overlooks the grounds of the Somerset County Polo Club. It is Mr. Smith's intention to remove the old buildings now on the land, and in their stead to erect a costly modern residence for his own occupancy.

L. J. Phillips & Co. have sold to Henry Morgenthau, Ernest Ehrmann and B. Hochschild a large tract in the Adirondacks. R. J. Donovan represented the seller, the Blue Mountain Land Co. The tract contains 5,000 acres of land, all cottage site property, surrounding Utowanna, Eagle and Blue Mountain lakes, having about forty miles of lake frontage. The Eagle's Nest golf course is on the property. The purchasers have formed a syndicate for the purpose of making a private park, erecting camps for their own occupancy, as well as selling some of the land to others as camp sites.

Real Estate Notes.

C. F. W. Johanning has leased for Bernard King to James Butler the store at 2077 8th av, for a term of years; and for the Frank & Goldsmith estate to Carl Mayer, 274 West 113th st, a 3-sty and basement dwelling, for a term of years.

The Central Realty Bond & Trust Company has repurchased the Real Estate Information Bureau of the United States Realty & Construction Co., and it is now installed in the former company's office, 59 to 65 Liberty st. These records were formerly the property of the old Real Estate Exchange, and were sold to the present buyers by the Exchange when it sold the old building at 59 to 65 Liberty st.

Mr. Louis Becker has returned to the city from the Catskill Mountains after an absence of two weeks; he has also leased for William I. Seamon 888 St. Nicholas av, a 3-sty dwelling.

Chas. E. Duross has leased the 3-sty and basement private house, 25 West 11th st, for Mrs. E. Harby to Arthur F. Townsend for a term of years.

At a meeting of the residents of Bronxwood Park, at the residence of C. D. Steurer, Architect Vaught was instructed to draw designs for a shelter station to be erected at the entrance of the park from White Plains av. It is also proposed to ornament the entrance to the park by erecting ornamental arches resting on piers at either side of the footwalks, to be surmounted with an inscription denoting the park.

The extensive improvements which Wm. Nilsson, the florist, and Fred. Schrader, owner of the hotel at 1st av and 233d st. have planned, will be in keeping with the transformation that is now undergoing through the construction of the viaduct.

Wm. P. Mangam and wife have left Maplewood, N. H., for Montreal, Canada.

Millard Veit leased to a client for a term of years for M. Kahn & Goldsmith the dwelling 266 West 113th st.

C. Tuoti & Co. have leased for the Minsker Realty Co. the two 5-sty double tenements, 335-337 East 97th st, for a term of five years, at an aggregate rental of $18,500.

Chas. E. Duross has rented the lofts in the building 850-852 Washington st, for William & James Carr to John L. Radermaker; also for Eveline Washburn and Virginia Hillis the 4-sty brownstone private house, 115 East 19th st, to Mrs. Emma Tripp.

D. Colucci & Co. have leased for Rosa Nicolosi to The Bank of M. & L. Jarmulowsky for three years at an annual rent of $1,860 No. 323 East 107th st.

William Prager, of Lowenfeld & Prager, will return to the city September 6 on the Kaiser Wilhelm der Grosse, after a three-months' trip abroad.

Philip Jeselson was in the city this week, but left on Friday for the Catskills, where he has been for a month.

Of Interest to Property Owners.

NEW LAW FOR PAYING ASSESSMENTS FOR LOCAL IMPROVEMENTS.

The amendment to the Greater New York Charter, printed below, which is of interest to property owners, was procured by Comptroller Grout in response to a general demand from property owners in the outlying Boroughs for relief from the provisions of the Charter. It provides for and allows payments to be made on account of assessments for local improvements in sums of $50, or multiples thereof. Such payments, of course, reduce the liability of the property owner and the interest penalty for non-payment. Property owners will not be slow to recognize their continued indebtedness to Mr. Grout for his liberal and businesslike administration of this important department of the city government.

CHAP. 597.

AN ACT to amend section ten hundred and nineteen of the Greater New York charter to allow payments to be made on account of assessments levied for local improvements.

Accepted by the city. Became a law May 4, 1904, with the approval of the Governor. Passed, three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section ten hundred and nineteen of the Greater New York charter as re-enacted by chapter four hundred and sixty-six of the laws of nineteen hundred and one, is hereby amended so as to read as follows:

§1019. If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said record of titles of assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon, at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien as provided by section one hundred and fifty-nine of this act, provided, however, that the officer authorized to collect and receive such assessment shall accept and credit as payments on account of assessments now or hereafter levied against any parcel or plot of property for local improvements in the city of New York, such sums of money not less than fifty dollars or multiples thereof in amount, as may be tendered for payment on account of any assessment now or hereafter levied for local improvements against any property.

§2. This act shall take effect immediately.

(Amendment underscored.)

Building in Brooklyn.

The building outlook in Brooklyn, and a fear of serious developments affecting operations in this city, has caused many builders to withhold their plans and await the outcome. Brooklyn architects, when seen by a representative of the Record & Guide this week spoke to this effect:

"The lockout and strike has affected Brooklyn building to a great extent. We expected that the boom in building would continue through the Summer, but the strike situation has put a brake on new operations.

"We are inclined to think that when matters are finally settled building will resume with a bound, and continue very active through the Fall and Winter. Two and three-family dwellings are to be the subject of greatest demand. This class of property is generally sold as fast as completed, and the scarcity of flats is greatly felt in spite of the two-family house popularity."

Master Plumders of Manhattan.

A large party of master plumbers will leave here on Friday evening, September 2, at 8 o'clock, over the Hudson River Railroad to attend the International Convention of Plumbers, at St. Louis, on September 6, 7 and 8. The following are the official delegates: A. W. Reynolds, I. O. Shumway, T. S. Cochrane, Jr., J. W. O'Brien, Jas. D. McEntee, L. H. Stroh, William Kirchof, E. J. McCabe, M. J. O'Brien, James Smith, W. J. McDermott, John Renehan, T. J. Cummins, T. A. Hill, Philip Brady, T. J. Tuomey, A. H. Brown, I. J. Brown, P. J. Andrews, B. F. Donohoe, E. J. Brady, Frank Reynolds, T. F. Gaynor, M. Schnaier, M. F. Donohue, J. F. Kelly, A. E. Jackson, J. F. Griffin, J. F. Barry, J. J. Delaney, Jno. Boyd, F. Lassette, J. W. Cooney, Chas. A. Walsh, Jas. P. Knight, T. F. McCaul, T. J. Byrne, Adam Huston, I. J. Barth, T. F. Byrne, W. P. Smale, J. J. Hannegan, S. Klein, Chas. Tricker, W. Young, J. F. Coyle.

A committee has made arrangements with the railroad companies whereby they have secured a special rate and the use of special cars. The party will first stop at Niagara Falls, and after breakfast will take a steamer across Lake Ontario for Toronto. After dinner they will return, making the trip from Niagara Falls to the lake on the New York Central Gorge Line, from which a good view of the Lower Rapids may be had. In the evening they will leave on the Michigan Central, for Chicago, where they will arrive at 9 o'clock on the morning of Sunday, September 4. The day will be spent in Chicago, leaving at 9 o'clock in the evening on the Illinois Central Road for St. Louis, which city will be reached at 7 o'clock on the morning of Monday, September 5.

Probuct and Appliance.

Since 1890 the Lawrence Cement Company has been manufacturing the "Improved Shield Cement," which is made from Portland rock, carefully selected and crushed to a uniform size for burning. The extreme fineness of the grinding gives capacity for a very large admixture of sand. The superior economy of such high grade cement always produces the best results. Users of the article readily appreciate this commendable quality. The aim of the company is to maintain a standard of 85 per cent. of fineness on a No. 200 sieve. The new and extensive cement plant is located in the heart of the Lehigh Valley at Siegfried, Pa., on the line of the Central R. R. of New Jersey. This tract adjoins the original site where the first cement mill in the valley was established in 1829. Architects and engineers interested in

the detail of manufacturing process, are invited to inspect the company's quarries, mills and laboratory. The company has just issued a handsome booklet.

Boston's large department store, controlled by the interests of which Henry Siegel is President, is to have the largest equipment of escalators (moving stairways) in the world. The contract has just been signed with the Otis Elevator Company for the installation of ten of these modern appliances. There will be two lines of escalators running between the basement and the fifth floor, five up and five down. By means of special mechanism the descending escalators can be reversed and utilized to carry patrons of the store to the upper floors in the extremely busy seasons.

Building Operations.

An 11th Ave. Improvement.

11TH AV.—Stephen A. Whisten, 859 6th av, has taken the contract for extensive alterations to the 3-sty building, No. 162 11th av. The present structure, which is occupied as an office, with dwellings, will be changed to a hotel at a cost of $22,000. A 4-sty rear extension, 25x40, will be erected, one story added to the main building and new iron columns, steel girders, beams, plumbing and fixtures, new brick walls, and partitions installed. T. L. Ogden and M. V. C. MacNutt, of 1904 Broadway, are the owners. Patrick G. Tighe, 262 10th av, has leased the premises, and W. D. Clark, of 1923 Washington av, has the plumbing contract.

Plans Ready for the Columbia College Chapel.

AMSTERDAM AV.—Howells & Stokes, of 100 William st, associated with McKim, Mead & White, 160 5th av, have plans ready for the $250,000 chapel for the Columbia University of the City of New York, which will be erected on the west side of Amsterdam av, 232 feet north of 116th st. The building will be 1-sty in height, 58.8x141.8 feet in size, a tile and concrete roof, steam heat, electric light, with an exterior of rubble stone, granite and limestone. The trustees of the college have offices at No. 63 Wall st. No contracts for the work have been awarded.

Balch, Price & Co., of Brooklyn, to Build.

SMITH ST.—Balch, Price & Co., merchant dealers in hats and furs, with headquarters at No. 376 Fulton st, Brooklyn, inform the Record and Guide that they have just purchased the old Smith mansion at No. 16 Smith st, formerly occupied by the local officials of the Police Department, as a site for building purposes. The old building will be torn down, and it is the firm's intention to construct a new structure in extension of the growing business carried on at their Fulton steet store. Up to the present, however, nothing definite has been decided just what kind of a building it will be. The selection of an architect has not been made.

Old St. Peter's Church to Be Improved.

BARCLAY ST.—William Henderson, of 1123 Broadway, has taken the general contract for $20,000 worth of improvements to old St. Peter's Roman Catholic Church, situated on the southeast corner of Barclay and Church sts, of which the Very Rev. James McGear, of No. 15 Barclay st, is rector. The general interior will be renovated, and a new foundation of brick will be installed for three marble and mosaic altars, with ferro concrete floors. The edifice is one of the oldest and first erected in Manhattan. A. O. Von Herbulis, with office in the Kellogg building, Washington, D. C., is the architect.

Is it Practical?

There has Never been a Dearth of Ideas in the World.

For example, consider the Records of the Patent Offices in Every Civilized Country; or if you like, read the Scientific and Trade Journals.

Plenty of Ideas there! What becomes of them all? What is lacking?

The Practical Sense—the Ability to Make an Idea Go.

The Old Egyptians had the "Nickel-in-the-Slot" Machine. The Breech-Loading Gun was first thought of Several Hundred Years ago. There isn't much that is Absolutely New except

The Practical Application. It is at that Point that Brains count most. One Hundred Men can make a Machine for the One who can Market it.

There have been from First to Last enough mere Good Ideas about Fireproofing to make all our Buildings as Incombustible as Asbestos, but our Structures still Burn, because the Thoroughly Practical System of Fireproofing had not been discovered until recently.

The System of Real Fireproofing was Devised and Put Upon the Market by One of the Oldest, Largest and Most Experienced Firms in the country connected with Building Operations. It was not the result of Ideas alone, but of Ideas directed and controlled by a Very Complete Knowledge of All the Big Architectural Work of the Modern American Period. Not a Single Practical Element was ignored or overlooked. Hence the Architect, Contractor and Owner has at last at his command not only

The One System of Real Fireproofing, but The One System of Real Fireproofing that is Thoroughly and in All Particulars—PRACTICAL.

51ST ST.—Robert J. Mahoney, 1133 Broadway, has received the contract from plans by Henry Ives Cobb, 115 Broadway, for extensive improvements to the 4-sty residence, No. 56 West 51st st, for Arthur D. Weeks, of 45 William st. The work will cost about $10,000, consisting of a 3-sty rear extension, 11x37 feet, new steel beams, piers, partitions, and vent shaft.

Government Work.

BUILDING.—Treasury Department, Office of the Custodian, U. S. Marine Hospital, Detroit, Mich., August 20, 1904.—Sealed proposals will be received at this office until 2 o'clock p. m. on the 7th day of September for the construction of an addition to the U. S. marine hospital building at Detroit, Mich., and installing plumbing fixtures. H. W. Austin, P. H. and M. H. S., Custodian.

HEATING.—Treasury Department, Office of the Supervising Architect, Washington, D. C.—Sealed proposals will be received at this office until 3 o'clock p. m. on the 8th day of September for the low pressure steam heating apparatus, complete in place, for the U. S. Post Office at Norwich, Conn.

DRY DOCK.—Proposals for Dry Dock will be received at the Bureau of Yards and Docks, Navy Department, Washington, D. C., to-day, for constructing a concrete and granite dry dock exclusive of pumping plant and caisson, at the Navy Yard, New York, as heretofore announced.

POWER HOUSE.—U. S. Engineer Office, Pittsburg, Pa., Aug. 3, 1904.—Sealed proposals for building a power-house at Dam No. 2, Ohio River, will be received here until 12 m., Sept. 2, 1904, then publicly opened. Information furnished on application. Wm. L. Sibert, Maj., Engrs.

CONSTRUCTION.—Bids were opened as follows by the Commandant of the Marine Corps for the construction of an office and storehouse at Philadelphia, Pa.: Cramp & Co., $86,900; Doyle & Doak, $99,000; Penn Bridge Co., $101,400; Charles McCaul, $88,249; Henderson & Co., $90,537; J. G. & A. L. Pennock, $89,757; E. Gilbert, $93,565; Roydhouse, Arey & Co., $85,998; A. B. Stannard, $99,850; C. Chambley, $97,900; A. Raymond Raff, $92,426; Wells Bros. Drawings can be obtained upon application to the architect, Mr. Ernest Flagg, No. 35 Wall st, New York.

Long Island.

COLD SPRING HARBOR, L. I.—Walter B. James, of Manhattan, whose estate here joins that of his brother-in-law, Walter Jennings, will erect an additional cottage, with squash court, on a site north of the present James home. It is to be 68x53 feet, three stories, and will contain twenty rooms. It will be of frame construction, stucco covered, to correspond with the rest of the buildings on the estate.

New Jersey.

PLAINFIELD.—Regarding the new high school, which is to cost $125,000, plans for which have been made by Herbert D. Hale, the plans have not yet been approved by the State Board of Education. The State law provides that the floor plans must show the arrangement of each desk in the class-rooms, and it is claimed that the plans do not show this. Another provision of the State law is that the light going into the class-rooms must cover 20 per cent. of the floor space. There seems to be some doubt as to whether this is provided for. Contracts will not be awarded until the State approves of the plans.

PASSAIC, N. J.—The Passaic Club is about to have a $10,000 addition built to its present building. The addition will include four bowling alleys, a large stage with dressing rooms, dining room, billiard room, steward's pantry and quarters, and will have steam heating, electric wiring, mantels, gas and electric fixtures and other improvements. Howard Westervelt is secretary and treasurer.

TRENTON, N. J.—Sam'l A. Brouse, of Trenton, has plans ready for bids for a church for St. Paul's German Evangelical congregation. One story, stone, slate and tin roof, tile work, stained glass, gas and electric fixtures, steam heat and pews.

SPRING VALLEY, N. J.—Herman Fritz, News building, Passaic, N. J., has plans for a school building, at Spring Valley. Brick and stone, slate roof, and equipped with warming and heating apparatus, to cost $21,000.

FAIRFIELD, N. J.—Estimates are wanted for a 5-room frame school building to be erected at Fairfield, N. J., to cost about $10,000. Herman Fritz, News building, Passaic, N. J., has plans.

PASSAIC, N. J.—The New York & New Jersey Telephone Co. has planned improvements in this city, to cost $35,000. New switchboards will be installed, lever call in place of bell call, and other improvements. Bids will now be received.

RUTHERFORD, N. J.—Bids are solicited for a 3-sty building for Mrs. E. A. Boeddicker. Frame, steam heat, hardwood floors, cabinet mantels and plumbing. Cost, $8,000. Herman Fritz, News building, Passaic, N. J., is the architect.

(For Other Cities, see page 463.)

Your Summer Outing.

A duty all people own themselves that they may live long and prosper, is to take a certain amount of recreation. CONVEYANCES.

Whenever the letters Q. C., C. a. G. and B. & S. occur, preceded by the name of the grantee, they mean as follows:

1st.—Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

2d.—C. a. G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

3d.—B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed covenants, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it. The street or avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

4th.—The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given.

5th.—The figures in each conveyance, thus 2:482—10, denote that the property mentioned is in section 2, block 482, lot 10.

6th.—It should also be noted in section and block numbers that the instrument as filed is strictly followed.

7th.—A $26,000—$30,000 indicates the assessed value of the property. The first figures being for the lot only, and the second figures representing both lot and building. Letter P before 2d figure indicates that the property is assessed as in course of construction.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headlines are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

The first date is the date the mortgage was drawn, the second the date of filing; when both dates are the same only one is given.

Subscribers will find mortgages in this list with the wrong block

number attached. The block number we give is taken from the instrument as filed.

Mortgages against Bronx property will be found at the foot of this list.

August 19, 20, 22, 23, 24 and 25.

JUDGMENTS

In these lists of Judgments the names alphabetically arranged and which are first on each line, are those of the judgment debtor. The letter (D) means judgment for deficiency. (*) means not summoned. (†) signifies that the first name is fictitious, real names being unknown. Judgments entered during the week and satisfied before day of publication, do not appear in this column, but in list of Satisfied Judgments.

The Judgments filed against corporations, etc., will be found at the end of the list.

The Private Branch Exchange System of supplying **TELEPHONE SERVICE** is particularly adapted to the requirements of **LARGE HOTELS** and **APARTMENT HOUSES**

By means of a Private Branch Exchange the general telephone service, local, suburban and long distance, is available in every room and apartment. A complete interior service is also supplied, adding largely to the efficiency, and decreasing the cost of the hotel service proper. No modern Hotel or Apartment House should lack a

Buildings Projected in Other Cities.

(Continued from page 445.)

CINCINNATI, O.—The Southern Railway Company (A. Stewart, M. E., Washington, D. C.) is reported to be considering the erection of a terminal at Commerce and Vine sts. The structure to be a 2-sty stone, brick, iron and steel building, and cost about $200,000.

CLEVELAND, O.—The contract has been awarded by F. L. Packard, architect, of Columbus, for the erection of the Infirmary building, at the Cleveland State Hospital, to R. H. Evans & Co., of Zanesville, O., the contract price $53,999. The structure will be two stories in height, of brick and stone, and will contain a number of retiring rooms, together with a large dining-room.

DAVENPORT, Ia.—The School Board has awarded to H. B. Walters, Danville, Ill., the contract for the construction of the new high school building at $191,270.

DAYTON, O.—The congregation of the First U. B. Church has purchased a site at Fourth and Perry Sts., for the erection of an edifice, to cost $50,000.

ELKHART, Ind.—W. J. McAlpine, of Dixon, has secured the contract for constructing the United States post office at this place, for $58,400.

EL PASO, Tex.—The Order of Elks are reported to have approved the plans prepared by Edward Kneezel for the erection of a lodge building to cost $65,000.

EVANSTON, Ill.—It is reported that the congregation of St. Mary's Church will erect a 3-sty brick parish house at a cost of $40,000. Father Smythe, pastor.

EVANSTON, Wyo.—E. Miller, of Minneapolis, Minn., has secured the contract for constructing the United States court house and post office at this place, at $149,300.

GIBSONVILLE, N. C.—The plans of Hook & Sawyer, of Charlotte, have been approved by the County Superintendent for a six-room school, to be erected here, at a cost of $40,000.

DELAWARE, O.—Architects Marriott & Hart, 165½ N. High st, Columbus, will receive estimates until September 6th on the construction of a brick and stone library for the city. Same will cost $20,000.

EAST CLEVELAND, O.—Architects Searles & Hirsch, 308 Electric Building, Cleveland, are revising plans for a 3-sty brick school to be erected on Euclid av and Prospect st for the Board of Education. Cost, $65,000.

GREENSBURG, Pa.—The foundations have been started on a 2-sty brick school being erected on Spring st for the Board of Education, from plans by W. G. Sloan. The following contracts have been awarded: General contract to Fair & Rowland, Liberty National Bank Building, Pittsburg; mason work to Augustus Remaley, and lumber to Fair & Keaton, Home Trust Building, Pittsburg. Cost, $25,000.

CHICAGO, Ill.—The contract for sub-treasury vestibules, vault doors, day gates, cashier's lockers, movable platforms and work incidental thereto in the new post-office building under construction at Chicago has been awarded to John Peirce, of New York and Chicago, at $17,339.

NEW HAVEN, Conn.—R. J. Hawken, of New Haven, has received the entire contract to build the new parish house and rectory to be erected at Lamberton st and Howard av, New Haven, by All Saints' Chapel.

HARTFORD, Ct.—Bayley & Goodrich have plans for a 4-sty brick industrial building, 320x50, with a rear ell 25x50 for stairway, elevator and storage. It will be of mill construction. A report submitted to the Mayor estimates the cost at $100,000.

PATERSON, N. J.—Charles Edwards is making plans for a 6-sty building to be erected at Market and Hamilton sts for the Silk City Trust Co. It is estimated to cost $200,000.

ROCHESTER, N. Y.—The Rochester Railway Company has just closed negotiations for the purchase of about five acres of land near the Glen Haven station on Main st East, to be used as the site for new car barns capable of holding 400 cars.

NEW HAVEN, Conn.—N. W. Bates will erect a house at the corner of Whitney and Rock avs, New Haven, to cost $9,000.

NEW HAVEN, Conn.—Richard Williams, of New Haven, has plans nearly completed for a new block to be erected in Water st, by Angelo Porto. It will be of brick structure, 35x56 feet, arranged for six tenements.

SARATOGA, N. Y.—The possibility of a casino at Saratoga, similar to that at Newport, before another season seems very probable, inasmuch as plans to that end are rapidly maturing. Subscriptions have already been made amounting to $110,000, of which Clarence H. Mackey has given $25,000, James R. Keene $10,000, John W. Gates $10,000, and Charles G. Gates $5,000.

BOSTON.—Eben D. Jordan has purchased two lots at the corner of Beacon and Clarendon sts, at the Back Bay. The present houses thereon will be removed, and a costly residence will be built on the site. The stables are to be remodeled to conform to the new house.

KINGSTON, N. Y.—Myron S. Teller has completed plans for the two new county buildings at New Paltz. They will be of brick, two stories high, and will cost $28,459.33. The administration building will be 42x64, and will contain public and private offices, dining room, kitchen, store rooms, and dormitories. The present buildings will be remodeled. Eugene F. Patten is chairman of the building committee. Contracts have been let as follows: De Graff & Hogeboom, masonry; John H. Hasbrouck & Son, carpenter work; B. Loughran, plumbing; L. F. Bannon, heating; E. R. Pease, electric work; Robert McKittrick, painting; Canfield Supply Co., metal work.

WASHINGTON, D. C.—John R. Pope, 1133 Broadway, New York, has plans for alterations to residence, at 1500 I st, N. W., Washington, D. C., of John R. McLean. About $50,000 will be expended.

WASHINGTON, D. C.—Contract for Thos. T. Gaff's residence, at 20th and Q sts, N. W., Washington, D. C., has been let to Richardson & Burgess, Colorado building. It will be of brick and stone, fireproof, have marble and iron work, heavy columns, tiling, hot water heat, etc. Bruce Price and J. H. De Sibour, 1133 Broadway, New York, N. Y., are the architects. The cost is placed at $100,000.

WASHINGTON, D. C.—W. S. Spencer, Atlantic building, Washington, has the contract for remodeling the residence of Judge C. C. Cole, at 1705 N st, N. W.

UTICA, N. Y.—The New York Radiator Co. has awarded a contract for an addition to its plant in East Utica. The structure will be of iron, including walls and roof. It will be one story in height and 72x72 feet in dimensions. The Belmont Iron Co., of Philadelphia, Pa., will have charge of the construction.

GENEVA, N. Y.—Only one bid has been presented for the new storage building of the New York State Experiment Station, and that was above the appropriation. The bidder is Charles K. Benjamin, whose bid is $5,100, while the appropriation for the building is but $4,500. The specifications will be altered and bids advertised for again.

NUNDA, N. Y.—Werdein & Railef, of Dansville, were the successful bidders for erecting the new school building and rebuilding the old one. Their bid was $8,475.94, which was the lowest.

ROCHESTER, N. Y.—Charles F. Crandall and John F. Strobel have completed plans for a 4-sty building to be erected for the American Fruit Product Co., of which Walter B. Duffy is president. The new building is to be of brick, and will be four stories and basement. It is to be of mill (slow-burning) construction. In size it will be 60x214, facing west on switches from the New York Central Railway. Gorsline, Swan & Rice have the contract for masonry, and Homer Knapp the contract for carpentry.

BUFFALO, N. Y.—Plans have been completed for an 8-room brick school to be erected on Clinton st. Estimated cost, $33 000.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given and the amount. The general dates used as head lines are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.
